**The Preeminence of Christ and the Motherland Religions** Delores A. Vaughan, 2005-02 An unexamined belief is a worthless belief That is why the effectiveness of Christian Apologetics is so vital to the Church informing them of the dangers of Cults the real enemy within our midst      **Metaphysical Africa** Michael Muhammad Knight, 2021-11-30 The Ansaru Allah Community also known as the Nubian Islamic Hebrews AAC NIH and later the Nuwaubians is a deeply significant and controversial African American Muslim movement Founded in Brooklyn in the 1960s it spread through the prolific production and dissemination of literature and lecture tapes and became famous for continuously reinventing its belief system In this book Michael Muhammad Knight studies the development of AAC NIH discourse over a period of thirty years tracing a surprising consistency behind a facade of serial reinvention It is popularly believed that the AAC NIH community abandoned Islam for Black Israelite religion UFO religion and Egyptosophy However Knight sees coherence in AAC NIH media explaining how in reality the community taught that the Prophet Muhammad was a Hebrew who adhered to Israelite law Muhammad s heavenly ascension took place on a spaceship and Abraham enlisted the help of a pharaonic regime to genetically engineer pigs as food for white people Against narratives that treat the AAC NIH community as a postmodernist deconstruction of religious categories Knight demonstrates that AAC NIH discourse is most productively framed within a broader African American metaphysical history in which boundaries between traditions remain quite permeable Unexpected and engrossing Metaphysical Africa brings to light points of intersection between communities and traditions often regarded as separate and distinct In doing so it helps move the field of religious studies beyond conventional categories of orthodoxy and heterodoxy challenging assumptions that inform not only the study of this particular religious community but also the field at large      Sharing Jesus with Hindus Sam George, Ashok Kumar, 2024-07-30 Building Authentic Relationships with Hindus Indians make up the world s largest diaspora community and most of them are Hindus of diverse backgrounds languages and cultures Millions of Hindus have migrated abroad in recent decades and are well settled in different countries while many more are expected to be dispersed far and wide in the coming years Many of them are highly educated and skilled professionally successful culturally adaptive and very religious in their outlook Sharing Jesus with Hindus is the collective wisdom of many seasoned ministry leaders and practitioners about how to minister effectively to contemporary global Hindus The contributors are situated in different parts of the world and some come from Hindu backgrounds themselves Emerging from an international conference on mission to and among Hindus worldwide this book provides practical ministry strategies and scholarly reflections drawn from decades of insight The authors have experience in diasporic living and ministering to Hindus in diverse contexts Learn how to share the gospel of Jesus Christ with your new neighbors from the Indian subcontinent Avoid common mistakes and be an effective Christian witness to Hindus globally Here is an essential resource in the toolkit of every church and Christian ministry worldwide      Divinings: Religion at

Harvard Rodney L. Petersen, 2014-09-17 Harvard has often been referred to as godless Harvard. This is far from the truth. Fact is that Harvard is and always has been concerned about religion. This volume addresses the reasons for this. The story of religion at Harvard in many ways is the story of religion in the United States. This edition will clarify this relationship. Furthermore, the question of religion is central not only to the religious history of Harvard but to its very corporate structure and institutional evolution. The volume is divided into three parts and deals with the Formation of Harvard College in 1636 and Evolution of a Republic of Letters in Cambridge. First Light Chapters 1-5 Religion in the University the Foundations of a Learned Ministry and the Development of the Divinity School The Augustan Age Chapters 6-9 and the Contours of Religion and Commitment in an Age of Upheaval and Globalization Calm Rising Through Change and Through Storm Chapters 10-12. The story of the central role played by religion in the development of Harvard is a neglected factor in Harvard's history only touched upon in a most cursory fashion by previous publications. For the first time George H. Williams tells that story as embedded in American culture and subject to intense and continuing academic study throughout the history of the University to this day. Replete with extensive footnotes, this edition will be a treasure to future historians, persons interested in religious history, and in the development of theology at first clearly Reformed and Protestant, later ecumenical and interfaith. **The Sacred Symbols of Mu** James Churchward, 2007-10-01 Occultist James Churchward was obsessed with the lost continent of Mu, home to the original human civilization after learning of this mysterious and forgotten paradise from an Indian priest who shared several ancient tablets written by the Naacals, the inhabitants of Mu. Or so Churchward claimed. Here in this work first published in 1933, Churchward discusses his contention that all religions from across Earth share a common origin in Mu. In particular, he explores how symbols of Mu gleaned supposedly from the ancient tablets bear startling resemblances to everything from the Egyptian ankh and Chinese pictograms to Native American calendar glyphs. The reality of Mu, aside from students of comparative mythology and fans of esoterica, will find this a fascinating book. British inventor, engineer, and author COLONEL JAMES CHURCHWARD 1851-1936, the elder brother of mystic author Albert Churchward, also wrote *The Lost Continent of Mu* (Motherland of Man, 1926), *The Children of Mu* (1931), *The Lost Continent of Mu* (1931), *Cosmic Forces of Mu* (1934), and *Second Book of Cosmic Forces of Mu* (1935). **Fighting Words** Louis Day, 2020-06-18 Dr. Louis Day grew up as a white minority in a violent time and place in northern New Mexico in the 1970s. It was not unusual for him to see tanks and armed military in his neighborhood. News of kidnapping, torture, and assassinations were not surprising. This environment has given Louis a lifelong backdrop to struggling with what Justice, Righteousness, and God's Rule of Law means to both citizens and their government. From his experience and knowledge of Biblical doctrine and Church history, Dr. Day exposes much avoided topics and truths about God's warrior heart and the King of kings' call to arms for both now and eternity. God expects His people to be, and throughout history they have been, an overwhelming force to be reckoned with. It was His people who brought the Roman Empire to its knees, ended slavery on two continents, and has built more hospitals, orphanages, and schools.

of higher learning than any other people group in world history It was His Rule of Law that gave the foundations to the American Constitution There are lines in the sand that God expects both government and His people not to cross When they are crossed the King expects there to be a fight for the good of all peoples This author writes this book in hopes to cause a revolution among God's people as they rediscover their identity by hearing their King's heartbeat for Justice and truth from His Rule of Law for all peoples
