The Life of S. Alphonso Maria de Liguori, Bishop of St. Agatha of the Goths, and Founder of the Congregation of the Most Holy Redeemer ,1848 *Lippincott's Monthly Magazine* ,1897 **Blücher** Michael V. Leggiere,2014-01-29 One of the most colorful characters in the Napoleonic pantheon Gebhard Leberecht von Blücher 1742 1819 is best known as the Prussian general who along with the Duke of Wellington defeated Napoleon at the Battle of Waterloo Throughout his long career Blücher distinguished himself as a bold commander but his actions at times appeared erratic and reckless This magnificent biography by Michael V Leggiere an award winning historian of the Napoleonic Wars is the first scholarly book in English to

explore Bl cher s life and military career and his impact on Napoleon Drawing on exhaustive research in European archives Leggiere eschews the melodrama of earlier biographies and offers instead a richly nuanced portrait of a talented leader who contrary to popular perception had a strong grasp of military strategy Nicknamed Marshal Forward by his soldiers he in fact retreated more often than he attacked Focusing on the campaigns of 1813 1814 and 1815 Leggiere evaluates the full effects of Bl cher s operations on his archenemy In addition to providing military analysis Leggiere draws extensively from Bl cher s own writings to reveal the man behind the legend Though tough as nails on the outside Bl cher was a loving family man who deplored the casualties of war This meticulously written biography enhanced by detailed maps and other illustrations fills a large gap in our understanding of a complex man who for all his flaws and eccentricities is justly credited with releasing Europe from the yoke of Napoleon s tyranny **Memoirs of the Polish Baroque** Jan Chryzostom Pasek,2023-11-15 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1976 **The Carrot Purple and Other Curious Stories of the Food We Eat** Joel S.

Denker,2015-10-01 How many otherwise well educated readers know that the familiar orange carrot was once a novelty It is a little more than 400 years old Domesticated in Afghanistan in 900 AD the purple carrot in fact was the dominant variety until Dutch gardeners bred the young upstart in the seventeenth century After surveying paintings from this era in the Louvre and other museums Dutch agronomist Otto Banga discovered this stunning transformation The story of the carrot is just one of the hidden tales this book recounts Through portraits of a wide range of foods we eat and love from artichokes to strawberries The Carrot Purple traces the path of foods from obscurity to familiarity Joel Denker explores how these edible plants were in diverse settings invested with new meaning They acquired not only culinary significance but also ceremonial medicinal and economic importance Foods were variously savored revered and reviled This entertaining history will enhance the reader s appreciation of a wide array of foods we take for granted From the carrot to the cabbage from cinnamon to coffee from the peanut to the pistachio the plants beans nuts and spices we eat have little known stories that are unearthed and served here with relish **Call Mother a Lonely Field** Liam Carson,2013-04-25 Shortlisted for the 2013 Ondaatje Prize Call Mother a Lonely Field mines the emotional archaeology of family home and language the author s attempts to break their tethers and the refuge he finds within them Carson confronts the complex relationship between a son thinking in English a father dreaming in Irish in a room just off the reality I knew and a mother who after raising five children through Irish is no longer comfortable speaking it in the violent reality of 1970s Belfast The author s Irish speaking West Belfast childhood is described through still present echoes of the Second World War dystopian science fiction American comic books and punk rock At the same time he explores how Irish language literature and stories are transmitted from mouth to mouth

After years in London and Dublin the deaths of his parents bring Liam Carson a new sense of community and understanding as he heals his fractured relationship with Irish His rediscovery of the language as a sanctuary is central to a book exploring the potency of vanishing worlds be they childhood a city or a way of life A short but intense portrayal of his parents and the divided city where they made their lives It will leave you enriched no matter your origins Bernard MacLaverty **The Compound Heist** Ike Morah, 2013-07-17 In *The Compound Heist* a mafia don robs a bank an airport and a mans house all at once They are all linked to the man Ike who though old was more than a force to reckon with in a fight He is God fearing and does everything to help the good against the evil while the don was out for vengeance since he killed his father Intrigues blackmails complicated plots ruthlessness and spectacular fights abound as Ike takes them out No matter what goodness always overcomes evil
