THE DRAMA

In the past, Random House has published the texts of more outstanding plays than all the other trade publishers in America combined. The following is only a partial list of the celebrated dramatists whose works have been published in the United States under the Random House imprint: Eugene O'Neill, Lindsay and Crouse, Kaufman and Hart, S. N. Behrman, Sidney Kingsley, John van Druten, Joshua Logan, T. S. Eliot, Herbert and Elinor, and Thornton Wilder.

The big contemporary drama series, edited by John Thompson, includes such new masterpieces of the modern American stage as the "Great American Drama Series" — plus a stimulating survey of the "Great American Drama Series" by John Thompson, editor of the series, and George S. Kaufman, one of the series' leading writers.

Blair Unbound Anthony Seldon, 2008-09-04 The first volume of Anthony Seldon's riveting and definitive life of Tony Blair was published to great acclaim in 2004. Now as the Labour Party and the country get used to the idea of a new leader and a new Prime Minister, Seldon delivers the most complete authoritative and compelling account yet of the Blair premiership. Picking up the story in dramatic fashion on 11 September 2001, Seldon recaps very briefly Blair's trajectory to what may now be regarded as the high point of his leadership and then brings us right up to date as Blair hands over the reins to his arch rival Gordon Brown. Based on hundreds of original interviews with key insiders, many of whose views have hitherto been kept private, **BLAIR UNBOUND** serves both as a fascinating volume, two of this masterclass in political biography and a highly revealing and compelling book in its own right. Congressional Record United States Congress, 1984 **The London Underground: Public Private Partnership 1997-2010** Stephen Glaister, 2025-01-09 This book provides an inside account of the intense battle between London Mayor Ken Livingstone, Chancellor Gordon Brown and Prime Minister Tony Blair over control of the London Underground and the failed implementation of the UK's largest Private Finance Initiative and Public Private Partnership deal. Despite spending over 450 million on consultancy and five years of government effort, the project collapsed after just seven of its intended 30 years. Using documents released under confidentiality, the book details New Labour's persistence even as the plan fell apart under scrutiny. It reveals personal struggles, political spin and character assassinations while analysing technical issues and expert predictions of failure. The book offers lessons on large-scale public service procurement, comparing private and public ownership, efficient borrowing, consultant use and the importance of scrutiny and accountability. **Proposed Grazing Management Program for the Hualapai-Aquarius EIS Area, Mohave and Yavapai Counties, Arizona**, 1981 *Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971* New York Public Library.
