**Exposing the Reich** David Harper,2023-12-15 As a WWII tour director for thirty five years David Harper has repeatedly heard the same questions from an extremely varied American and British audience Why did the Germans vote for Hitler Did they know about the concentration camps What did German soldiers and members of the SS feel about the extermination camps and the war crimes they were committing How do today s Germans view Hitler and the Third Reich What is the country doing at present to address those dark pages of its history and to remember the victims of Hitler s regime Do the right wing demonstrations in Germany portend a resurgence of Nazi ideology today All these questions and many more are addressed in Exposing the Reich The book seeks to promote an understanding of how the devastation and tragedy of the war and the concurrent genocide could happen It studies the lethal blend of inciting hatred ongoing indoctrination justification for drastic action and the complete control of all media How many people know for instance that Hitler was writing an opera when he lived in Vienna or how he developed his antisemitic outlook while living there Few know about the early political and ideological influences on Hitler s worldview such as those instigated by his little known mentor Eckart Who has ever heard about Hitler s second book in which he revealed his major foreign policy plans a manuscript that remained secret How many realize that Hitler s regime planned on replacing Christianity with its own religion and substituting Mein Kampf for the Bible Why did Hitler name his regime the Third Reich and why did he choose the swastika as its logo Why did the fine arts enjoy such an honored status during the Reich What were the lesser known original purposes of the concentration camp system established in Germany just weeks after Hitler seized power Who realizes that just prior to Hitler seizing power the Jewish population in Germany was a mere 0.7% These and countless more insights regarding the Third Reich are revealed in Exposing the Reich From young students to well informed history buffs readers will gain a wealth of new insights into Hitler and his regime of terror
