Arresting Cinema Karen Fang, 2017-01-11 When Ridley Scott envisioned *Blade Runner*'s set as Hong Kong on a bad day he nodded to the city's overcrowding as well as its widespread use of surveillance But while Scott brought Hong Kong and surveillance into the global film repertoire the city's own cinema has remained outside of the global surveillance discussion In *Arresting Cinema* Karen Fang delivers a unifying account of Hong Kong cinema that draws upon its renowned crime films and other unique genres to demonstrate Hong Kong's view of surveillance She argues that Hong Kong's films display a tolerance of and even opportunism towards the soft cage of constant observation unlike the fearful view prevalent in the West However many surveillance cinema studies focus solely on European and Hollywood films discounting other artistic traditions and industrial circumstances Hong Kong's films show a more crowded increasingly economically stratified and postnational world that nevertheless offers an aura of hopeful futurity Only by exploring Hong Kong surveillance film can we begin to shape a truly global understanding of Hitchcock's rear window ethics

Robert Conroy's brilliantly imagined epic tale of World War II Emperor Hirohito's capitulation is hijacked by extremists and a weary United States is forced to invade Japan as a last step in a war that has already cost so many lives. As the Japanese lash out with tactics that no one has ever faced before from POWs used as human shields to a rain of kamikaze attacks that take out the highest value target in the Pacific command, the invasion's success is suddenly in doubt. As America's streets erupt in rioting, history will turn on the acts of a few key players from the fiery front lines to the halls of Washington to the shadowy realm of espionage while a mortally wounded enemy becomes the greatest danger of all. Praise for Robert Conroy's 1901 Likely to please both military history and alternative history buffs. The writing keeps us turning the pages. Booklist

Martin, 2013-06-25 The members of the Baby sitters Club come to the rescue to help Mary Anne search for her beloved kitten Tigger who has suddenly vanished **Crime Fiction since 1800** Stephen Knight, 2010-04-09 Since its appearance nearly two centuries ago crime fiction has gripped readers' imaginations around the world. Detectives have varied enormously from the nineteenth century policemen and a few women through stars like Sherlock Holmes and Miss Marple to newly self-aware voices of the present: feminist, African American, lesbian, gay, postcolonial and postmodern. Stephen Knight's fascinating book is a comprehensive analytic survey of crime fiction from its origins in the nineteenth century to the present day. Knight explains how and why the various forms of the genre have evolved, explores a range of authors and movements and argues that the genre as a whole has three parts: the early development of Detection, the growing emphasis on Death and the modern celebration of Diversity. The expanded second edition has been thoroughly updated in the light of recent research and new developments such as ethnic crime fiction, the rise of thrillers, the serial killer and urban collapse, modes and feel-good cozies. It also explores a number of fictional works which have been published in the last few years and features a helpful glossary. With full references and written in a highly engaging style, this remains the essential short guide for readers of crime fiction everywhere. **Death Wind** Travis Heermann, Jim Pinto, 2016-09-05 In this nineteenth-century horror thriller, a man investigating mysterious deaths near a Native American reservation confronts a malevolent spirit. In 1891, in the aftermath of the Wounded Knee massacre, awful nightmares and bizarre killing sprees shake the uneasy peace between a frontier town of White Pine and the Lakota on the nearby reservation. Pioneer doctor Charles Zimmerman finds himself at the forefront of the investigation and uncovers a crawling horror the likes of which he could not imagine. With the help of an orphaned farm girl, a smart-mouth stage robber, a beaten-down Lakota warrior, a beautiful medicine woman, and Charles's estranged father, the aging town marshal Charles must save not only the town of White Pine but also the starving Lakota from an ancient hungry evil. **Cinema and Art as Archive** Aa. Vv., 2015-03-11 T00:00:00+01:00 As Jacques Derrida wrote in 1995 while considering Archive Fever, nothing is less reliable or less clear today than the word archive. Nevertheless, the historic cultural dimension of the contemporary

discursive practices in cinema and art develops in the semantic openness of the term in the repositioning of the idea of archive. The individual disciplines involved in one such field history of cinema and art theory of cinema and art aesthetics semiotics philology etc begin to open up to questioning the notion of archive even in negative in other words what after Michel Foucault the archive is not or does not seem to be. The archive is not the library of libraries or encyclopedia it is not memory it is not museum it is not a database. In recent years the attention focused on such ideas has not so much highlighted the impulses turns and specific forms of art archive as it has revealed in many ways how the archive concerns us in the interrelation of aesthetic political ethical and legal levels among various disciplinary fields. Alicia Rasley, 2008-02-26 Every Character Has a Voice. Point of view isn't just an element of storytelling when chosen carefully and employed consistently in a work of fiction it is the foundation of a captivating story. It's the character voice you can hear as clearly as your own. It's the unique worldview that intrigues readers persuading them to empathize with your characters and invest in their tale. Through comprehensive instruction and engaging exercises you'll learn how to choose a point of view that enhances your characters and plots and encourages reader involvement navigate the levels of a character's point of view from objective viewing to action to emotion craft unusual perspectives including children animal narrators and villains. A story changes depending on who's telling it and *The Power of Point of View* will help you determine which of your characters can make your story come to life. **The Origins of the American Detective Story**

LeRoy Lad Panek, 2015-01-24 Edgar Allan Poe essentially invented the detective story in 1841 with *Murders in the Rue Morgue*. In the years that followed however detective fiction in America saw no significant progress as a literary genre. Much to the dismay of moral crusaders like Anthony Comstock dime novels and other sensationalist publications satisfied the public's hunger for a yarn. Things changed as the century waned and eventually the detective was reborn as a figure of American literature. In part these changes were due to a combination of social conditions including the rise and decline of the police as an institution the parallel development of private detectives the birth of the crusading newspaper reporter and the beginnings of forensic science. Influential too was the new role model offered by a wildly popular British import named Sherlock Holmes. Focusing on the late 19th century and early 20th this volume covers the formative years of American detective fiction. Instructors considering this book for use in a course may request an examination copy here. *Dissonance Volume Up* Aaron Ryan, 2024-09-03 Eleven years ago they invaded Planet Earth and 85% of humanity was killed off.
