Crawford Burkitt, 2015-07-06 Excerpt from The Gospel History and Its Transmission The ten Lectures contained in this volume were delivered in the spring of this year at the Passmore Edwards Settlement in London as the Jowett Lectures for 1906 I repeated them with very little change for my inaugural course at Cambridge as Norrisian Professor of Divinity so that it seemed advisable to keep them in lecture form when they came to be printed It is sometimes supposed that the result of modern historical criticism is to diminish the historical value of the Gospels My own researches have made me believe that there is a much larger element of genuine history in the Canonical Gospels than a general view of the tendencies which influenced Christendom during the first century and a half of its existence might have led one to anticipate About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *The Gospel History* Johannes Heinrich August Ebrard, 1869
