Bruce Doern, Glen Toner, 2019-06-26 Originally published in 1985 This in depth analysis of federal energy policy and politics in the oil and gas sector critically evaluates the National Energy Program one of the most controversial and wide ranging policy initiatives in Canadian history an import case study Bridging Canadian politics and public policy the book gives an historical overview of the development of energy policy since 1945 examining the shifts in the balance of power between public and private energy interests It presents the NEP s positive and negative impacts on energy policy and the nature of political power **The Politics of Energy** Barry Commoner, 1979 **Alberta Formed - Alberta Transformed** Alberta 2005 Centennial History Society, 2006-04-18 Alberta Formed Alberta Transformed is a two volume set spanning a remarkable 12 000 years of history and showcasing the work of 34 of Alberta s most respected scholars Volume 1 sets the stage from human beginnings in Alberta to the eve of Alberta s inauguration as a province in 1905 while Volume 2 takes readers through the twentieth century and up to the 2005 centennial **The Politics of Energy** G. Bruce Doern, Glen Toner, 2019-06-26 Originally published in 1985 This in depth analysis of federal energy policy and politics in the oil and gas sector critically evaluates the National Energy Program one of the most controversial and wide ranging policy initiatives in Canadian history an import case study Bridging Canadian politics and public policy the book gives an historical overview of the development of energy policy since 1945 examining the shifts in the balance of power between public and private energy interests It presents the NEP s positive and negative impacts on energy policy and the nature of political power **After the Sands** Gordon Laxer, 2015-10-03 After the Sands outlines a vision and a road map to transitioning Canada to a low carbon society Despite its oil abundance with no strategic reserves Canada is woefully unprepared for the next global oil supply crisis There s no good reason for Canadians to use much more oil per capita than people in other sparsely populated northern countries like Norway Finland and Sweden nations that use 27 to 39 percent less oil per person In After the Sands Alberta based political economist Gordon Laxer proposes a bold strategy of deep conservation and a Canada first perspective to ensure that all Canadians have sufficient energy at affordable prices The most achievable way to gain energy security is to supply Canadians with their own oil natural gas and renewable energy And the best way to cut carbon emissions is by phasing out Canada s role as a carbon fuel exporter Canada has all the oil gas and coal needed to transition to a low carbon future Remarkable hydro power resources give Canadians a large base of renewable energy which can be expanded with wind solar geothermal and biomass Few countries have these options in adequate quantities But as Laxer argues Canada will not get there until we overcome the power of vested interests and untangle the trade agreements that block Canadians from secure and fair access to the nation s own energy resources Impeccably researched After the Sands is critical reading for anyone concerned with climate change and the future of Canada Pirouette J. L. Granatstein, Robert Bothwell, 1991-01-01 The History of Canada Series - The

Last Act: Pierre Trudeau Ron Graham, 2011-04-05 Between the morning of Wednesday November 4 and the morning of Thursday November 5 1981 a fateful drama unfolded that changed Canada forever In one last attempt to renew the constitution with the consent of the provinces Prime Minister Pierre Elliott Trudeau met behind closed doors in Ottawa with the ten premiers It was the culmination of more than five decades of constitutional wrangling and has been called the most important conference since the Fathers of Confederation got together in Quebec City in 1864 Faced with the threat of Quebec independence the ambitions of Western Canada and the provinces demands for more power Trudeau was embattled But he was fiercely determined to make Canadians fully independent and to entrench a Charter of Rights and Freedoms What happened that day still reverberates It severed the last important link to Canada s colonial past It guaranteed individual liberty and minority rights in the future It weakened the grip of the elites and gave ownership of the constitution to Canadians But it came at a price Quebec alone refused to sign the final deal Ren L vesque its separatist premier claimed he had been betrayed by his allies in the Gang of Eight The legend of the Night of the Long Knives took hold precipitating a series of events that came close to destroying the country Thirty years later author Ron Graham delivers a gripping account of the fractious debates and secret negotiations He uses newly uncovered documents and the candid recollections of many of the key participants to create a vivid record of that momentous twenty four hours Authoritative and engaging *The Last Act* is a remarkable combination of scholarly research and historical narrative

Canada Among Nations, 2008 Robert Bothwell, Jean Daudelin, 2009-03-17 The editors take a critical look at the now almost mainstream declinist thesis and at the continued relevance of Canada s relationships with its principal allies the United Kingdom France and the United States Contributors discuss a broad range of themes including the weight of a changing identity in the evolution of the country s foreign policy the fate of Canadian diplomacy as a profession the often complicated relationship between foreign and trade policies the impact of immigration and refugee procedures on foreign policy and the evolving understanding of development and defence as components of Canada s foreign policy

