The Presence Of The Dead On The Spiritual Path:

The Presence of the Dead on the Spiritual Path Rudolf Steiner, 1990 7 lectures various cities April 17 May 26 1914 CW 154 What is the relationship between those who have died and those who remain alive on earth Can we help those now in the spiritual world Can they help us In these talks Rudolf Steiner deals with the spiritual relationships that the living can have with those who have crossed over the threshold between life and death In a realistic practical way he shows how an understanding of our spiritual nature reveals ways of knowing a world undreamed of by materialists The tone of these talks is warm and moving clearly drawn from Steiner's own experience and the lives of those who had died and who were personally known to him Robert Hamerling Christian Morgenstern and others This is an important work for those who are coming to terms with the death of a loved one

The Presence of the Dead on the Spiritual Path Rudolf Steiner, 1990-06 Who can penetrate space or encounter the stream of time Only those who are not fooled into believing that freedom from sensory conditions is attainable by moving beyond a space and a time considered real because of their measurability The reality of time and space is immeasurable It cannot be attained by overcoming the given forms of measurement but rather by overcoming measurement itself Before this can occur we must know how and why measurement arises we must know what the spirit wants by containing within measurement the substance of its eternal telling of tales whose truth alone justifies measurement the transitory vision of what space and time are in their most subtle forms Massimo Scaligero This masterly book by Massimo Scaligero author of *The Light La Luce An Introduction to Creative Imagination* teaches us how to enter and recognize the spiritual reality behind and within what we objectify as space and time Those who read *The Secrets of Space and Time* with meditative effort will be well rewarded with profound insights about the true nature of the world around us The book is a translation from Italian of *Segreti dello spazio e del tempo* Libreria Tilopa Rome 1963

The Mystery of the Earth Peter Selg, 2021-07-06 Rudolf Steiner himself did not just comment critically about the out of hand fear of bacilli or the obsession with hygiene as modern superstition but also warned about the dangerous reality of pathogens of the worst kind that could become destroyers of human life and bring with dreadful epidemics Peter Selg This volume written by Peter Selg between Easter and Pentecost 2020 gathers a collection of essays on the medical sociopolitical and spiritual dimensions of the Covid crisis He offers these essays as a means of orientation and explorations in Paul Celan's meaning The author emphasizes in his preface however that representatives of Anthroposophy nevertheless have an obligation to speak out on the subject If they silence or censor themselves because they do not want to seem in any way negative as a result of their critical reflections or because even before corona they quickly became the target of various accusations they lose nothing less than the justification for their

existence their inner identity and credibility as well as their historical conscience the crucial meaning of which Rudolf Steiner pointed to time and again and not without reason This book was originally published in German as *Mysterium der Erde Aufsteige zur Corona Zeit* Verlag des Ita Wegman Instituts Arlesheim Switzerland 2020 An earlier English translation of the essay *A Medicalized Society* translated by Thomas O Keefe and Charles Gunn first appeared in *Deepening Anthroposophy* no 9 1 that translation has been revised for this volume The Imagination of Pentecost Richard Leviton,1994 Carlo Pietzner speaks out of his own ego directed inner experiences about several motifs inherent to inner striving the problem of self in relationship to the world the disintegration of the three soul forces the transition from sense perception to spiritual perception the reality of evil the condition of loneliness and more The Presence of the Dead in Our Lives ,2012-01-01 This volume offers a selection of articles from authors representing a wide array of disciplines all of whom explore the following central theme how can the presence of the dead take life in the hearts of the living Although individuals die they can indeed remain present But how Authors in this volume explicate practical mourning strategies to help survivors cope with the tremendous sadness and emptiness experienced when we lose someone we love The Presence of the Infinite Steve McIntosh,2015-10-01 The Presence of the Infinite sheds new light on the important subject of spiritual experience Using the emerging insights of evolutionary spirituality integral philosopher Steve McIntosh enlarges readers capacity to have spiritual experience more abundantly and use it more effectively to improve their lives and the world around them The Presence of the Infinite starts by providing a timely cultural analysis and critique of the various forms of spirituality that are vying for influence in contemporary American society Building on this context McIntosh shows how evolutionary spirituality overcomes the limitations of religious secular and New Age spirituality by better harmonizing science and spirit Evolutionary spirituality s transcendent potential is found in its deepening realization of the essentially spiritual qualities of beauty truth and goodness McIntosh then uses evolutionary spirituality s enlarged understanding of what spiritual experience is and how it works to consider the question of ultimate reality This leads to an examination of conflicting ideas that regard spirit as either formless and nondual or as loving and creative By working to harmonize and integrate these alternative conceptions of ultimate reality McIntosh shows how evolutionary spirituality can achieve a synthesis of nondual and theistic teachings of truth that can produce a spiritual renaissance in America and beyond The Presence of the Infinite is destined to become a definitive text in the exciting new field of evolutionary spirituality **The Threefold Review** ,1989 **Sanctuary of the Divine Presence** J.
