**Artists and Society in Germany, 1850-1914** Robin Lenman, 1997 In times past everyday business might mean making a trip to the pawnbroker giving a loan to a trusted friend or selling off a coat all to make ends meet Both women and men engaged in this daily budgeting but women's roles were especially important in achieving some level of comfort and avoiding penury In some communities the daily practices in place in the seventeenth century persisted into the twentieth whilst other groups adopted new ways such as using numbers to chart domestic affairs and turning to the savings banks that appeared in the nineteenth century These strategies promised respectability and greater access to new consumer goods better clothes and finer furnishings accompanied a newly disciplined behaviour Therefore in the material world of the past and in the changing habits of earlier generations lie crucial turning points This book explores these previously under researched patterns and practices that gave

shape to modern consumer society      **Handbuch deutscher historischen Buchbestände. Großbritannien und Irland.**  
Bernhard Fabian,Vincenc Streit Vlasta Faltysová Pavel Pohlei,      Käthe Kollwitz Elizabeth Prelinger,Käthe  
Kollwitz,Alessandra Comini,Hildegard Bachert,1992-01-01 The German printmaker draughtsman and sculptor Kathe Kollwitz  
s images of mothers and children and of protest against social injustice have long been admired by both critics and the public  
Kollwitz adhered to a figurative style in the era of abstraction and she depicted socially engaged subject matter when it was  
unfashionable Critics have often focused on those issues and have rarely studied the ways in which the artist manipulated  
technique and resolved formal problems This illustrated book redresses this imbalance portraying Kollwitz as an innovative  
and virtuosic artist rather than a mere chronicler of particular themes      **Käthe Kollwitz** Louis Marchesano,2020-01-07  
This collection explores Kollwitz s most creative years examining her sequences of images with a focus on the tension  
between making and meaning German printmaker K the Kollwitz 1867 1945 is known for her unapologetic social and  
political imagery her representations of grief suffering and struggle and her equivocal ideas about artistic and political labels  
This volume explores her most creative years roughly the late 1890s to the mid 1920s highlighting the tension between  
making and meaning throughout her work Correlating Kollwitz s obsessive printmaking experiments with the evolution of her  
images it assesses the unusually rich progressions of preparatory drawings proofs and rejected images behind Kollwitz s  
compositions of struggling workers rebellious peasants and grieving mothers This selected catalogue of the Dr Richard A  
Simms collection at the Getty Research Institute provides a bird s eye view of Kollwitz s sequences of images as well as the  
interrelationships among prints produced over multiple years The meanings and sentiments emerging from Kollwitz s images  
are not as is often implied unmediated expressions of her politics and emotions Rather Kollwitz transformed images with  
deliberate technical and formal experiments seemingly endless adjustments wholesale rejections and strategic regroupings of  
figures and forms all of which demonstrate that her obsessive dedication to making art was never a straightforward means to  
political or emotional ends      Jewish Identity in Modern Art History Catherine M. Soussloff,2023-04-28 In the first  
comprehensive study of Jewish identity and its meaning for the history of art eleven influential scholars illuminate the  
formative role of Jews as subjects of art historical discourse At the same time these essays introduce to art history an  
understanding of the place of cultural identity in the production of scholarship Contributors explore the meaning of  
Jewishness to writers and artists alike through such topics as exile iconoclasm and anti-Semitism Included are essays on  
Anselm Kiefer and Theodor Adorno the effects of the Enlightenment the rise of the nation state Nazi policies on art history  
the criticism of Meyer Schapiro Clement Greenberg and Aby Warburg the art of Judy Chicago Eleanor Antin and Morris  
Gottlieb and Jewish patronage of German Expressionist art Offering a new approach to the history of art in which the cultural  
identities of the makers and interpreters play a constitutive role this collection begins an important and overdue dialogue  
that will have a significant impact on the fields of art history Jewish studies and cultural studies In the first comprehensive

study of Jewish identity and its meaning for the history of art eleven influential scholars illuminate the formative role of Jews as subjects of art historical discourse At the same time these essays introduce to art history War, Violence, and the Modern Condition Bernd-Rüdiger Hüppauf,1997 This volume will explore the specific role which war has played in the constitution of a modern mentality It will be divided into three parts one dealing with issues of conceptualizing war violence and modernity modernism one devoted to issues of the First World War as an exemplary experience in the 20th century and one concerned with issues of violence and its representation in the aftermath of the first modern war Women in the Arts in the Belle Epoque Paul Fryer,2012-11-02 This collection of new essays explores the role played by women practitioners in the arts during the period often referred to as the Belle Epoque a turn of the century period in which the modern media audio and film recording broadcasting etc began to become a reality Exploring the careers and creative lives of both the famous Sarah Bernhardt and the less so Pauline Townsend across a remarkable range of artistic activity from composition through oratory to fine art and film directing these essays attempt to reveal in some cases for the first time women s true impact on the arts at the turn of the 19th century
