Art is dangerous It is one of the attractions when it ceases to be dangerous you don t want it Duke Ellington Louis Armstrong once claimed that Every time I close my eyes blowing that trumpet of mine I look right in the heart of good old New Orleans It has given me something to live for This statement conjures an image which most anyone familiar with jazz music can recall Armstrong clutching his trumpet forcefully his eyes closed in a manner that distances him from his physical surroundings in favor of a perfect harmony between the man and his instrument As Armstrong alludes to in this remark this connection also speaks to the enduring influence of his New Orleans background which informed his musical style and indeed continued to live on through his music To be sure while performing Armstrong appeared lost in a reverie a condition that imbued his performances with a kind of mythical flair as if one were watching a man consumed by a moment of transcendence In other words if the music of Louis Armstrong produced an emotional response in the listener this invariably paled in comparison with the deep organic pathos he was able to produce through his music In 1956 Duke Ellington was featured on the cover of Time Magazine after a bravura performance at the Newport Jazz Festival that summer This remains one of his most iconic achievements and a landmark for jazz music as a whole only four jazz musicians were ever displayed on the cover of Time At the same time however this recognition stands as one of the prevailing ironies of Ellington s career as he was deep into the latter stages of his performing life by this point Indeed there is a way in which everything that Ellington had done up to that point in his career was obscured Put differently it is misleading to recognize Duke simply for his accomplished performance at the festival as one could justifiably argue that he transformed the very nature of jazz both its stylistic qualities and its cultural identity in his career up until this point While those two men became jazz s most famous performers others rose as legendary singers If Billie Holiday wanted to become a jazz singer she chose the best of all eras in which to attempt it A wave of great jazz and jazz pop crossover artists swept over the United States from the 1920s through the 1950s generating a golden age for the genre This wondrous jazz era was well represented by both black and white master artists men women vocalists and instrumentalists and Billie Holiday has stood the test of time as well as any despite struggling with an environment that easily could have doomed such aspirations Etta James the legendary jazz gospel rhythm blues and soul singer was perfectly positioned to reign as the supreme artist in the emerging soul genre of the 40s and 50s in America No one ever doubted her talent the highly distinctive and versatile nature of her voice or her drive to succeed and yet she has been woefully overlooked in the history of indigenous rock and blues music in the United States She is famous and

recognized for several iconic hits with which she is eternally associated such as I d Rather Go Blind and At Last but her place in the pantheon of great soul artists is unsteady and not always instantly recognizable by those outside of a knowledgeable group of devotees For the rest of soul music s listeners mention of her name will result in a hasty inclusion into the inner circle of leading artists as though James had been momentarily forgotten Once the object of focus however she is revered as one of the titans of the genre and those who had allowed her to slip from their minds are immediately reawakened to her powerful vocal and interpretive gifts The Great Jazz Guitarists Scott Yanow,2013-04-01 B W photos throughout
