Department of the Army, 1965      **Nationalism and the Politics of Fear in Israel** Cathrine

Thorleifsson,2015-07-31 Kiryat Shmona located near the Israeli Lebanese border often makes the news whenever there is an outbreak of violence between the two countries In Israel s northernmost city the residents are mostly Mizrahim that is Jews descending from Arab and Muslim lands Cathrine Thorleifsson uses the dynamics at play along this border to develop wider conclusions about the nature of nationalism identity ethnicity and xenophobia in Israel and the ways in which these shift over time and are manipulated in different ways for various ends She explores the idea of being on the periphery of nationhood examining the identity forming and negotiating processes of these Mizrahim who do not neatly dovetail with the predominantly Ashkenazi concept of what it means to be Israeli Through in depth ethnographic observation and analysis Thorleifsson highlights the daily negotiation of Moroccan and Persian Jewish families who define themselves in opposition to Ashkenazi Jews from Russia and Central and Eastern Europe and the Druze Christian and Muslim Arab populations which surround them But this is not just an examination of differences and stereotypes which are continually perpetuated Instead Thorleifsson highlights the instances of inter marriage between Mizrahi and Ashkenazi Jews and what this means for the high politics of nationalist narratives as well as the everyday aspect of family dynamics But having done so she does also acknowledge that many of Israel s laws which deal with ethnic identity do result in discrimination and daily exclusion against a large number of its citizens something which reflects the ethnocratic character of the state By including all of these different aspects of the daily negotiation of identity in a northern town in Israel Thorleifsson offers a frank and balanced account of the nature of state nationalism and the people who are affected by it Covering an interesting aspect of Israeli society which is often overlooked this account of relations between both Ashkenazi and Mizrahi Jews and those between Mizrahi Jews and Palestinians is an important contribution to the study of Israeli and Middle Eastern societies *Historical Dictionary of Israel* Bernard Reich,David H. Goldberg,2008-04-25 Since its creation the State of Israel has been a magnet for attention A country beset by conflict in its region and faced with the need to integrate immigrants of disparate backgrounds into a modern and advanced state Israel has preoccupied observers scholars and journalists since its independence in 1948 Israel and its politics have been the subject of substantial and often highly partisan literature being hotly and vigorously debated both at home and abroad The second edition of the Historical Dictionary of Israel addresses the need in the literature on Israel for a comprehensive impartial information source about the various diplomatic and political personalities institutions organizations events concepts and documents that together define the political life of the Jewish state This is done through a chronology an introductory essay a bibliography and hundreds of cross referenced dictionary entries on significant persons places events government institutions political parties and battles as well as entries on Israel s economy society and culture **The Press and Politics in Israel: The Jerusalem Post from 1932 to the Present** Erwin Frenkel,2023-03-22 This book documents the interaction between the performance of a newspaper and the political conduct of a society Perhaps the telling of such a story might be a small step toward the larger understanding of press and politics

that still eludes us The political society at the center of this story is Israel the press is the Israeli press and the newspaper is The Jerusalem Post The story traces the decline of Israel s liberal secular ethos which paradoxically was accompanied by the rise of a more assertive and irreverent press It is a paradox within another the decline of a centralized party system dominated by an oligarchic elite committed to parliamentary democracy and its displacement by a free wheeling system of factions that pulls to the political Right Erwin Frenkel Preface to The Press and Politics in Israel The Jerusalem Post from 1932 to the Present This elegantly written thoughtful book manages to be history philosophy and personal document at the same time As a clear eyed observer he worked for the Jerusalem Post for almost 30 years and served as its editor for 13 of them Erwin Frenkel gives us an informal account of this English language newspaper from its founding in 1932 to the early 1990s against a background of the transformation of Zionism and Israel during these years and the changing relationship between press politics and public opinion in a free society This is a touching memoir by an acute unassuming highly intelligent man Congress Monthly

**Area Handbook for Israel** Harvey Henry Smith, 1970 Princeton Alumni Weekly, 1957

**The Forgotten Palestinians** Ilan Pappé, 2011-06-28 For more than 60 years hundreds of thousands of Palestinians have lived as Israeli citizens within the borders of the nation formed at the end of the 1948 conflict Occupying a precarious middle ground between the Jewish citizens of Israel and the dispossessed Palestinians of the West Bank and the Gaza Strip the Israeli Palestinians have developed an exceedingly complex relationship with the land they call home however in the innumerable discussions of the Israel Palestine problem their experiences are often overlooked and forgotten In this book historian Ilan Pappé examines how Israeli Palestinians have fared under Jewish rule and what their lives tell us about both Israel s attitude toward minorities and Palestinians attitudes toward the Jewish state Drawing upon significant archival and interview material Pappé analyzes the Israeli state s policy towards its Palestinian citizens finding discrimination in matters of housing education and civil rights Rigorously researched yet highly readable The Forgotten Palestinians brings a new and much needed perspective to the Israel Palestine debate

