**Bruce M. Russett**

## **The Politics Of National Security:**

**The Politics of National Security** Barry M. Blechman, W. Philip Ellis, 1992 Based on interviews with US Congress members and their staff this study explains why Congress has taken an expanded role in the formulation of US national defence policies The author describes how these changes came about and their consequences for American interests The Politics of National Security Marcus G. Raskin, 1979-01-01 The evolution of the national security state in the United States can be traced from the political military and economic dimensions of American power in the postwar world In Raskin's view the United States emerged from the Second World War with tremendously increased prestige and material power and American leadership created a national security apparatus as a planning instrument to ensure national stability to mute class conflicts and to secure the domestic economy This state then became the basis around the world for covert and overt imperialism The consensus that developed served to maintain stability at home and to guide the modern empire abroad This development required a state that was orderly and that was predicated on modern bureaucracy which operated within the values and assumptions of the ruling elites The national security state system was successful primarily in the economic sphere with bipartisan foreign policy decision making aimed at ensuring a stable business climate at home and abroad Military involvement in Indochina evidenced the decline of American hegemony the genocidal nature of the arms race and the questions raised by protestors of the sixties signaled the break up of the national security consensus Raskin concludes the book with an examination of alternative directions especially regarding the need and the possibilities for renewed public debate of national policy and purpose Arsenal of Democracy Julian E. Zelizer, 2010 In a book based on original archival findings a prize winning historian and author of *Taxing America* offers a sweeping history of the interplay between United States domestic politics and foreign policy since World War II U.S. National Security Sam Charles Sarkesian, John Allen Williams, Stephen J. Cimbala, 2002 The authors present an overview of the institutions and processes of U S foreign and national security policy This is a standard and uncontroversial treatment that conforms to the mainstream assumptions of American policy makers and centrist academia The authors do acknowledge the debate about models and interests that is carried on within that mainstream Annotation copyrighted by Book News Inc Portland OR **Congress and the Politics of National Security** David P. Auerswald, Colton C. Campbell, 2012 In an increasingly complex and unpredictable world a growing number of observers and practitioners have called for a reexamination of our national security system Central to any such reform effort is an evaluation of Congress Is Congress adequately organized to deal with national security issues in an integrated and coordinated manner How have developments in Congress over the past few decades such as heightened partisanship message politics party committee relationships and bicameral relations affected topical security issues This volume examines variation in the ways Congress has engaged federal agencies overseeing our nation's national security as well as various domestic political determinants of security policy **The Political Economy Of National Security** Helen V

Milner, David A Baldwin, 2019-07-11 This bibliography focuses on books and articles dealing with the interplay of wealth and power in the context of national security policy emphasising on the economic instruments of statecraft that are used to pursue national security goals and examining the politics of economic cooperation The Political Economy of National Security, Critical Infrastructure and Securitization of Foreign Investments Jakub M. Godzimirski, Morten Skumsrud Andersen, 2024-12-30 This book examines how new flows of foreign direct investments from autocracies are framed their effects and the policy responses to them within the context of challenges to the international liberal order Chapters address thematic and regional issues from national investment controls and threat perceptions to China and Russia's responses Collectively they explore a new dynamic in international politics the securitization of money crossing borders Historically foreign investments operated under minimal global regulation based on the assumption that they were beneficial and profit driven However the past decade has witnessed a radical shift in approaches to foreign investments due to changing investment patterns and the entry of state sponsored actors into this traditionally unregulated realm China and Russia are seen to leverage foreign investments to advance their long term economic and political objectives The book comprehensively examines the subsequent repositioning of foreign investment policy and its consequences for national and international politics *Controlling the Sword* Bruce M. Russett, 1990 **Hong Kong Politics after the National Security Law** Stephan Ortmann, Raymond Kwun-Sun Lau, Kenneth Ka-Lok Chan, 2025-04-22 Ortmann Lau and Chan together with the contributors provide an innovative assessment of the impact of the National Security Law on Hong Kong politics The law was introduced by the Chinese government in 2020 and has since fundamentally transformed the political landscape of the former British colony The book explores how Hong Kong's transformation in governance law education and civil society has amounted to one of the most significant episodes of autocratization in the world in recent years Each chapter provides theoretical and methodological approaches to capture the different dimensions of the influence of the National Security Law on Hong Kong politics The trends discussed in the book are of global relevance to the discussion of the current trends of increasing autocratization and this provides insights into the institutional transformations and the adaptive response from Hong Kongers Also the extra territorial application of China's National Security Law has inevitably global implications which makes it important to investigate how the Hong Kong overseas diasporas are responding to these challenges The book is an indispensable resource for scholars and experts on Hong Kong Politics China's policy toward Hong Kong international policymakers journalists students and those who are interested in the growing global trend of autocratization Public Opinion and National Security in Western Europe Richard C. Eichenberg, 1989-06-18 This survey of European public opinion on national security issues interprets numerous public opinion polls retrieved from government ministries commercial agencies and educational institutions It is a comparative and historical survey of the security challenges faced by Western governments Policy Analysis in National Security Affairs Richard L. Kugler, 2006 This book addresses how to conduct

