Price of Success Pasquale De Marco,2025-05-06 The Price of Success is a thought provoking exploration of the nature of success Drawing on years of research and personal experience Pasquale De Marco offers a unique perspective on what it means to be successful and how to achieve it The Price of Success is not a how to guide or a self help book It is not about telling you what to do or how to live your life Instead it is about helping you to understand yourself and your goals It is about empowering you to make choices and create a life that is meaningful to you In this book Pasquale De Marco challenges the traditional definitions of success and offers a more holistic view He argues that success is not just about achieving great wealth or power It is also about living a life that is fulfilling and satisfying Pasquale De Marco also explores the dark side of success He discusses the challenges and sacrifices that often come with success He also warns of the dangers of becoming too focused on success and losing sight of what is truly important in life The Price of Success is a must read for anyone who is interested in achieving success It is a book that will challenge your assumptions and help you to develop a more meaningful and fulfilling life If you like this book write a review on google books **The Wesleyan Sunday-school**
