Reinventing Eden Carolyn Merchant, 2013 Visionary quests to return to the Garden of Eden have shaped Western culture from Columbus voyages to today's tropical island retreats Few narratives are so powerful and as Carolyn Merchant shows so misguided and destructive as the dream of recapturing a lost paradise A sweeping account of these quixotic endeavors by one of America's leading environmentalists Reinventing Eden traces the idea of rebuilding the primeval garden from its origins to its latest incarnations in shopping malls theme parks and gated communities With eloquence and insight Merchant shows how the drive to conquer nature and to explore and settle the globe springs from this utopian pastoral impulse throughout Western history Time and again human manipulation of the environment is our downfall Eden is achieved by fencing off pristine beauty in national parks and wildlife preserves while leaving the majority of the earth in ruins Challenging both narratives Merchant argues that the green veneer of city park conservation has become a cover for the corruption of the earth and the neglect of its environment Reinventing Eden is a bold new way to think about the earth that includes green political parties sustainable development and a partnership between humans and earth that is nothing short of an ecological revolution

Romantic revolutionary became a staunch defender of tradition *Signs of the Signs* William Brevda, 2011-05-16 This book is a study of signs in American literature and culture It is mainly about electric signs but also deals with non electric signs and related phenomena such as movie sets The sign is considered in both the architectural and semiotic senses of the word It is argued that the drama and spectacle of the electric sign called attention to the semiotic implications of the sign In fiction poetry and commentary the electric sign became a sign of manifold meanings that this book explores a sign of the city a sign of America a sign of the twentieth century a sign of modernism a sign of postmodernism a sign of noir a sign of naturalism a sign of the beats a sign of signs systems the Bible to Broadway a sign of tropes the Great White way to the neon jungle a sign of the writers themselves a sign of the sign itself If Moby Dick is the great American novel then it is also the great American novel about signs as the prologue maintains The chapters that follow demonstrate that the sign is indeed a sign of American literature After the electric sign was invented it influenced Stephen Crane to become a nightlight impressionist and Theodore Dreiser to make the fire sign his metaphor for the city An actual Broadway sign might have inspired F Scott Fitzgerald s *The Great Gatsby* In *Manhattan Transfer* and *U S A* John Dos Passos portrayed America as just a spectacular sign William Faulkner s electric signs are full of sound and fury signifying modernity *The Last Tycoon* was a sign of Fitzgerald s decline The signs of noir can be traced to Poe s *The Man of the Crowd* Absence flickers in the neons of Raymond Chandler s *Los Angeles* The death of God haunts the neon wilderness of Nelson Algren Hitler s empire was an non intentional parody of Nathanael West s *California* The beats reinvented Times Square in their own image Jack Kerouac s search for the center of Saturday night was a quest for transcendence **A Dante Profile** Franca Schettino, 1967 *Dante in America* A.
