of food insecurity This book provides a vision of a future whereby public control over the distribution of resources including food will eliminate food insecurity and other conditions that threaten health

The Politics of Food Sovereignty Annie Shattuck, Christina Schiavoni, Zoe VanGelder, 2018-07-26 Food sovereignty has been a fundamentally contested concept in global agrarian discourse over the last two decades as a political project and campaign an alternative a social movement and an analytical framework It has inspired and mobilized diverse publics workers scholars and public intellectuals farmers and peasant movements NGOs and human rights activists in the global North and South The term food sovereignty has become a challenging subject for social science research and has been interpreted and reinterpreted in a variety of ways It is broadly defined as the right of peoples to democratically control or determine the shape of their food system and to produce sufficient and healthy food in culturally appropriate and ecologically sustainable ways in and near their territory However various theoretical issues remain sovereignty at what scale and for whom How are sovereignties contested What is the relationship between food sovereignty and human rights frameworks What might food sovereignty mean extended to a broader set of social relations in urban contexts How do the principles of food sovereignty interact with local histories and contexts This comprehensive volume examines what food sovereignty might mean how it might be variously construed and what policies it implies This book was originally published as a special issue of the journal *Globalizations*

*The Everyday Politics of Food Co-ops* Celia Plender, 2025-05-01 National politics has a significant impact on organizing and accessing community welfare This book engages with notions of everyday politics within two London based food co ops emerging from different political environments and ideologies It provides a careful and engaging examination of the experiences of political and economic change in Austerity Britain revealing how national politics came to punctuate everyday lives within the co ops It highlights the political resonances that practices of care aid and community organizing came to have within the food co ops at a time of rapid welfare withdrawal as well as the tensions between more radical and neoliberal imaginaries that played out within them

*The Politics of Food Provisioning in Colombia* Felipe Roa-Clavijo, 2021-10-27 This book explores food provisioning in Colombia by examining the role and impact of the agrarian negotiations which took place in the aftermath of the 2013 2014 national strikes Most of the research in the field of agrarian studies in Colombia has focused on inequalities in land distribution the impacts of violent conflict and most recently the first phase of the peace agreement implementation This book links and complements these literatures by critically engaging with an original framework that uncovers the conflicts and politics of food provisioning who produces what and where and with what socio economic effects This analytical lens is used to explain the re emergence of national agrarian movements their contestation of the dominant development narratives and their engagement in discussions about food sovereignty with the state The analysis incorporates a wide range of voices from high level government representatives and leaders from national agrarian movements Their narratives of food provisioning and the broader role of the food industry are reviewed and the key findings show an underlying conflict within

food provisioning based on the struggle of marginalised smallholders to develop alternative agri food systems that can be included in the local and domestic food markets in the context of a state dominated by an export and import approach Overall the book argues that the battle ground of agrarian conflicts has moved to the field of food provisioning and using this approach has the potential to reframe the debate about the future of food and agriculture in Colombia and beyond This book will be of great interest to students and scholars of food and agriculture rural development peasant studies and Latin American Studies
