*The Case for a Debt Jubilee* Richard Vague, 2021-09-21 We were drowning in record levels of debt before the COVID 19 crisis and we are now deluged in it U S private sector loans have tripled relative to income since 1950 and government debt is also at an all time high Soaring debt burdens individuals stifles growth compounds inequality and brings falling living standards for millions Richard Vague s new book argues that contrary to mainstream assumptions we cannot simply hope that the trend will correct itself Mounting debt is a feature of our economic system not a bug debts perpetually grow and compound polarizing and impoverishing economies if not overtly dealt with He offers a detailed plan for how we can restructure a range of debts such as student loans auto loans medical debt and more and offer hard pressed debtors a jubilee now not in some utopian future Vague s bold polemic contains a wealth of ideas that will free millions from modern day debt peonage reduce inequality and bring new vigor to the economy as it struggles to emerge from the pandemic      **Colonial**

**Odysseys** David Adams, 2018-08-06 Works such as Joseph Conrad s *Heart of Darkness* and Lord Jim Virginia Woolf s *The Voyage Out* E M Forster s *A Passage to India* and Evelyn Waugh s *A Handful of Dust* explore the relationship between Britain and its colonies when the British Empire was at its height David Adams observes that because of their structure and specific literary allusions they also demand to be read in relation to the epic tradition The elegantly written and powerfully argued *Colonial Odysseys* focuses on narratives published in English between 1890 and 1940 in which protagonists journey from the familiar world of Europe to alien colonial worlds The underlying concerns of these narratives Adams discovers are often less political or literary than metaphysical in each of these fictions a major character dies as a result of the journey inviting reflection on the negation of existence Repeatedly imaginative encounters with distant uncanny colonies produce familiar insular presentations of life as an odyssey with death as the home port Expanding postcolonial and Marxist theories by drawing on the philosophy of Hans Blumenberg Adams finds in this preoccupation with mortality a symptom of the failure of secular culture to give meaning to death This concern in his view shapes the ways modernist narratives reinforce or critique imperial culture the authors project onto British imperial experience their anxieties about the individual s relation to the absolute

relinquished the title of emperor in 1947 The imperial cities of Berlin Paris Vienna and New Delhi bear witness to vanished empires Using a wide range of source Projecting Imperial Power explains the imperial ambition behind these imperial cities It discusses how the empires and their rulers are remembered today by examining how the imperial statues that were erected in huge numbers in the second part of the period are treated today and how this demonstrates the contested place of emperors in national cultural memory The Report: Ghana 2013 Oxford Business Group,2013-09-27 Economic growth has been extremely robust following the country s discovery of oil in 2007 reaching well into the double digits and driving a boom in consumption and investment The discovery in Ghana s offshore Jubilee field in 2007 represented something of a turning point in the country s economic trajectory Followed by growth rates that at one point reached above 14% as well as a GDP re basing that improved the accuracy of its reporting the country has moved up into lower middle income status As a result of its recent economic surge and stable environment investment levels have continued to rise as companies both foreign and domestic are eager to capitalise on the country s wealth of natural resources and growing middle class There have been challenges as public spending comes under pressure and commodity exports remain exposed to exogenous shocks but the economy s fundamentals are encouraging *Life Rules* Ellen LaConte,2012-09-01 Corporate capitalism has ravaged the planet the way HIV ravages the human body triggering a Critical Mass of cascading environmental economic social and political crises Economic and climate instability collapsing ecosystems peak fossil fuels and devastating resource wars if Earth were a patient her condition would be critical Life Rules offers a comprehensive analysis of our present circumstances combined with a holistic treatment protocol for restoring health to vulnerable human and natural communities Predicting that Life will last but if we don t make some fundamental changes life as we know it and a lot of us won t Life Rules identifies natural laws that have allowed non human communities to thrive and prosper for several billion years including Local self reliance Mutual interdependence Reliance on non fossil sources of energy Resource conservation sharing and recycling Co operation and co intelligence Radically democratic self organization and governance This sobering yet essentially optimistic manifesto is required reading for anyone concerned about our ability to live well and also within Earth s means A powerful tool for community transition and cultural transformation Life Rules offers a solution to our global challenges that is at once authentically hopeful deeply inspiring and profoundly liberating **Endtime Messages for the Bride of Christ** Deva Evu Lawrie,2017-06-06 The Christian world is awaiting the Second Coming of Christ to take the Bride of Christ with him in glory which we call Rapture There are many explanations from various quarters The First Coming of Christ is past The Third Coming will take place when Christ the son of David comes down on the Mount of Olives to rule the earth for a millennium The Second Coming is on The author Bro Deva Evu Lawrie had had an experience of peace with God early in life at the age of eight He had been a keen observer in the ministry of his father He was a student of the famous Madras Christian College Tambaram Chennai He became a full time minister of religion when he was eighteen He had been working with his dad since

then There was a great turning point when his dad Bro Paulaseer Lawrie was preaching at Chicago USA He had a great experience of God coming down into him when man first landed on the moon on July 20 1969 The sky opened and he could see and feel a great and terrific power enter into his life Luke 3 2122 In these pages Bro Deva Evu Lawrie the author shows that most of the prophecies and things concerning the Second Coming have been fulfilled in the ministry of Bro Paulaseer Lawrie of India He cites mostly from the Holy Scriptures He wants the readers to go through the book carefully so that they do not miss the glory that God had foreordained for us in this generation Address Lawrie Ministries 70 Main Street Gandhinagar827008 Tirunelveli City Tamil Nadu India Phone 91 462 2330770      **Rumors of Resistance** Amanda C.

Miller,2014 Introduction Hidden transcripts models of empire and the gospel of Luke The context of Luke and his reading communities Mary the Magnificat and the powers that be The Nazareth proclamation nuancing resistance The Parable of Lazarus and the Rich Man reversal now or later Conclusion      **The Irish ecclesiastical record** Irish ecclesiastical record,1875      Sovereignty and the Sacred Robert A. Yelle,2018-11-26 Sovereignty and the Sacred challenges contemporary models of polity and economy through a two step engagement with the history of religions Beginning with the recognition of the convergence in the history of European political theology between the sacred and the sovereign as creating states of exception that is moments of rupture in the normative order that by transcending this order are capable of re founding or remaking it Robert A Yelle identifies our secular capitalist system as an attempt to exclude such moments by subordinating them to the calculability of laws and markets The second step marshals evidence from history and anthropology that helps us to recognize the contribution of such states of exception to ethical life as a means of release from the legal or economic order Yelle draws on evidence from the Hebrew Bible to English deism and from the Aztecs to ancient India to develop a theory of polity that finds a place and a purpose for those aspects of religion that are often marginalized and dismissed as irrational by Enlightenment liberalism and utilitarianism Developing this close analogy between two elemental domains of society Sovereignty and the Sacred offers a new theory of religion while suggesting alternative ways of organizing our political and economic life By rethinking the transcendent foundations and liberating potential of both religion and politics Yelle points to more hopeful and ethical modes of collective life based on egalitarianism and popular sovereignty Deliberately countering the narrowness of currently dominant economic political and legal theories he demonstrates the potential of a revived history of religions to contribute to a rethinking of the foundations of our political and social order
