The Politics Of Human Services Radical Alternatives To The Welfare State

Judith G. Goode, Jeff Maskovsky

The Politics Of Human Services Radical Alternatives To The Welfare State:

The Politics of Human Services Steven Wineman, 1984 The Politics of Bureaucracy B. Guy Peters, 2018-04-19 Written by B Guy Peters a leading authority in the field this comprehensive exploration of the political and policy making roles of public bureaucracies is now available in a fully revised seventh edition offering extensive well documented comparative analysis of the effects of politics on bureaucracy Updates to this edition include All new coverage of public administration in Latin America and Africa with special attention paid to the impact of New Public Management and other ideas for reform An examination of the European Union and its effects on public policy and public administration in member countries as well as an exploration of the EU as a particular type of bureaucracy A renewed emphasis on coordination and the role of central agencies A thorough assessment of internationalization of bureaucracies and concerns with the role of international pressures on domestic governments and organizations in the public sector Coverage of the wide ranging impacts of the 2008 economic slowdown on public bureaucracies and public policies and the varied success of governmental responses to the crisis Drawing on evidence from a wide variety of political systems The Politics of Bureaucracy Seventh Edition continues to be essential reading for all students of government policy analysis politics and international relations Women in the American Welfare Trap Catherine Kingfisher, 2012-10-09 In the United States a majority of the poor and those who work with the poor are women Recipients of public assistance and the welfare workers who serve them are both trapped at the bottom of the American welfare system How do they perceive their place in society How do they assess their self worth in the hierarchy of a bureaucratic system In this ethnographic study of a welfare office and two welfare rights groups Catherine Pelissier Kingfisher addresses these issues in a thought provoking analysis based on the women s conversations with each other Women in the American Welfare Trap addresses a range of significant issues policy formation and implementation the role of men in women s economic lives low income women s beliefs and aspirations and the possibilities for women cooperatively working to change the welfare system Indeed Kingfisher demonstrates that women who are often viewed as victims without control actively work within the confines of the system to exert their autonomy **Confronting Injustice and Oppression** David G. Gil, 2013-08-27 More urgent than ever David G Gil s guiding text gives social workers the knowledge and confidence they need to change unjust realities Clarifying the meaning sources and dynamics of injustice exploitation and oppression and certifying the place of the social worker in combating these conditions Gil promotes social change strategies rooted in the nonviolent philosophies of Mahatma Gandhi and Martin Luther King Jr He shares suggestions for transition policies intended to alleviate poverty unemployment and discrimination and examines modes of radical social work practice compatible with the UN Universal Declaration of Human Rights and President Roosevelt s proposed Economic Bill of Rights For this updated edition Gil considers the factors driving two crucial developments since his volume s initial publication the Middle East s Arab Spring and the U S Occupy Wall Street movement **Illusions of Equality** Robert M.

Buchanan,1999 The residential schools for deaf students established in the nineteenth century favored a bilingual approach to education that stressed the use of American Sign Language while also recognizing the value of learning English But the success of this system was disrupted by the rise of oralism with its commitment to teaching deaf children speech and its ban of sign language Buchanan depicts the subsequent ramifications in sobering terms most deaf students left school with limited educations and abilities that qualified them for only marginal jobs He also describes the insistence of the male hierarchy in the deaf community on defending the tactics of individual responsibility through the end of World War II a policy that continually failed to earn job security for Deaf workers BOOK JACKET *Social Work in the 21st Century* Michael

Reisch,Eileen Gambrill,1997-02-05 I am enthusiastic about this publication it is an excellent manuscript well conceived well written and the contributors all appear to be very well qualified Philip Popple Western Michigan University This book will be helpful to you in teaching policy practice or introductory social work courses at the BSW or MSW level if you want to Generate stimulating discussion and debate among your students on how social work s roles are changing now and may change further in the future Expose your students to the thoughts and opinions of many of today s leaders in social work education in essays specially written for this volume **New Poverty Studies** Judith G. Goode,Jeff Maskovsky,2001 Stock market euphoria and blind faith in the post cold war economy have driven the topic of poverty from popular and scholarly discussion in the United States At the same time the gap between the rich and poor has never been wider The New Poverty Studies critically examines the new war against the poor that has accompanied the rise of the New Economy in the past two decades and details the myriad ways poor people have struggled against it The essays collected here explore how global national and local structures of power produce poverty and affect the material well being social relations and politicization of the poor In updating the 1960s encounter between ethnography and U S poverty The New Poverty Studies highlights the ways poverty is constructed across multiple scales and multiple axes of difference Questioning the common wisdom that poverty persists because of the pathology social isolation and welfare state dependency of the poor the contributors to The New Poverty Studies point instead to economic restructuring and neoliberal policy reforms which have caused increased social inequality and economic polarization in the U S Contributors include Georges Fouron Donna Goldstein Judith Goode Susan B Hyatt Catherine Kingfisher Peter Kwong Vin Lyon Callo Jeff Maskovsky Sandi Morgen Leith Mullings Frances Fox Piven Matthew Rubin Nina Glick Schiller Carol Stack Jill Weigt Eve Weinbaum Brett Williams and Patricia Zavella These contributions provide a dynamic understanding of poverty and immiseration North American Dialogue Vol 4 No 1 Nov 2001

