The Post Road A Play:

Travelling the Dutch East Indies Rick Honings e.a.,2022-12-14 In 1594 the first Dutch ships sailed to the East Throughout the seventeenth and eighteenth century almost five thousand ships were sent to the Dutch East Indies attracting a growing number of travellers with trade as one of the major incentives In addition to Dutch missionary ambitions progress and technological innovations not only fed the growing hunger for expansion but also stirred an appetite for adventure The hope for a life in welfare is mirrored in the growing numbers of passengers travelling East in the nineteenth century and the first half of the twentieth century At the same time Javanese travellers started to explore their homeland as well Travelling the Dutch East Indies not only offers a diverse picture of travel and a critical perspective on the colonial ideology with which it is associated but also shows how the collections of Leiden University Libraries can serve as a rich source for all kinds of historical research

The Plays of Beth Henley Gene A. Plunka,2014-11-18 Beth Henley s twelve complete plays three of which have been turned into films have achieved worldwide production At age 29 she produced her first full length drama Crimes of the Heart which won a Pulitzer Prize and garnered three Academy Award nominations as a film Her Mississippi upbringing and her penchant for the eccentricities of southern culture however have caused critics to categorize her writing as a kind of southern gothic folklore inspired by feminist ideology This book the first critical study of Henley s complete plays attempts to dispel the common stereotypes that associate Henley s work with regional drama and sociological treatises It argues instead that Henley can best be perceived as a dramatist who delineates an existential despair manifested in various forms of what Freud calls the modern neurosis The book maintains that Henley s plays must be understood as universal statements about the angst of modern civilization and Henley s characters are assessed in light of Freud s proposition that cultural restrictions create neurotic individuals The introduction provides a brief account of Henley s childhood and career Early chapters summarize the theory of the modern anguished espoused in Freud s Civilization and Its Discontents while later chapters relate this theory to thematic and stylistic elements of Henley s most popular play Crimes of the Heart as well as Am I Blue The Wake of Jamie Foster The Miss Firecracker Contest The Debutante Ball The Lucky Spot Abundance Signature Control Freaks Revelers L Play and Impossible Marriage

became head of this New Deal era jobs program in 1935 she envisioned a national theatre comprised of a network of theatres across the country A regional approach was more than organizational it was a conceptual model for a national art Flanagan was part of the little theatre movement that had already developed a new American drama drawn from the distinctive heritage of each region and which they believed would collectively illustrate a national identity The Federal Theatre plan relied on a successful regional model the folk drama program at the University of North Carolina led by Frederick Koch and Paul Green Through a unique partnership of public university private philanthropy and community participation Koch had developed a successful playwriting program and extension service that built community theatres throughout the state North Carolina along with the rest of the Southern region seemed an unpromising place for government theatre Racial segregation and conservative politics limited the Federal Theatre's ability to experiment with new ideas in the region Yet in North Carolina the Project thrived Amateur drama units became vibrant community theatres where whites and African Americans worked together Project personnel launched The Lost Colony one of the first so called outdoor historical dramas that would become its own movement The Federal Theatre sent unemployed dramatists including future novelist Betty Smith to the university to work with Koch and Green They joined other playwrights including African American writer Zora Neale Hurston who came to North Carolina because of their own interest in folk drama Their experience told in this book is a backdrop for each successive generation's debates over government cultural expression art and identity in the American nation
