

ENVIRONMENT

The Plains region has cold winters and hot summers. It is mostly a flat and featureless gradient with grazing herds of animals.

NATURAL RESOURCES

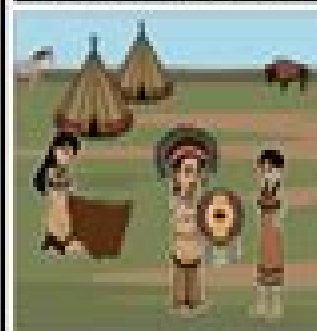

Plains had a plentiful supply of food, such as bison, and some planted crops like wheat for trading purposes. There were also horses, bison and other animals were gathered and in the ground being well understood.

HOUSES

Teepees were constructed of long poles held in a tall circle and covered with animal hides. They could be very large but were easy to transport for traveling. The interior was decorated with painted circles of daily life.

CLOTHING AND OTHER ARTIFACTS

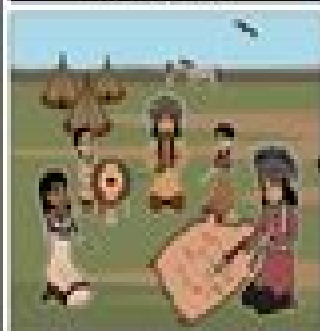

Native people made beautiful clothing, jewelry, tools, traps, quivers, hats, and shields. Shields were decorated with painted scenes to protect the warrior from enemy and were decorated with fur and feathers.

LOCATION

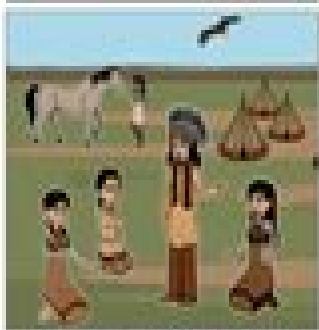

The Great Plains and Canadian Prairies region is an extremely large region that stretches from the Mississippi River to the Rocky Mountains from Texas through Canada.

TRADITIONS

Plains' important religious ceremony featuring horses that dance and also known as the Ghost Dance. Plains people used to wearing paragonies in their life.

FIRST NATIONS OF THE PLAINS

The First Nations of the Great Plains and Canadian Prairies include Comanche, Pawnee, Omaha, the Sioux, Salish, Lakota, and Dakota (Sisseton), Cheyenne, Shoshone, Kiowa.

NATIVE AMERICANS OF THE PLAINS

The Great Plains Environment And Culture

Jonathan Collett, Stephen Karakashian

The Great Plains Environment And Culture:

The Great Plains Frederick C. Luebke, Brian W. Blouet, 1999 **Archaeology on the Great Plains** W. Raymond Wood, 1998 This synthesis of Great Plains archaeology brings together what is currently known about the inhabitants of the ancient Plains The essays review the Paleo Indian Archaic Woodland and Plains Village peoples providing information on technology diet settlement and adaptive patterns **National Defense Migration** United States. Congress. House. Select Committee Investigating National Defense Migration, 1940 **Ecology and Human Organization on the Great Plains** Douglas B. Bamforth, 2013-06-29 **Greening the College Curriculum** Jonathan Collett, Stephen Karakashian, 2013-04-10 Greening the College Curriculum provides the tools college and university faculty need to meet personal and institutional goals for integrating environmental issues into the curriculum Leading educators from a wide range of fields including anthropology biology economics geography history literature journalism philosophy political science and religion describe their experience introducing environmental issues into their teaching The book provides a rationale for including material on the environment in the teaching of the basic concepts of each discipline guidelines for constructing a unit or a full course at the introductory level that makes use of environmental subjects sample plans for upper level courses a compendium of annotated resources both print and nonprint Contributors to the volume include David Orr David G Campbell Lisa Naughton Emily Young John Opie Holmes Rolston III Michael E Kraft Steven Rockefeller and others **Interstate Migration: Lincoln hearings, Sept. 16-17, 1940** United States. Congress. House. Select Committee to Investigate the Interstate Migration of Destitute Citizens, 1940 **Hearings** United States. Congress. House, 1940 *Colony and Empire* William G. Robbins, 1994 Popular writers and historians alike have perpetuated the powerful myth of the rugged individualist single handedly transforming the American West In reality William Robbins counters it was the Guggenheims and Goulds the Harrimans and Hearsts and the Morgans and Mellons who masterminded what the West was to become Remove the romance he shows and a darker West emerges a colonial like region where industrial statesmen aided by eastern U S and European capital manipulated investments in pursuit of private gain while controlling wage earning cowboys and miners Robbins argues that understanding the impact of capitalism on the West from the fur trade era to the present is essential to understanding power influence and change in the region Showing how global capitalism had a more profound impact on the modern West than individual initiative he explores violence and racism along the Texas Mexican border colonial style company towns in Montana and the Northwest contrasting traditions astride the U S Canadian boundary pace setting agribusiness and exploitation of labor in California the growing power of metropolitan centers and dependence of rural areas and the emergence of a sizable federal influence To grasp the essence of the West s dramatic transformation Robbins contends you must look to the mainstays of material relations in the region the perpetually changing character of political and economic culture the inherent instability of resources and the larger constellations of capitalist decision making

Consequently he shows shy Western success and failure prosperity and misfortune and expansion and decline were all inseparably linked to the evolution of capitalism at the local regional national and global levels In the tradition of Patricia Nelson Limerick s *Legacy of Conquest* Robbins s study challenges some of our most revered images of the West and invigorates the ongoing debates over its history and meaning for our nation **Comanche Society** Gerald Betty,2005-06-16

Once called the Lords of the Plains the Comanches were long portrayed as loose bands of marauding raiders who capitalized on the Spanish introduction of horses to raise their people out of primitive poverty through bison hunting and fierce warfare More recent studies of the Comanches have focused on adaptation and persistence in Comanche lifestyles and on Comanche political organization and language based alliances In *Comanche Society Before the Reservation* Gerald Betty develops an exciting and sophisticated perspective on the driving force of Comanche life kinship Betty details the kinship patterns that underlay all social organization and social behavior among the Comanches and uses the insights gained to explain the way Comanches lived and the way they interacted with the Europeans who recorded their encounters Rather than a narrative history of the Comanches this account presents analyses of the formation of clans and the way they functioned across wide areas to produce cooperation and alliances of hierarchy based in family and generational relationships and of ancestor worship and related religious ceremonies as the basis for social solidarity The author then considers a number of aspects of Comanche life pastoralism migration and nomadism economics and trade warfare and violence and how these developed along kinship lines In considering how and why Comanches adopted the Spanish horse pastoralism Betty demonstrates clearly that pastoralism was an expression of indigenous culture not the cause of it He describes in detail the Comanche horse culture as it was observed by the Spaniards and the Indian adaptation of Iberian practices In this context he looks at the kinship basis of inheritance practices which he argues undergirded private ownership of livestock Drawing on obscure details buried in Spanish accounts of their time in the lands that became known as Comancheria Betty provides an interpretive gaze into the culture of eighteenth and nineteenth century Comanches that offers new organizing principles for the information that had been gathered previously This is cutting edge history drawing not only on original research in extensive primary documents but also on theoretical perspectives from other disciplines **The Middle West** James R. Shortridge,1989 Shortridge cultural geography U of Kansas examines the idea of the Middle West relating the changing meaning of the term regional identity thepastoralism of the area Annotation copyright Book News Inc Portland Or

Reviewing **The Great Plains Environment And Culture**: Unlocking the Spellbinding Force of Linguistics