Understanding the Nature of Poverty in Urban America James Jennings,1994-08-23 This book is designed to help readers navigate through the vast and rapidly growing literature on poverty in urban America The major themes topics debates and issues are examined through an analysis of eight basic questions about the nature and problem of urban poverty What is poverty and how is it measured What kinds of national policies have been utilized to manage poverty What are the major

characteristics and trends associated with poverty in America and how are race and ethnicity reflected in these trends What are the major explanations for persistent poverty in the United States What are the major characteristics and themes reflected in the American welfare system and anti poverty policies How is the underclass defined and explained How have the poor utilized political mobilization to fight poverty in the United States How does social welfare policy directed at poverty in America compare to social welfare systems in other countries After analyzing these issues Jennings concludes with a brief overview of how public discussions related to poverty in the 1990s are similar to such debates in earlier periods Essential reading for urban policy makers social scientists and students of contemporary American urban concerns **Critical**

Multiculturalism and Intersectionality in a Complex World Lacey Sloan,Mildred Joyner,Catherine Stakeman,Cathryne Schmitz,2018-06-01 Critical Multiculturalism and Intersectionality in a Complex World guides the reader through a process of critical self reflection that allows for examination of social identities biases and experiences of oppression and privilege Its exploration of the history sources mechanisms structures and current manifestations of oppression complimented by case examples with new stories from across the globe and guiding questions provides a framework for improving the ability to recognize confront and dismantle oppressions Deeper cultural patterns implicit biases and internalized negative perceptions are examined enabling readers to explore cultures that have different patterns values and behaviors while challenging their own biases about other cultures In addition to a focus on the USA this edition features added content on Brazil United Arab Emirates Canada South Africa Australia India and Kenya This new edition will appeal to all graduate and undergraduate students of the social sciences human sciences and humanities *Citizens, Experts, and the Environment* Frank

Fischer,2000-12-19 Claims that the problematic communication gap between experts and ordinary citizens is best remedied by a renewal of local citizen participation in deliberative structures **Continuities and Discontinuities** Andrew F.

Johnson,Stephen McBride,Patrick J. Smith,1994-12-15 Continuities and Discontinuities assesses the making of Canadian social and labour market policy in the context of two factors globalization and neoconservatism Specialists from a variety of fields and disciplines examine the relation between Canada s changing political economy and its social welfare and labour market policy These essays analysing continuities and discontinuities in policy emerged from research that initially was presented at the 5th Conference on Social Welfare Policy held at Bishop s University in 1991 and that since then has been revised to reflect the situation of the mid 1990s Part I introduces the three broad areas explored in the volume Part II addresses new trends in Canadian political economy and their relation to public policy Part III analyses social welfare policy Of the essays included several investigate the democratizing of the Canadian welfare state and controversies in the conception and definition of poverty Others address the AIDS crisis health policy and social policy issues that primarily affect women children and native peoples In Part IV recent Canadian labour market policies are investigated and appraised and alternatives suggested or evaluated One essay argues that employment security and high wages could generate high

