Teachings from the 51st Kopan Meditation Course: Lamrim

Teachings from Kopan 2018 Lama Zopa Rinpoche,2025-02-20 From December 6 18 2018 Lama Zopa Rinpoche taught the students of the fifty first Kopan course the one month intensive lamrim course given each year at Kopan Monastery Kathmandu the principal monastery of the FPMT This ebook presents twelve lectures given by Lama Zopa Rinpoche during this meditation course In the teachings Rinpoche gives an overview of the path to enlightenment and explains that the antidote to the sufferings of samsara is meditation on emptiness The meditation course concluded with a Vajrasattva initiation on December 18 Prior to the empowerment Rinpoche taught on Vajrasattva and explained how to purify our negative karma Rinpoche also discusses the importance of developing the good heart and advises that with this precious human life we have a rare opportunity to practice Dharma and actualize the path Other vital subjects covered in this course include the kindness of the mother the ultimate nature of the mind the twelve links and the Wheel of Life These teachings were simultaneously transcribed and then edited by Ven Joan Nicell and simultaneously checked for errors by Tania Duratovic and Laura Haughey They have been subsequently lightly edited by Gordon McDougall *Illuminating the Path to Enlightenment* His Holiness the Dalai Lama,2011-01-01 About one thousand years ago the great Indian pandit and yogi Dipamkara Shrijnana Atisha was invited to Tibet to re establish the Buddhadharma which had been suppressed and corrupted for almost two centuries One of Atisha s main accomplishments in Tibet was his writing of the seminal text A Lamp for the Path to Enlightenment in which he extracted the essence of all 84 000 teachings of the Buddha and organized them into a clear step like arrangement that makes it easy for any individual practitioner to understand and practice the Dharma This genre of teachings is known as lam rim or steps of the path and forms an essential part of every school of Tibetan Buddhism In this book His Holiness the Dalai Lama gives a commentary to not only Atisha s revolutionary work but also to Lines of Experience a short text written by Lama Tsongkhapa who was perhaps the greatest of all Tibetan lam rim authors In bringing together Atisha Lama Tsongkhapa and His Holiness the Dalai Lama this book offers readers one of the clearest and most authoritative expositions of the Tibetan Buddhist path ever published and it is recommended for those at the beginning of the path the middle and the end This book is made possible by kind supporters of the Archive who like you appreciate how we make these teachings freely available in so many ways including in our website for instant reading listening or downloading and as printed and electronic books Our website offers immediate access to thousands of pages of teachings and hundreds of audio recordings by some of the greatest lamas of our time Our photo gallery and our ever popular books are also freely accessible there Please help us increase our efforts to spread the Dharma for the happiness and benefit of all

Becoming the Compassion Buddha Thubten Yeshe, 2012-06-04 Not only was Lama Yeshe one of the most beloved Tibetan Buddhist masters of the late twentieth century he was also a remarkably effective teacher and communicator In *Becoming the Compassion Buddha* just as he did with his bestselling *Introduction to Tantra* he once again demonstrates his extraordinary ability to present practices that once were considered arcane or hidden in a way that is clear and understandable to the general reader In these pages Lama Yeshe guides readers through the tantric practice of Avalokiteshvara the Buddha of Compassion basing his instructions on a text written by His Holiness the Dalai Lama at age nineteen He gives special emphasis to mahamudra the emptiness of one's own mind and demystifies these esoteric techniques clearly showing them for what they are highly developed psychology Throughout Lama Yeshe presents his approachable teachings by drawing on examples from daily life and introducing meditation practices that all can follow *Becoming the Compassion Buddha* is an extraordinary book that opens new doors for countless readers

Clean-Clear: Refuge, Bodhicitta and the Nature of the Mind Lama Yeshe, 2025-05-16 The gray clouds of ego come and go but the blue sky of totality is always there It's always been there it's there now and it will always be there The essential clean clear nature of the mind is like the sky always there The heavy blanket of ego is laid on top of that but it is not inextricably mixed with it Lama Yeshe This collection contains teachings Lama Yeshe gave in England in 1976 and the Netherlands in 1980 Lama taught mainly on refuge and bodhicitta and also gave a public lecture on the nature of the mind Clean clear as always Everybody loved attending Lama's teachings Even though they were profound Lama presented them very lightly with pertinent contemporary examples a lot of laughter and frequent jokes I'm joking dear ah I'm joking so much But then every now and then he would remind students I'm not joking when I say I'm joking Compiled and edited by Nicholas Ribush this book is the second volume in a series of Lama Yeshe's collected teachings the first volume being *Knowledge Wisdom The Peaceful Path to Liberation* Since the topics are similar there is a little repetition but according to Lama Zopa Rinpoche repetition never hurts This is not an academic work and is essentially an introduction to fundamental Tibetan Buddhist teachings on refuge and bodhicitta

The Zen of Tantra Monica Esposito, 2013-03-11 After the Zen boom of the 1960s and 1970s Tibetan Buddhism increasingly captured the West's imagination Today entire stadiums fill when the Dalai Lama speaks training centers mushroom and books proliferate Even the most esoteric form of Tibetan Buddhism rDzogs chen or Great Perfection has found numerous followers in the West But the West stands not alone in communist China too this form of Buddhism experienced a kind of camouflaged boom from the 1980s Monica Esposito 1962-2011 one of Europe's foremost scholars of Chinese religions observed this process up close After her discovery in 1988 of a Buddhist nunnery on Mt Tianmu in China's Zhejiang province she lived and practiced under the monastery's founder a Chinese Zen Chan and Tibetan rDzogs chen Great Perfection master called Fahai Lama 1920-1991 Dr Esposito's book offers a fascinating glimpse into the daily life

and practices of a Chinese Buddhist monastery and into the teachings of a man who not only survived the Cultural revolution as an acupuncturist Qigong master and recluse in a Daoist cave but managed to found and build a Chan monastery to promote Tibetan Tantra in a still thoroughly communist environment
