[False Idol](#) Gene Healy, 2012-10-17 In the waning days of the Bush administration the Cato Institute published Gene Healy's *The Cult of the Presidency America's Dangerous Devotion to Executive Power* which argued that the demands we place on the presidency have turned it into a constitutional monstrosity too powerful to be trusted and too weak to fulfill all the demands we invest in it George Will called the book the year's most pertinent and sobering public affairs book and the *Economist* noted that it was written while Barack Obama's career was still on the launch pad yet it describes with uncanny prescience the atmosphere that allowed him to soar Now with the 2012 presidential election upon us in his timely new ebook *False Idol Barack Obama and the Continuing Cult of the Presidency* Healy examines the causes and consequences of a presidential cult President Obama claims broad power over the U.S. economy fires the CEO of General Motors extends federal control over Americans health insurance plans claims the power to launch wars without congressional authorization and assassinate American citizens abroad far from any battlefield *False Idol* demonstrates that the vision of the presidency Obama embodies has led to a dangerous concentration of power in

an office primarily designed for faithful execution of the laws Sharply focused and rigorously researched False Idol is also a highly compelling examination of our national fixation with being led comforted and delivered by a presidential savior Decades of longing for a national redeemer have forged an institution that promises everything and guarantees nothing save public frustration and the steady growth of federal power A constitutional restoration can only begin Healy shows when Americans turn away from false idols and false hope The President's Daughters Fredrika Bremer,1909 **Fallen Angels, Giants, Monsters and the World Before the Flood** Rick Renner,2024-09-03 Do You Have Questions About the World Before the Flood Does the Bible Really Explain the Unexplainable Are we really living in the days of Noah as some prophets have said How are the events of Noah s Ark and the Flood relevant to the last days Are rebellious fallen angels masquerading as aliens and UFOs today In this book Rick Renner historian and Bible teacher with extensive knowledge of New Testament Greek clears up some rampant erroneous theories while uncovering brand new revelations from the Bible He uses archaeological findings the writings of Church fathers trusted historical documents and Scripture to answer these and other questions such as When was the first recorded rapture What does it tell us about the rapture of the Church Are the sons of God in Genesis and the fallen angels the same thing Who were the watchers God assigned to guard mankind after the Fall Was Methuselah s life a prophetic demonstration of God s longsuffering that preceded judgment What did God s promise of 120 years really mean Where is Noah s Ark today And why did God save only Noah and his family Are there any consequences of unholy living today Using photos from his own expeditions in the lower Ararat mountains along with other empirical evidence of the Ark s location Rick captivates readers in this book and brings the Bible to life concerning this favorite childhood story Containing hundreds of photos illustrations and endnotes **Fallen Angels Giants Monsters and the World Before the Flood** is a museum in a book and a must have edition to refresh and refire your walk with God *A Manual of the District of Cuddapah in the Presidency of Madras* ,1875 *A Manual of the District of Cuddapah in the Presidency of Madras* J.