productivity and international competitiveness another examines the impact of the growth in part time employment on the welfare state a third probes the relation of organized labour to a guaranteed annual income others investigate the impact of neoconservatism on labour market policy making in various provinces and regions Globalization and neoconservatism continue to shape change and require constant evaluation These thought provoking and informative essays are an important contribution to the ongoing debate on social welfare and labour market policy in Canada Democracy Unbound David B. Reynolds,1997 David Reynolds explains how grassroots activists are translating mass discontent into new people driven parties in America This is the first and only book to look beyond the superficial media coverage of Ross Perot to the real movement for fundamental change **Critical Psychology** Dennis R. Fox,Dennis Fox,Isaac Prilleltensky,1997-05-05 This broad ranging introduction to the diverse strands of critical psychology explores the history practice and values of psychology scrutinises a wide range of sub disciplines and sets out the major theoretical frameworks Advances in Policy Studies Since 1950 William N. Dunn, Rita Mae Kelly, This latest volume of the Policy Studies Review Annual series brings together leading policy scientists in a comprehensive review of the field s achievements since its professionalization some forty years ago If an advance is defined as an improvement in theory methodology information or practice how does the field measure up And what should its next goals be This unusual compendium of entirely new essays and articles helps to answer such questions On balance the contributors show the record is mixed Policy sciences draw on the theoretical foundations of many disciplines but have not themselves contributed theoretical advances We have more information but information in itself does not constitute an advance Despite improved interaction between academia and government it is difficult to identify new or better policies that have resulted On the other hand there have been impressive advances in methodology procedures for conducting inquiry that yield reliable and relevant policy knowledge In its candid assessment of trends controversies and unsolved problems this volume charts new directions for the policy sciences *The Politics of Social Services* Jeffry H. Galper,1975 A critical analysis of the political roles and impact of social services in the United States assessing their influence on the values structures and human behaviors underlying the present social order *The Science of Public Policy* Tadao Miyakawa,1999 **Journal of Sociology and Social Welfare** ,1987 Includes unpublished papers presented at the Division s meetings *Undoing Privilege* Professor Bob Pease,2013-04-04 For every group that is oppressed another group is privileged In *Undoing Privilege* Bob Pease argues that privilege as the other side of oppression has received insufficient attention in both critical theories and in the practices of social change As a result dominant groups have been allowed to reinforce their dominance *Undoing Privilege* explores the main sites of privilege from Western dominance class elitism and white and patriarchal privilege to the less examined sites of heterosexual and able bodied privilege Pease points out that while the vast majority of people may be oppressed on one level many are also privileged on another He also demonstrates how members of privileged groups can engage critically with their own dominant position and explores the potential and

limitations of them becoming allies against oppression and their own unearned privilege This is an essential book for all who are concerned about developing theories and practices for a socially just world

The Politics of Social Work Fred W Powell, 2001-05-25 The Politics of Social Work provides a major contribution to debates on the politics of social work at the beginning of the 21st Century It locates social work within wider political and theoretical debates and deals with important issues currently facing social workers and the organisations in which they work By setting the current crisis of identity social workers are experiencing in international context Fred Powell analyses the choices facing social work in postmodern society Fred Powell explores in this text contemporary and historical paradigms of social work from its Victorian origins to the development of reformist practice in the welfare state to radical social work responses to social exclusion the renaissance of civil society multiculturalism feminism and anti oppressive practice In conclusion he examines the options facing social work in the 21st century and argues for a civic model of social work based on the pursuit of social justice in an inclusive society

Social Welfare in Canada Revisited Andrew Armitage, 1996 This book under the title Social Welfare in Canada has been a standard text in the field of Canadian social welfare for twenty years In this completely revised and updated third edition Armitage examines the legacy of the welfare state in Canada and also explores an uncertain future for social welfare Many changes in the Canadian political and economic climate threaten the social safety net that has been developed since World War II the deficit burdens of federal and provincial governments the real possibility of Quebec's succession from Canada conservative and even reactionary government retrenchment in the social policy field as a means to cut deficits and to remain economically competitive in the face of globalization and North American free trade Armitage writes that the liberal vision remains capable of guiding a collective response to the economic and social policy changes of the twenty first century and emphasizes that both sets of challenges have to be dealt with together The foremost underlying theme here is a renewed conviction that Canadian society must become more just more tolerant and more humane despite political and economic pressures to the contrary While programs such as Unemployment Insurance Workers Compensation and retirement benefits which were designed for conditions 50 years ago must be thoroughly reappraised the situation of single mothers and their children and the growing number of children in poverty comprise the central challenge for social policy Social policy needs to be rebuilt from the bottom up and the bottom means the standard of living that is afforded to those who are worst off

Getting the books **The Politics Of Human Services Radical Alternatives To The Welfare State** now is not type of inspiring means.
