The Power Of The Press:

The Power of the Press Thomas C. Leonard, 1986-03-20 Many books have shown that journalists have political power but none have offered a more wide ranging account of how they got it The Power of the Press is a pioneering look at the birth of political journalism Before the American Revolution Thomas Leonard notes the press in the colonies was a timid enterprise poorly protected by law and shy of government Newspapers helped make the Revolution but they were not fully aware of the way they could fit into a democracy It was only in the nineteenth century that journalists learned to tell the stories and supply the pictures that made politics a national preoccupation Leonard traces the rise of political reporting through some fascinating corridors of American history the exposes of the Revolutionary era the unfeeling accuracy of Congressional reporting the role of the New York Times and Harper s Weekly in attacking New York City s infamous Tweed Ring and the emergence of muckraking at the beginning of our century The increasing power of the press in the political arena has been a double edged sword Leonard argues He shows that while political reporting nurtured the broad interest in politics that made democracy possible this journalism became a threat to political participation

The Power of the Press Chris Raible, 1997-06-01 The story of the early presses and colourful figures behind the fight for editorial freedom in Canada Printing came to Canada as a tool of colonial rule and the first printereditors depended on the goodwill of officialdom If they disagreed with those in office they kept silent or were silenced But the press was too powerful to be muffled forever There was a growing market for political debate and some editors sought a larger role using their newspapers to voice opinions challenge policies expose errors and even promote candidates at election time The Power of the Press traces the exponential growth of the industry over 150 years intertwining portraits of key figures with the history of the development of printing in Canada from the king s printers to editors Joseph Howe the Novascotian in Halifax William Lyon Mackenzie the Colonial Advocate in York George Brown the Globe in Toronto Buckingham and Caldwell the Nor Wester in Fort Garry and Amor de Cosmos the British Colonist in Victoria whose impassioned words sparked controversy and even rebellion during the formative years of the nation Illustrated throughout with photos of printers and presses in action at historic sites including Upper Canada Village Black Creek Pioneer Village Kings Landing Mackenzie House and the Mackenzie Printery and Newspaper Museum this book will appeal to readers interested in the early press s role in the history of Canada and the equipment and tools of the letterpress era

Lincoln and the Power of the Press Harold Holzer, 2014-10-14 Lincoln believed that with public sentiment nothing can fail without it nothing can succeed Harold Holzer makes a significant contribution to our understanding of Lincoln s leadership by showing us how deftly he managed his relations with the press of his day to move public opinion forward to preserve the Union and abolish slavery Doris Kearns Goodwin From his earliest days Lincoln devoured newspapers As he started out in politics he wrote editorials and letters to argue his case He spoke to the public directly through the press He even bought a German language newspaper to appeal to that growing electorate in his state

Lincoln alternately pampered battled and manipulated the three most powerful publishers of the day Horace Greeley of the New York Tribune James Gordon Bennett of the New York Herald and Henry Raymond of the New York Times When war broke out and the nation was tearing itself apart Lincoln authorized the most widespread censorship in the nation s history closing down papers that were disloyal and even jailing or exiling editors who opposed enlistment or sympathized with secession The telegraph the new invention that made instant reporting possible was moved to the office of Secretary of War Stanton to deny it to unfriendly newsmen Holzer shows us an activist Lincoln through journalists who covered him from his start through to the night of his assassination when one reporter ran to the box where Lincoln was shot and emerged to write the story covered with blood In a wholly original way Holzer shows us politicized newspaper editors battling for power and a masterly president using the press to speak directly to the people and shape the nation
