Hatchell,2004-11 Life is a series of attempts to accomplish specific goals and within our personal attempts we are forced to make many choices What seems to be a minor decision today can actually be the one decision that changes the rest of your life The little white lie we told that new girl at work that your wife will never know about or the one night you decided to drink and drive It's not always fair because some decisions have to be made in the matter of seconds These are the ones that tend to hinder us for a lifetime Your life is your Tightrope and how you choose to walk it today will affect your position tomorrow Majority of us have hit a point in our lives when we're not quite sure which way to go This normally begins from the moment high school is over Follow these characters as they journey down their own path of reaching adulthood Terrill Darnell and Shannon are individually very different But once the crew is together the bond is quite evident More than just friends they were family Family is the one thing that holds some of us together as well as the one thing that tears some of us apart We never know how strong our bonds are to one another until adversity hits We never know if we're all meant to go the same direction until there is a fork in the road Ask yourself are you proud of the decisions you've made Life is delicate and with temptations always lined up to pull you off course you must remain stable while walking down your own TIGHTROPE
