Critical Race Theory and the American Justice System Paul Zwier, 2023-02-27 When a trial lawyer stands before a jury to argue a case about a Black victim killed by a white person how should the lawyer best argue the case Critical race theorists CRTs are pessimistic that a white jury can set aside its own racism in judging the Black

victims actions and are skeptical of a jury's ability to fairly judge a white actor's motives Before the George Floyd and Ahmaud Arbery killings there was strong evidence The Innocence Project that the CRTs were right After all the prosecutors in the Ahmaud Arbery case were so convinced that a white jury in a Georgia county would not convict white vigilantes that they initially didn't even charge the killers with a crime However then back to back in both cases prosecutors prosecuted and the jury returned guilty verdicts They convicted Derrick Chauvin of murder They convicted Travis and Gregory McMichael and Roddie William Bryant of murder This book examines the how and why of these verdicts and asks whether they hold lessons vital to withstanding CRT challenges to the American justice system *The Scientist as Rebel* Freeman
