The Prison Experience An Anthology:

Prison Etiquette Holley Cantine, Dachine Rainer, 2001-02-28 Of the fifty thousand Americans who declared themselves conscientious objectors during World War II nearly six thousand went to prison many serving multiyear sentences in federal lockups Some conscientious objectors notably Robert Lowell William Everson and William Stafford went on to become important figures in the literary life of their country while others were participants and teachers in the civil rights and antiwar movements of the 1950s 1960s and 1970s This long out of print book reprinted from the rare original 1951 edition collects firsthand accounts by conscientious objectors who were imprisoned for their beliefs *Prison Etiquette* is illustrated with eleven line drawings by Lowell Naeve *The prison experience* Karel Weiss, 1976 **Transgender and Non-Binary Prisoners' Experiences in England and Wales** Olga Suhomlinova, Saoirse Caitlin O'Shea, 2024-11-28 Rich in inimitable detail *Transgender and Non Binary Prisoners Experiences in England and Wales* documents the lived experiences of trans women and non binary persons incarcerated in men s prisons critically analysing Prison Service policies and practices to suggest ways to improve their conditions of confinement *Beyond These Walls* Tony Platt, 2019-01-08 You should definitely read this book What really struck me in reading *Beyond These Walls* was that Tony Platt had very seriously and carefully considered the contributions of social movements feminist queer disability and labor Angela Davis *Beyond These Walls* is an ambitious and far ranging exploration that tracks the legacy of crime and imprisonment in the United States from the historical roots of the American criminal justice system to our modern state of over incarceration and offers a bold vision for a new future Author Tony Platt a recognized authority in the field of criminal justice challenges the way we think about how and why millions of people are tracked arrested incarcerated catalogued and regulated in the United States *Beyond These Walls* traces the disturbing history of punishment and social control revealing how the criminal justice system attempts to enforce and justify inequalities associated with class race gender and sexuality Prisons and police departments are central to this process but other institutions from immigration and welfare to educational and public health agencies are equally complicit Platt argues that international and national politics shape perceptions of danger and determine the policies of local criminal justice agencies while private policing and global corporations are deeply and undemocratically involved in the business of homeland security Finally *Beyond These Walls* demonstrates why efforts to reform criminal justice agencies have often expanded rather than contracted the net of social control Drawing upon a long tradition of popular resistance Platt concludes with a strategic vision of what it will take to achieve justice for all in this era of authoritarian disorder *The Oxford History of the Prison* Norval Morris, David J. Rothman, 1998 Ranging from ancient times to the present a survey of the evolution of the prison explores its relationship to the history of Western criminal law and offers a look at the social world of prisoners over the centuries *Prison Writing and the Literary World* Michelle Kelly, Claire Westall, 2020-10-27 *Prison Writing and the Literary World* tackles international prison writing and writing about imprisonment in relation to questions

It brings the gendered nature of such sites to the fore finding women where none were thought to gather and reveals that despite the diversity in these spaces there existed a dynamic and symbiotic relationship between radical culture and the sites in which it operated. These venues were both shaped by and helped to shape the political identity of a generation of radical men and women who envisioned a new social and political order for Britain.

Writing Resistance in Northern Ireland Aimée Walsh, 2024-04-02 Writing Resistance in Northern Ireland is an examination of feminist republicanism s in the north of Ireland between 1975 and 1986 Republican prison protest was rife during this period and fractures opened up between the feminist and republican movements Despite their shared objective of self determination the two movements did not achieve a natural or total congruence While it has been argued that there is a disjuncture between feminism and nationalism this book argues for a new perspective on feminist republicanism s in the north and tells the story of a niche collective of republican feminists who came to the fore during the Troubles and sought bodily political and economic autonomy The book examines source material including historical narratives jail writings journalism documentary film and literary texts and paints a vivid picture of a movement of republican feminist women s writing concerned with political crisis gender and the nation Aimée Walsh uses the plural republicanism s as a way of encapsulating the varied iterations of nationalist feminism from militant republicanism in Armagh Gaol to a non violent literary nationalist feminism This examination of the interaction between nationalism and gender shows how the study of women s writing can offer a paradigm shift in the history of the Troubles as seen through a feminist lens

Convict Voices Anne Schwan, 2014-12-02 In this lively study of the development and transformation of voices of female offenders in nineteenth century England Anne Schwan analyzes a range of colorful sources including crime broadsides reform literature prisoners own writings about imprisonment and courtroom politics and conventional literary texts such as Adam Bede and The Moonstone Not only does Schwan demonstrate strategies for interpreting ambivalent and often contradictory texts she also provides a carefully historicized approach to the work of feminist recovery Crossing class lines genre boundaries and gender roles in the effort to trace prisoners authors and female communities imagined or real

Schwan brings new insight to what it means to locate feminist or protofeminist details arguments and politics In this case she tracks the emergence of a contested and often contradictory feminist consciousness through the prism of nineteenth century penal debates The historical discussion is framed by reflections on contemporary debates about prisoner perspectives to illuminate continuities and differences Convict Voices offers a sophisticated approach to interpretive questions of gender genre and discourse in the representation of female convicts and their voices and viewpoints For Abolition David Scott,2020-11-05 According to Jonathan Swift 1667 1745 Laws are like cobwebs which may catch small flies but let wasps and hornets break through Connecting the politics of abolition to wider emancipatory struggles for liberation and social justice this book argues that penal abolitionism should be understood as an important public critical pedagogy and philosophy of hope that can help to reinvigorate democracy and set society on a pathway towards living in a world without prisons For Abolition draws upon the socialist ethics of dignity empathy freedom and paradigm of life to systematically critique imprisonment as a state institution characterised by social death A systematic critique of imprisonment which challenges established views and myths Examines why there still exists so much political and other misguided support for a long failing institution Reviews A thoroughly engaging and passionate challenge to dominant understandings of crime and punishment Prisons are revealed as sites of mental and physical brutality utterly incapable of providing constructive transformative regimes Professor Emma Bell University of Savoie A timely and urgent reminder of the need for Abolition excellently exposes prisons as institutions of domination repression and power A must read for all concerned with the state of prisons Dr Kathryn Chadwick Manchester Metropolitan University A book that should be cherished by scholars students practitioners and activists alike it is rare to find a text so sensitively and empathically composed Dr Alana Barton Edge Hill University