Territories of Inequality Olivier Jacques, Alain Noël, 2025-08-15 The rise of income and wealth inequality and the possibilities of redistribution animate contemporary social and political debates but much of the scholarship on the issue is limited to the individual level There is a spatial dimension to the redistribution of income however and in federations this is especially important In *Territories of Inequality* leading political scientists propose a territorial approach to inequality and redistribution informed by political economy political geography and a comparative analysis of federalism and multilevel governance Chapters explore the relationship between interpersonal and interregional redistribution the role of progressive or regressive governing coalitions and the foundations of individual preferences for or aversions to interregional redistribution They consider different federations and quasi federations and emphasize the unique situation of Indigenous Peoples who navigate a complex relationship with institutions shaped by colonialism Examining how decentralization and federalism influence policy outcomes and public preferences *Territories of Inequality* provides new ways

to approach the question of redistribution **The Oxford Handbook of the Canadian Constitution** Peter Oliver, Patrick Macklem, Nathalie Des Rosiers, 2017-08-10 The Oxford Handbook of the Canadian Constitution provides an ideal first stop for Canadians and non Canadians seeking a clear concise and authoritative account of Canadian constitutional law The Handbook is divided into six parts Constitutional History Institutions and Constitutional Change Aboriginal Peoples and the Canadian Constitution Federalism Rights and Freedoms and Constitutional Theory Readers of this Handbook will discover some of the distinctive features of the Canadian constitution for example the importance of Indigenous peoples and legal systems the long standing presence of a French speaking population French civil law and Quebec the British constitutional heritage the choice of federalism as well as the newer features most notably the Canadian Charter of Rights and Freedoms Section Thirty Five regarding Aboriginal rights and treaties and the procedures for constitutional amendment The Handbook provides a remarkable resource for comparativists at a time when the Canadian constitution is a frequent topic of constitutional commentary The Handbook offers a vital account of constitutional challenges and opportunities at the time of the 150th anniversary of Confederation **How Ottawa Spends, 1994-95** Susan D. Phillips, 1994-06-15 **Canada-US Relations** David Carment, Christopher Sands, 2019-01-17 This book the 32nd volume in the Canada Among Nations series looks to the wide array of foreign policy challenges choices and priorities that Canada confronts in relations with the US where the line between international and domestic affairs is increasingly blurred In the context of the Canada US relationship this blurring is manifest as a cooperative effort by officials to manage aspects of the relationship in which bilateral institutional cooperation goes on largely unnoticed Chapters in this volume focus on longstanding issues reflecting some degree of Canada US coordination if not integration such as trade the environment and energy Other chapters focus on emerging issues such as drug policies energy corruption and immigration within the context of these institutional arrangements **Goodlands** Frances W. Kaye, 2011 Amer European settlement of the Great Plains transformed bountiful Native soil into pasture and cropland distorting the prairie ecosystem that the peoples who originally populated the land had long understood and were able to use wisely Settlers justified this transformation with the unexamined premise of deficiency according to which the vast area of the Great Plains was inadequate in flora and fauna and lacking in the advances of modern civilization Drawing on history literature art and economic theory Frances W Kaye counters the argument of deficiency pointing out that in its original ecological state no region can possibly be incomplete Goodlands examines the settlers misguided theory discussing the ideas that shaped its implementation the forces that resisted it and Indigenous ideologies about what it meant to make good use of the land By suggesting methods for redeveloping the Great Plains that are based on native cultural values Kaye points the way to a balanced and sustainable future for the region in the context of a changing globe Frances W Kaye is professor of English at the University of Nebraska She is the author of Hiding the Audience Arts and Arts Institutions on the Prairies Kaye divides her time between a farmstead outside Lincoln Nebraska and a house in Calgary

Law,University of Alberta. Centre for Constitutional Studies,2005-11 Forging Alberta s Constitutional Framework analyzes the principal events and processes that precipitated the emergence and formation of the law and legal culture of Alberta from the foundation of the Hudson s Bay in 1670 until the eve of the centenary of the Province in 2005 The formation of Alberta s constitution and legal institutions was by no means a simple process by which English and Canadian law was imposed upon a receptive and passive population Challenges to authority latent lawlessness interaction between indigenous and settler societies periods pre and post 1905 of jurisdictional confusion and demands for individual group and provincial rights and recognitions are as much part of Alberta s legal history as the heroic and mythic images of an emergent and orderly Canadian west patrolled from the outset by red coated mounted police and peopled by peaceful and law abiding subjects of the Crown Papers focus on the development of criminal law in the Canadian west in the nineteenth century the Natural Resources Transfer Agreement of 1930 the National Energy Program of the 1980s Federal Provincial relations and the role and responsibilities of the offices of Justices of the Peace and of the Lieutenant Governor and the legacies of the Lougheed and Klein governments
