**The 13th Cup** Kenneth Bonnell, 2015-05-24 Follow an early Christian family as it navigates the early Christian world of Roman rule Follow the generations of potters and vintners with their daily living activities and their travels from Israel to Spain and on to the New World with the conquistadors The family is sworn to protect and preserve the 13th Cup down through the generations Learn of its adventurous journey to its final resting place De Kooning John Elderfield, Willem De Kooning, Lauren Mahony, Jennifer Field, Delphine Huisinga, Susan Lake, 2011 This publication offers an unparalleled opportunity to appreciate the development of the artist's work as it unfolded over nearly seven decades beginning with his early academic works made in Holland before he moved to the United States in 1926 and concluding with his final sparsely abstract paintings of the late 1980s The White Friars Collection, Containing ... Songs, Etc, 1830 **Book Review Digest**, 1927 **Beneath Missouri Skies** Carolyn Glenn Brewer, 2021-05-15 The New Yorker recently referred to Pat Metheny as possibly the most influential jazz guitarist of the past five decades A native of Lee's Summit Missouri just southeast of Kansas City Metheny started playing in pizza parlors at age fourteen By the time he graduated from high school he was the first call guitarist for Kansas City jazz clubs private clubs and jazz festivals Now 66 he attributes his early success to the local musical environment he was brought up in and the players and teachers who nurtured his talent and welcomed him into the jazz community Metheny's twenty Grammys in ten categories speak to his versatility and popularity Despite five decades of interviews none have conveyed in detail his stories about his teenage years Beneath Missouri Skies also reveals important details about jazz in Kansas City during the sixties and early seventies often overlooked in histories of Kansas City jazz Yet this time of cultural change was characterized by an outstanding level of musicianship Author Carolyn Glenn Brewer shows how his keen sense of ensemble had its genesis in his school band under the guidance of a beloved band director Drawn from news accounts archival material interviews and remembrances to which the author had unique access Beneath Missouri Skies portrays a place and time from which Metheny still draws inspiration and strength *Playing with Things* Mary Weismantel, 2021-08-17 More than a thousand years ago on the north coast of Peru Indigenous Moche artists created a large and significant corpus of sexually explicit ceramic works of art They depicted a diversity of sex organs and sex acts and an array of solitary and interconnected human and nonhuman bodies To the modern eye these Moche sex pots as Mary Weismantel calls them are lively and provocative but also enigmatic creations whose import to their original owners seems impossible to grasp In *Playing with Things* Weismantel shows that there is much to be learned from these ancient artifacts not merely as inert objects from a long dead past but as vibrant Indigenous things alive in their own human temporality From a new materialist perspective she fills the gaps left by other analyses of the sex pots in pre-Columbian studies where sexuality remains marginalized and in sexuality studies where non-Western art is largely absent Taking a decolonial approach toward an archaeology of sexuality and breaking with long dominant iconographic traditions this book explores how the pots

play jokes make babies give power and hold water considering the sex pots as actual ceramic bodies that interact with fleshly bodies now and in the ancient past A beautifully written study that will be welcomed by students as well as specialists

Playing with Things is a model for archaeological and art historical engagement with the liberating power of queer theory and Indigenous studies

**Capitalism and Cartography in the Dutch Golden Age** Elizabeth A. Sutton, 2015-06-05 In Capitalism and Cartography in the Dutch Golden Age Elizabeth A Sutton explores the fascinating but previously neglected history of corporate cartography during the Dutch Golden Age from ca 1600 to 1650 She examines how maps were used as propaganda tools for the Dutch West India Company in order to encourage the commodification of land and an overall capitalist agenda Building her exploration around the central figure of Claes Jansz Vischer an Amsterdam based publisher closely tied to the Dutch West India Company Sutton shows how printed maps of Dutch Atlantic territories helped rationalize the Dutch Republic's global expansion Maps of land reclamation projects in the Netherlands as well as the Dutch territories of New Netherland now New York and New Holland Dutch Brazil reveal how print media were used both to increase investment and to project a common narrative of national unity Maps of this era showed those boundaries commodities and topographical details that publishers and the Dutch West India Company merchants and governing Dutch elite deemed significant to their agenda In the process Sutton argues they perpetuated and promoted modern state capitalism
