Problems and Planning in Third World Cities (Routledge Revivals) Michael Pacione, 2013-10-18 When this title was first published in 1981 growing concern for the future of cities and those who inhabited them stimulated by trends in global urbanisation had resulted in much emphasis being placed on a problem solving approach to the study of the city The chapters in this edited collection a companion to *Urban Problems and Planning in the Developed World* Routledge Revivals 2013 consider the problems and planning activities in a number of cities across the world Varied case studies including Mexico City Bogota and Shanghai reflect the differing economic cultural and political regimes of the modern world and ensure the continued value of this comprehensive work

Political Legitimacy and Housing Beng-Huat Chua, 2002-09-11 Singapore's successful public housing programme is a source of political legitimacy for the ruling People's Action Party Beng Huat Chua accounts for the success of public housing in Singapore and draws out lessons for other nations Housing in Singapore he explains in this incisive analysis is seen neither as a consumer good as in the US nor as a social right as in the social democracies of Europe The author goes on to look at the ways in which Singapore's planners have dealt with the problems of creating communities in a modern urban environment He concludes that the success of the public housing programme has done much for Singapore

The Urban Politics of Policy Failure John

Lauermann,Cristina Temenos,2022-07-28 This book contributes to debates in geography and urban studies by analysing the spatial dimensions and politics of urban policy failure Attention is most often paid to successful urban policies Policymakers go to great lengths to emulate success by importing policy models implementing best practices or pursuing silver bullet solutions Yet stories of failure are at least as common as those of success Some policies fail to launch in the first place Others struggle to deliver their goals Many collapse under the weight of poor administration insufficient funding or political opposition This book establishes a vocabulary and set of analytical approaches for researching the spatial dynamics and impacts of urban policy failure With a geographically diverse set of cases the authors explore topics including policy im mobility urban policy experiments and governance initiatives ranging from sustainability to housing to public health across Europe North America and Asia The chapters in this book were originally published as a special issue of the journal Urban Geography

The Politics of Civic Space in Asia Amrita Daniere, Mike Douglass, 2008-09-25 This book explores how and why civic spaces are used by different communities in Asia and what role urban governance and public participation play in the support or demise of communities Using case studies of contemporary city life throughout the contributors provide insights into the importance and value of civic space arguing that civic spaces provide not only the physical sites for civil society to function autonomously but also provide a sense of place in the form of identity meaning memory history and linkages with the wider world Each chapter focuses on the production of and access to civic spaces in a particular Asian city as well as examples of successes and failures that can inform urban policy regarding inclusive tolerant and socially vibrant city life through focused attention on the provision and continuity of civic space This book is designed to provide information to policymakers researchers and students of the developing world regarding the importance and value of civic space in terms of creating and supporting urban communities As such The Politics of Civic Space in Asia will be an invaluable resource for those interested in urban planning urban design public policy and political science as well as Asian studies more generally

The East Asian Welfare Model Roger Goodman, Huck-Ju Kwon, Gordon White, 2006-12-05 For many politicians and observers in the West East Asia has provided a broad range of positive images of the state s intervention in society Neoliberals grew excited by popular welfare systems that cost little in expenditure and bureaucracy Social democrats thought they had found a model for social cohesion and equality In fact the reality in East Asia is rather different from these stereotypes In this book six specialists of six different societies in East Asia Japan South Korea Taiwan China Singapore and Hong Kong examine the role of the state in their welfare systems There are detailed case studies on pensions health insurance housing and personal social services They provide an up to date detailed account of how these systems have developed as well as an examination of the question of whether these welfare regimes are the natural outgrowth of cultural traditions or the result of economic and political conditions This broad ranging and detailed study will be welcomed by both students and policy makers as the first proper academic study in English to have such a wide coverage of this topic Its clarity

and authority should come as a welcome alternative to the more common misconceptions about Asian society