policy analysis in the field of national security including foreign policy and defense strategy It is a philosophical and conceptual book for helping people think deeply clearly and insightfully about complex policy issues This books reflects the viewpoint that the best policies normally come from efforts to synthesize competing camps by drawing upon the best of each of them and by combining them to forge a sensible whole While this book is written to be reader friendly it aspires to in depth scholarship *Politics, the Military and National Security in Jordan, 1955-1967* L. Tal,2002-11-12 Using new archival material Lawrence Tal examines how Jordan remained stable during the volatile period between 1955 and 1967 Tal asserts that Jordan s security was due primarily to the cohesion of its National Security Establishment a ruling coalition of security and foreign policy professionals that included the monarchy the political elite and the military *The Oxford Handbook of U.S. National Security* Derek S. Reveron,Nikolas K. Gvosdev,John A. Cloud,2018-05-01 National security is pervasive in government and society but there is little scholarly attention devoted to understanding the context institutions and processes the U S government uses to promote the general welfare The Oxford Handbook of U S National Security aims to fill this gap Coming from academia and the national security community its contributors analyze key institutions and processes that promote the peace and prosperity of the United States and by extension its allies and other partners By examining contemporary challenges to U S national security contributors consider ways to advance national interests The United States is entering uncharted waters The assumptions and verities of the Washington consensus and the early post Cold War have broken down After 15 years of war and the inability of two presidents to set a new long term U S foreign policy approach in place the uncertainties of the Trump administration symbolize the questioning of assumptions that is now going on as Americans work to re define their place in the world This handbook serves as a how to guide for students and practitioners to understand the key issues and roadblocks confronting those working to improve national security The first section establishes the scope of national security highlighting the important debates to bridge the practitioner and scholarly approaches to national security The second section outlines the major national security actors in the U S government describes the legislative authorities and appropriations available to each institution and considers the organizational essence of each actor to explain behavior during policy discussions It also examines the tools of national security such as diplomacy arms control and economic statecraft The third section focuses on underlying strategic approaches to national security addressing deterrence nuclear and cyber issues and multilateral approaches to foreign policy The final section surveys the landscape of contemporary national security challenges This is a critical resource for anyone trying to understand the complex mechanisms and institutions that govern U S national security *The Politics of Terror* William J. Crotty,2004 In this timely work a team of experts addresses the question of how a democracy faces the challenge of balancing legitimate homeland security concerns against the rights and freedoms of its citizens National Security League United States. Congress. House. Special committee to investigate the National Security League. [from old catalog],1918 **Fixing the**

**Facts** Joshua Rovner, 2011-07-26 Rovner explores the complex interaction between intelligence and policy and shines a spotlight on the problem of politicization

**Congress and the Politics of National Security** David P. Auerswald, Colton C. Campbell, 2012 This volume examines variation in the ways Congress has engaged federal agencies overseeing our nation's national security as well as various domestic political determinants of security policy

**National Security** Donald M. Snow, 2019-07-11 The seventh edition of this highly successful textbook analyzes the history evolution and processes of national security policies It examines national security from two fundamental fault lines the end of the Cold War and the evolution of contemporary terrorism dating from the 9 11 terrorist attacks and traces their path up to ISIS and beyond The book considers how the resulting era of globalization and geopolitics guides policy Placing these trends in conceptual and historical context and following them through military semimilitary and nonmilitary concerns National Security treats its subject as a nuanced and subtle phenomenon that encompasses everything from the global to the individual with the nation at its core New to the Seventh Edition An assessment of the impact of the Trump presidency on national security and relevant domestic policies including border security and energy security matters The continuing impact and evolution of terrorism as a security problem with notable emphasis on the decline of the Islamic State IS and what terrorist threats are likely to succeed it A description of the cyber security problem with an emphasis on Russian efforts to interfere with the 2016 US presidential election and beyond A revised delineation of the geographic and substantive challenges facing the United States in the form of a chapter on lethal landscapes emphasizing the rise of China as a global rival and opponent in Asia and an attempt to deal with state aspirants like the Kurds This book will continue to be highly beneficial to students and scholars working and studying in security studies military and strategic studies defense studies foreign policy US politics and international relations

**US National Security** John Allen Williams, Stephen J. Cimbala, Sam Charles Sarkesian, 2022 Introduces and explores the full range of actors processes and politics involved in the US national security process

**Thinking About National Security** Donald Snow, 2015-07-16 A Choice Outstanding Academic Title for 2016 Perhaps the most basic national security question that U S leaders and the body politic continuously face is where and under what circumstances to consider and in some cases resort to the use of armed force to ensure the country's safety and well being The question is perpetual but the answer is not This insightful text helps students make sense of the ever changing environment and factors that influence disagreement over national security risks and policy in the United States The book takes shape through a focus on three considerations strategy policy and issues Snow explains the range of plans of action that are possible and resources available for achieving national security goals as well as the courses of action for achieving those goals in the context of a broad range of security problems that must be dealt with However there is little agreement among policymakers on exactly what is the nature of the threats that the country faces Snow helps readers frame the debate by suggesting some of the prior influences on risk assessment some of the current influences on national security debates

and suggestions for how future strategy and policy may be shaped

The Top Books of the Year The Politics Of National Security The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels enthralling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the fascinating narratives that have charmed audiences this year. The Politics Of National Security : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. The Politics Of National Security : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