and the succession of rifts within the movement Concludes with an overview of the communist movement In Israel today Dr Rubenstein explains the virtual extinction of party influence on the current Israeli political scene **The Crooked Timber of Democracy in Israel** Dahlia Scheindlin,2023-09-18 A narrative chronicle of Israeli democracy that defines historic phases and follows thematic challenges to democracy including competition between religion and the rule of law the statist society and chaotic minoritocracy modern illiberal populism and the Israeli Palestinian conflict The comprehensive portrait exposes endemic flaws of democracy in Israel but also shows that Israel has considerable capacity and responsibility to fulfill the promise of democracy **A History of Modern Palestine** Ilan Pappé,2022-05-12 Now in an updated and expanded third edition this is a widely acclaimed history of Palestine centred on the experiences of everyday Palestinians

**Nation-Building and Community in Israel** Dorothy Willner,2015-12-08 The author approaches the intricate process of nation building in Israel through an examination of transformations which took place within a major development sector rural land settlement during Israel's first decade of statehood Based on four years of observation in Israel the study analyzes the ways in which this state worked out the urgent problems that confront a new nation and demonstrates in vivid ethnographic detail how the policies thus formed made themselves felt in particular communities The result is a clear picture of the interaction of national planning and the realities of village life in post statehood Israel and an original contribution to the anthropology of complex societies Originally published in 1968 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *Israel's Palestinians* Ilan Peleg,Dov Waxman,2011-06-06 Arguing that a comprehensive and lasting solution to the Israeli Palestinian conflict depends on a resolution of the Jewish Palestinian conflict within Israel as much as it does on resolving the conflict between Israel and Palestinians in the Occupied Territories this timely book explores the causes and consequences of the growing conflict between Israel's Jewish majority and its Palestinian Arab minority It warns that if Jewish Arab relations in Israel continue to deteriorate this will pose a serious threat to the stability of Israel to the quality of Israeli democracy and to the potential for peace in the Middle East The book examines the views and attitudes of both the Palestinian minority and the Jewish majority as well as the Israeli state's historic approach to its Arab citizens Drawing upon the experience of other states with national minorities the authors put forward specific proposals for safeguarding and enhancing the rights of the Palestinian minority while maintaining the country's Jewish identity *Interest Groups and Political Change in Israel* Marcia Dreznor-Tepler,2012-02-01 This book challenges the conventional view of Israeli politics as an ideological strong party system Focusing on three important and influential interest groups the Gush Emunim the Ihud kibbutz federation and the

Manufacturers Association Drezon Tepler presents a comprehensive view of Israel's society and politics. Integrated here are unpublished sources and material from personal interviews with prominent personalities including Prime Ministers Menachem Begin, Yitzhak Rabin, and Shimon Peres, and Minister Ariel Sharon. The book illuminates such current controversial topics in Israel as the influence of the volatile Gush Emunim, the country's chronically unstable economy, and the continued vitality of the kibbutz movement. Relevant beyond Israel's borders, this book enhances understanding of systems, groups, and change, presenting an original analytical framework of three models for group and party decision making within democracies.

Israel under Siege Raffaella A. Del Sarto, 2017-06-01. Raffaella A. Del Sarto examines the creation of Israel's neo revisionist consensus about security threats and regional order which took hold of Israeli politics and society after 2000 and persists today. The failed Oslo peace process and the trauma of the Second Palestinian Intifada triggered this shift to the right, conflicts with Hamas and Hezbollah, and the inflammatory rhetoric of Iranian President Ahmadinejad additionally contributed to the creation of a general sense of being under siege. While Israel faces real security threats, Israeli governments have engaged in the politics of insecurity, promoting and amplifying a sense of besiegement. Lively political debate has been replaced by a general acceptance of the no compromise approach to security and the Palestinians. The neo revisionist right, represented by Benjamin Netanyahu and the Likud, has turned Israel away from the peace process and pushes maximalist territorial ambitions. But they have failed to offer a vision for an end to conflict, and there has been little debate about whether or not the hardline policies toward the region are counterproductive. Del Sarto explains this disappearance of dissent and examines the costs of Israel's policies. She concludes that Israel's feeling of being under siege has become entrenched, and a two state solution with the Palestinians is highly unlikely for the foreseeable future, and Israel's international isolation is likely to increase. Del Sarto's analysis of this tense political situation will interest scholars and students of the Israeli-Palestinian conflict. Middle East Studies and International Relations.
