The Power Of History:

The Power of Scale: A Global History Approach John Bodley, 2015-06-01 Throughout history the natural human inclination to accumulate social power has led to growth and scale increases that benefit the few at the expense of the many John Bodley looks at global history through the lens of power and scale theory and draws on history economics anthropology and sociology to demonstrate how individuals have been the agents of social change not social classes Filled with tables and data to support his argument this book considers how increases in scale necessarily lead to an increasingly small elite gaining disproportionate power making democratic control more difficult to achieve and maintain **The Power of the Poor in History** Gustavo Gutierrez, 2004-10-29 Gustavo Gutierrez the doyen of the Latin American liberation theologians published his landmark *A Theology of Liberation* in English in 1973 In *The Power of the Poor in History* he presents in eight major essays his developing theological insights **The Power of Neo-Slave Fiction and Public History** Grant Rodwell, 2023-10-13 Professional historians schools colleges and universities are not alone in shaping higher order understanding of history The central thesis of this book is the belief historical fiction in text and film shape attitudes towards an understanding of history as it moves the focus from slavery to the enslaved from the institution to the personal families and feminist accounts In a broader sense this contributes to a public history In part using the quickly growing corpus of neo slave counterfactual narratives this book examines the notion of the emerging slavery public history and the extent to which this is defined by literature film and other forms of artistic expression rather than non fiction popular or scholarly and education in history in the school systems Inter alia this book looks to the validity of historical fiction in print or in film as a way of understanding history A focal point of this book is the hypothesis that neo slave narratives supported by selective triangulated readings and viewings of scholarly works and non fiction have assisted greatly in re shaping the historiography of antebellum slavery and scholarly historians followed in the wake of these developments Essentially this has meant a re shaping of the historiography with a focus from slavery to that of the enslaved Moreover it has opened new vistas for a public history devoid of top down authoritative scholarship An important and provocative read for students and scholars interested in understanding the history of slavery its harrowing effects and how it was culturally defined **A faithful history of the late discussions in Bengal, on the power of transportation without trial, assumed as a right by the supreme government of India, to be exercised on any Englishman, who may honestly avail himself of the freedom of the press. Wortman, 2017-11-30 This book examines the rhetorical force of certain key words in the discourses of Russian state political thought and literature It shows how terms for cultured conduct kul turnost political affection love liubov joy radost etc personhood lichnost truth pravda and geographical integrity tsel nost assumed almost sacral meaning It considers how these terms took on a life of

their own imposing the designs of the Russian state and defining the hopes of educated society in the process By exploring the usage of these words in a wide range of texts Richard Wortman provides glimpses into the ideas and feelings of leading figures and thinkers in Russian history from Peter the Great to Alexander Herzen and Nicholas Berdiaev as well as writers like Mikhail Lermontov Ivan Turgenev and Fedor Dostoevsky giving a sense of the intellectual and emotional universe they inhabited The Power of Language and Rhetoric in Russian Political History provides both students and scholars with a specific focus through which to approach Russian culture and history This book is essential reading for students of Russian government thought literature and political action **Air Power History** Sebastian Cox, Peter Gray, Peter W.