Community-Based Urban Development Im Sik Cho, Blaž Križnik, 2016-12-04 The book compares different approaches to urban development in Singapore and Seoul over the past decades by focusing on community participation in the transformation of neighbourhoods and its impact on the built environment and communal life Singapore and Seoul are known for their rapid economic growth and urbanisation under a strong control of developmental state in the past However these cities are at a critical crossroads of societal transformation where participatory and community based urban development is gaining importance This new approach can be seen as a result of a changing relationship between the state and civil society where an emerging partnership between both aims to overcome the limitations of earlier urban development The book draws attention to the possibilities and challenges that these cities face while moving towards a more inclusive and socially sustainable post developmental urbanisation By applying a comparative perspective to understand the evolving urban paradigms in Singapore and Seoul this unique and timely book offers insights for scholars professionals and students interested in contemporary Asian urbanisation and its future trajectories

Neighbourhoods for the City in Pacific Asia Kong Chong Ho, 2025-10-01 The largest cities in Pacific Asia are the engines of their countries economic growth seats of national and regional political power and repositories of the nation s culture and heritage The economic changes impacting large cities interact with political forces along with social cultural concerns and in the process also impact the neighbourhoods of the city Neighbourhoods for the City in Pacific Asia looks at local collective action and city government responses and its impact on the neighbourhood and the city A multi sited comparative approach is taken in studying local action in five important cities Bangkok Hong Kong Seoul Singapore and Taipei in Pacific Asia With site selection in these five cities guided by local experts neighbourhood issues associated with the fieldsites are explored through interviews with a variety of stakeholders involved in neighbourhood building and change The book enables comparisons across a number of key issues confronting the city heritage Bangkok and Taipei local community involved provisioning of amenities Seoul and Singapore placemaking versus place marketing Bangkok and Hong Kong Cities are becoming increasingly important as centers for politics citizen engagement and governance The collaborative efforts city governments establish with local communities become an important way to address the liveability of cities

The Political Economy of City Branding Ari-Veikko Anttiroiko, 2014-02-24 Globalization affects urban communities in many ways One of its manifestations is increased intercity competition which compels cities to increase their attractiveness in terms of capital entrepreneurship information expertise and consumption This competition takes place in an asymmetric field with cities trying to find the best possible ways of using their natural and created assets the latter including a naturally evolving reputation or consciously developed competitive identity or brand The Political Economy of City Branding discusses this phenomenon from the perspective of numerous post industrial cities in North America Europe East Asia and Australasia Special attention is given to

local economic development policy and industrial profiling and global city rankings are used to provide empirical evidence for cities characteristics and positions in the global urban hierarchy On top of this social and urban challenges such as creative class struggle are also discussed The core message of the book is that cities should apply the tools of city branding in their industrial promotion and specialization but at the same time take into account the special nature of their urban communities and be open and inclusive in their brand policies in order to ensure optimal results This book will be of interest to scholars and practitioners working in the areas of local economic development urban planning public management and branding

The Politics of Urban Governance Jon Pierre,2011-02-01 The study of urban governance provides a valuable insight into economic social and political forces and how they shape city life But who and what are the real drivers of change This innovative text casts new light on the issues and re examines the state of urban governance at the start of the twenty first century Jon Pierre analyses four models of urban governance management corporatist pro growth and welfare Each is assessed in terms of its implications for the major issues interests and challenges in the contemporary urban arena Distinctively Pierre argues that institutions and the values which underpin them are the driving forces of change The book also assesses the impact of globalization upon urban governance The long standing debate on the decline of urban governance is re examined and reformulated by Pierre who applies a wider international approach to the issues He argues that the changing cast of private and public actors combined with new forms of political participation have resulted in a transformation rather than a decline of contemporary urban governance

Singapore's Real Estate Ngee Huat Seek,Tien Foo Sing,Shi Ming Yu,2016 Singapore s Real Estate 50 Years of Transformation documents the transformation and development of the real estate market in Singapore over the past 50 years This volume is organised around two major themes and covers issues from the bricks and mortar to the capital markets and from local to international real estate markets The themes aptly describe how real estate has played an important role in the economic development and growth of Singapore from a third world to a first world country Written by well renowned experts with deep academic and practical knowledge of the progress of real estate in Singapore this book highlights the uniqueness of real estate markets and institutions in Singapore which have constantly been replicated and adopted in other markets Provided by publisher

