Alex Swan,2013-10 Grounded Encounter Therapy is a discovery intervention and application approach which allows the theory which guides the process to be developed from an analysis of the situation or context rather than imposed at the outset by the therapist It is a dramatic contrast to psychological theories particularly psychoanalysis which impose a specific causal theory at the outset In GET on the other hand the theory emerges from the client defined context not the other way around The book introduces students and professionals an alternative to doing counseling and therapy Traditional therapist see what they look for and what they look for they see and what they see is what their therapeutic modalities allow them to see and what their therapeutic modalities allow them to see is what they treat **Clinical Sociology Review** ,1990 **Library of Congress Subject Headings** Library of Congress. Swan,2007-11 In the style of Truman Capote s In Cold Blood Professor L Alex Swan s Cornelia s Struggle is a non fiction novel about social justice This work is the story of a young couple separated and reunited in the American justice system Cornelia s husband John is accused of a crime and sent to prison Cornelia is left to raise their three children Cornelia returns to college and then moves on to law school where she successfully has her husband s case re opened Her efforts culminate in John s release from prison This novel contrasts the

quality of justice dispensed to poor people particularly minorities while simultaneously drawing the reader into the human interest story of the couple's struggles and relationship. In light of the failure of the majority of prisoners' families to survive, recover and succeed, Cornelia's Struggle defies the odds and instructs while giving the reader the real life struggle of the family. This work is recommended for students of law, criminal justice, sociology, social work, psychology, political science, communications, social justice and the general reading public.
