*The Power of Positive Thinking in Business* Scott W. Ventrella, 2001-06-24 One of the most powerful forces in business today is the positive psychology movement overcoming self defeating attitudes and developing our talents and positive traits Much of the new thinking in fact stems directly from the concepts in Norman Vincent Peale's great classic bestseller The Power of Positive Thinking which has been translated into forty two languages and has sold over 22 million copies Now after years of extensive research and field testing working in cooperation with the Peale Center and major corporations nationwide Scott Ventrella has adapted those concepts into a systematic program for people in business to achieve greater levels of personal and professional performance The Power of Positive Thinking in Business provides a practical way for each of us to develop and actually strengthen the ten traits of a positive thinker Inevitably our performance rises to new levels when we learn how to overcome negative attitudinal barriers such as fear lack of self confidence and low self esteem and instead develop the traits that characterize a positive thinker optimism enthusiasm belief integrity courage confidence determination patience calmness and focus The Power of Positive Thinking in Business encourages us to concentrate on objective rational thinking instead of self limiting beliefs and negative self talk The result is an increased ability to deal effectively with tough situations and difficult people in both business environments and personal lives Together rational thinking and the ten traits of a positive thinker can turn defeatist behavior into productive actions that will overcome the toughest of challenges with powerful positive results Best of all these practical yet powerful concepts are applicable to businesspeople at all levels disciplines and functions within an organization and have been adapted to appeal to people of all faiths

**Positive Thinking: Self help: Discover the Power of Positive Thinking and Change Your Mindset to Become an Optimist (Using The Power of Belief to Destroy Negativity)**

Jerome Wise, Positive thinking is the best and most powerful tool you can have to achieve happiness and success Research studies confirm that it brings about happiness health success inner peace improved relationships and longevity It makes your

life easier richer and more fun It is also contagious People around positive people become positive themselves and very soon the whole place is a great place Unfortunately many are not able to use this wonderful force because they are bogged down by negative thinking which does the exact opposite You need to change your mindset to positive if you want to experience and achieve happiness and success in your life What do you usually do when you are bombarded with a lot of challenges in your life Do you easily give up and stay in the corner cursing and blaming the universe for your problems Do you depend on your vices just to cope up with the stress of it all Or you simply shut other people out of your life and live in your own dark and dramatic world When facing problems do you then feel that there s no escape and you wish that you could magically be gone in an instant If that s the case then you seriously need to reboot yourself start thinking positively and live life extraordinarily You are about to discover how to Become a happier more centered and positive person Reduce stress and anxiety Experience a period of calm that can open new doors to self awareness each day Let go of the negative thoughts and emotions holding you back Become actively aware of your mental and emotional state Reject negative thoughts and emotions Much more Simply scroll back to the top and press the Buy Now with 1 Click button to get your copy today *The Power of Positive Thinking* B.
