13 Extrapolations from Fugazi's 13 Songs Duncan Dobson, 2012-09-02 A song by song commentary on the lyrics of 13 Songs the first album by the post punk band Fugazi *Song of Songs: An Introduction and Study Guide* J. Cheryl Exum, 2022-07-14 The Song of Songs also known as the Song of Solomon is an unusual book to find in the Bible As the Bible's only love poem the Song offers a unique picture of relations between the sexes in biblical times Unlike other biblical books it consists entirely of dialogue It looks at love from both a woman's and a man's point of view and shows the reader what love is like exclusively through what lovers say about it There are few issues in Song of Songs interpretation that are not open to debate which makes it a fascinating book to study In this Guide Cheryl Exum provides a concise survey of the principal questions encountered in Song of Songs scholarship She also takes the discussion beyond the traditional research questions to introduce readers to new and ongoing areas in Song of Songs research Bibliographies and suggestions for further reading at the end of each chapter provide additional resources for readers interested in pursuing specific topics and exploring new directions in the study of the Song of Songs **Hit Songs, 1900-1955** Don Tyler, 2007-04-16 This is a chronology of the most famous songs from the years before rock n roll The top hits for each year are described including vital information such as song origin artist's and chart information For many songs the author includes any web or library holdings of sheet music covers musical scores and free audio files An extensive collection of biographical sketches follows providing performing credits relevant professional awards and brief biographies for hundreds of the era's most popular performers lyricists and composers Includes an alphabetical song index and bibliography *Song of Songs* Tremper Longman, 2001-09-24 Relationships are a wonderful mysterious often elusive sometimes painful part of the human experience The most intimate of all human relationships according to the Bible is that between a husband and a wife It is no surprise therefore that there is a book of the Bible the Song of Songs that focuses on this relationship What is surprising is how little attention is given to the Song of Songs by scholars by the church and by readers of the Bible With this volume Tremper Longman III unpacks for modern people what this ancient love poem says about the male female relationship and by analogy about God's love for his people Longman's superb study begins with a thorough introduction to the Song of Songs and its background Longman discusses the book's title authorship date literary style language structure cultural milieu and theological content He also canvasses the long history of interpretation of the Song of Songs a history too often characterized by repression of the text In the commentary itself Longman structures the Song of Songs according to its twenty three poetic units and explains its message verse by verse The exposition is made clearer by Longman's adoption of an anthropological approach to the text and

by his frequent comparisons of the Song of Songs with other ancient Near Eastern literature Learned yet highly accessible innovative yet fully informed by past scholarship this commentary shows the beautiful Song of Songs to be a timeless celebration of human love and sexuality
