[Reviving the Love for Economic Justice](#) Roshnee Ossewaarde-Lowtoo,2021-09-23 In *Reviving the Love for Economic Justice* Roshnee Ossewaarde Lowtoo argues that the options for organizing economies are not limited to individualistic capitalism and collectivistic communism because the democratic commitment to human dignity requires the transcendence of the materialistic premises of both politico economic arrangements She therefore shifts the conversation to the more fundamental level of conflicting values and ideals showing that the cultural and political failure to bring about humane

economies can largely be blamed on the cultural preference for utility and wealth over justice and civic friendship Ossewaarde Lowtoe explores ways in which such cultural prejudice could be overcome so that the notion that humans are intrinsically related to each other and hence responsible for each other could gain ground She argues that it is legitimate and realistic to hold out hope that both economies and markets can be subordinated to the higher goals of civic friendship and justice because human experience reveals love as the telos of human existence The Progressive Assault on Laissez Faire Barbara H. National Security, Democracy, & Good Governance in Post-Military Rule Nigeria, Volume One Dr. Dan Mou,2016-12-30

This book shows that the security economic political and social problems challenging national security democracy and good governance currently in Nigeria would get better or worse depending on what happens to the seventy one percent 71% of Nigerias population still living below poverty line This is in spite of the billions of petrodollars that Nigeria garnered as revenue over the past few decades It reveals that one does not need to be a political prophet to predict that if these challenges are not successfully addressed through good governance and inclusive growth this country will witness the worst civil disobedience violence revolts militancy breakdown of law and order more kidnappings and more of the citizens trying to check out of the country to other parts of the world in future It concludes however that under such intense pressures the Government of Nigeria even if it is simply for its self preservation will be forced by the objective conditions to move against the interests of the dominant groups and classes in Nigeria These are the ones who have for long captured and hijacked state power and the resources of the country for their exclusive use