Urban Development in China under the Institution of Land Rights Jieming Zhu,2019-09-17 How have the development and redevelopment of China s cities since the early 1950s transformed the settlements and fortunes of a fifth of the world s population Rapid urbanization since the 1980s has changed the nation from a rural society to an urban one marking it as one of the most significant transformations in history As a country with severe land scarcity land resources are intensively contested for during urbanization under the new regime of marketization This book focuses on the impact of the institution of land rights that have transitioned from private ownership to socialist state ownership and subsequently to public land leasing in the urban domain and to collective ownership in rural areas In the context of defining the relationship

between the state and the market the gradualist transition of land rights gives rise to intriguing processes of place making The elaboration of these processes will engage several revealing conceptual notions land as a means of production land commodification ambiguous land rights incomplete land rights trading land use rights for land development rights institutional uncertainty land rent seeking and dissipating local developmental state danwei enterprises and more The newly created landed interests are embedded intricately within the urban spatial structure This book would especially be of interest to scholars interested in developmental economics urban planning geography public policies public management and sociology and also practitioners focusing on development and planning The Political Economy of Transnational Governance Hong Liu, 2021-11-29

The past two decades have witnessed far reaching socioeconomic and political changes in Asia such as the growing intraregional flows of capital goods people and knowledge the rise of China as the world's second largest economy and its increasing influence in Southeast Asia intensified US China confrontations in the global arena and the onslaught of the global Covid 19 pandemic Focusing on multidimensional interactions including geopolitical and economic relationships diaspora engagement and knowledge exchange between China and Southeast Asia this book argues that an interwoven perspective of the political economy transnational governance and regional networks serves as an effective analytical framework for deciphering these transformations as well as their global and theoretical implications Drawing upon a wide range of primary data and engaging with the latest interdisciplinary scholarship on contemporary Asia this book's thought provoking and nuanced analyses will appeal to scholars and students in Chinese and Southeast Asian studies international political economy international relationships ethnic and migration studies and public governance The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license The Political Economy of Land Mika

Hyötyläinen, Robert Beauregard, 2022-11-30 Recent years have seen a gathering interest in the importance of real estate development to the growth and development of cities This has included theoretical work on such topics as land rent and property rights as well as empirical studies on property investments assetization securitization and the effects of changing property values on economic growth and the global status of cities In the field of urban political economy attention has turned particularly to the financialization of land and the built environment and to the globalization of property ownership real estate development and architectural design This edited volume brings together a collection of original investigations of the current thinking on three broad themes the assetization of land and buildings the relationship of land rent to valuation and speculation in the markets for private and public properties and the different ways in which land functions as a social relation In order to ground the discussion each chapter combines a theoretical perspective with empirical evidence And to convey a sense of the global nature of these phenomena the book includes cases from Finland India Spain Singapore Hong Kong Japan Italy China and the United States Although its prime goal is to solidify and extend the political economy of land

this book is also a celebration of the Finnish scholar Anne Haila who was a major contributor to this literature and specifically to the work of this book's authors. Prior to her sudden death in 2019 she was a key figure in the discussions that are at the core of the political economy of land. This book in part is a public acknowledgement of her contributions.

Regional Development and Planning for the 21st Century Allen G. Noble, Frank J. Costa, Robert B. Kent, 2019-10-28
Regional Development and Planning for the 21st Century examines a number of related themes including the traditional approach of local and regional planning initiatives developed within the context of national goals, the current decline of bipolar political and ideological blocs, political decentralization and concurrent economic centralization including the growth of multinational corporations, devolution of centralized planning powers to regions and localities and the rise and acceptance of sustainable development concepts. The book is divided into five parts addressing 1 adjustments to political, economic and social change 2 the problems of urban housing and housing and health 3 adjustments to environmental change, development policies and sustainability 4 the problem of rapid urban growth and mega cities 5 adjustments of changing urban networks. The contributors are from several countries worldwide and the chapters examine the issues at a global level. **Planning the Megacity** Christopher Silver, 2007-11-27 Expert Christopher Silver shows how Jakarta was transformed from a colonial capital into a megacity of well over ten million inhabitants.
