The Power Of The Prime Minister:

The Power of the Prime Minister Humphry Berkeley, 2024-10-01 Originally published in 1968 the theme of this book is the decline of the influence of the House of Commons in general and the rise in particular in the power of the Prime Minister The author looks behind the myths of how our constitution operates to describe what was actually happening in practice in the 2nd half of the 20th Century The book highlights the way in which the Commons was failing to check and control the executive It also makes valuable suggestions which have since been adopted to set up specialist committees to consider the principal political issues of the day and how the House of Lords might be reformed *The Power of the Prime Minister* Humphry Berkeley, 1970 *HC 351 - Role and Powers of the Prime Minister* Great Britain: Parliament: House of Commons: Political and Constitutional Reform Committee, Great Britain. Parliament. House of Commons. Committee of Public Accounts, 2014-06-24 Many of the Prime Minister's powers are obscure prerogative powers which are not well understood or defined More of these prerogative powers should be codified in statute to make them more transparent and increase accountability to Parliament Government should also consider consolidating the existing Prime Ministerial powers in one place the way the role has evolved means there is no single and authoritative source of information on the powers There is widespread agreement that the Prime Minister's role has increased in recent decades including in policy making Coalition government has to some extent constrained the powers of the Prime Minister but this might not persist under single party government The need for support by a majority of Members of Parliament and the Cabinet acts as a check and balance on the Prime Minister However these political mechanisms are not effective on a day to day basis The Liaison Committee has the potential to be a very effective mechanism for Parliament to hold the Prime Minister to account and should continue to improve the way it works The Government should consider a role for Parliament in the investiture of the Prime Minister or the Government after a general election Some consider that accountability of the Prime Minister would be strengthened by direct election by the public US style The Government could also consider the creation of a combined Department for the Prime Minister and the Cabinet with a departmental Select Committee specifically to scrutinise that Department **The Last Prime Minister** Graham Allen, 2017-02-14 Echoing Mahatma Gandhi's comment on Western civilization Graham Allen thinks the British constitution would be a very good idea a clear constitution providing real power to the British people and their elected representatives In The Last Prime Minister he showed the British people how they had acquired an executive presidency by stealth It was the first ever attempt to codify the Prime Minister's powers many hidden in the mysteries of the royal prerogative This timely new edition takes in new issues including Parliament's constitutional impotence over Iraq , War Powers Legislation United States. Congress. Senate. Committee on Foreign Relations, 1972 *COMPARATIVE POLITICS AND GOVERNMENT* S. A. PALEKAR, 2008-12-28 Considerable changes are taking place today in the structure and working of governments all over the world This in turn has necessitated a change in the approach to the study of government

and politics This well organized and systematic study takes into account these developments and shift in approach in the field of comparative government and politics As the empirical study of political processes structures and functions forms a major part of comparative political studies the author examines them in detail He also analyzes the many variables that are heterogeneous in nature The book analyzes in tandem comparative government which involves the study of different political systems with their institutions and functions and comparative politics which covers comparative governments and non state politics The latter also studies rule making rule implementing and rule adjudicating Since different political systems are governed by the constitutions of the nations concerned the book deals in detail with the constitutions of these countries While the text gives a comprehensive coverage of constitutions of democracies such as UK USA France Switzerland and Japan it also deals with the constitutions of authoritarian States like Russia and China This text should be of great value to undergraduate and postgraduate students of political science as well as aspirants of civil services **Rural Politics** Michael Winter,1996 This book examines the issues affecting rural areas such as water pollution forestry and the greening of agricultural policy It focuses on the political parameters surrounding these issues Politics in Europe M. would shift significant power from them to citizens Professor Lyon breaking the party silence speaks strongly in support of the interests of his fellow citizens Drawing on years of experience as a political activist and political scientist he shows both why and how the desire of Canadians for this new form of representation should be acted on now He does this by presenting readers with a detailed model of the new politics He argues that adopting the model would establish the close collaborative relationship of citizens their MPs cabinet and civil servants needed to strengthen the performance of government Professor Lyon urges politicians to respect the desire of citizens for fundamental change Party politics is he states 19th century politics and fails to meet the needs of today Citizen politics for the 21st century is what he proposes and he argues Canada stands on the cusp of making the change to them **Cabinet Ministers and Parliamentary Government** Michael Laver, Kenneth A. Shepsle, 1994-09-30 A close examination of the constitutional relationship between legislature and executive in parliamentary regimes **NEET UG Biology Study Notes (Volume-2) with Theory + Practice MCQs for Complete Preparation -**
