MACABRE THRILLER For Those Who Love POE Clive BARKER and The TWILIGHT ZONE Purisima Concepci n Mission Tej s  
1716 Despelleja los diablos rojos vivos cried Guarco More soldiers ran past the Spanish jailer as he cheered them on Skin the  
red devils alive I say And may God damn them to hell Roaring with laughter Guarco forced the jail door shut against the  
whiplash wind and secured it With the intense heat of the day colliding with the cold of this evening tempest hail and worse  
would soon follow Pulling a torch from its hammered sconce he made his way from the jail s anteroom and down its unlit  
corridor to look in on his newest prisoner Brezo She did not lift her chin from her chest Witch he growled You hurt my friend  
You let him kiss and kiss and kiss and you ate his tongue You chewed out his eyes while he choked on his own blood Y you  
you ou Brezo moved so quickly Guarco did not even see her head jerk or shudder let alone rise her upturned eyes so intense  
the whites so bared it looked as if two hard boiled eggs had been set into her sockets And for the first time in his life Guarco  
the jailer felt he had become the prisoner So begins Heather s Treehouse a tale sprigging from the brutal black magic of  
Native American witchcraft vengeance and the savage merciless end of things in the Old World gone to seed in 1716 and  
burgeoning 272 years later in the far more modern world of 1988 Edgewood Texas On the outskirts of this sleepy little town  
the purest form of evil has been nurtured by the blood and somatic fluids of centuries of slaughter and simmering hatred  
gestating within a morbidly gnarled black oak named Heather s Treehouse by fifteen year old aspiring author Matley Joe  
Roberts For Matley Sheriff R J Whittaker and the elderly Tawakoni Indian Pappy Sobs the horrific and grisly fight to save  
Edgewood is a fight not only to save their home and its unsuspecting populace but also their own souls and the higher ideals  
of humanity It is a reckoning that quickly escalates into the first battle in a timeless war of tribalism versus individualism  
ensconced identity fueled vengeance versus commonsense and reason the inevitable result an epic total war ruin that could  
threaten all of mankind if allowed to flourish and spread beyond the borders of Edgewood And that says the ever wise Pappy  
Sobs to young Matley is why we fight Cause the very Devil himself might run this world but he still doesn t own it Not as long  
as we never ever ever lie down Broadstone creates three dimensional mythologies for his fictional worlds and with Heather s  
Treehouse suggests that if the bad histories man keeps buried underground aren t exhumed they will find a way to burst  
forth and reclaim an unassuming civilization with a bloody vengeance With sharply defined characters inhabiting a small  
town familiarity the reader becomes invested in the misfits the bullies and the civil servants to the point where their  
commingling with supernatural forces results in genuine mind altering shock Written with page turning urgency Heather s  
Treehouse is yet another gem from an innovative literary mind Jonny Numb Heather s Treehouse is full of unexpected twists  
and action It s epic it s blood curdling and its raw human drama left me astounded A tale masterfully crafted and brilliantly

Monstrous Nature

Robin L. Murray, Joseph K. Heumann, 2016. *Godzilla*, a traditional natural monster and representation of cinema's subgenre of natural attack, also provides a cautionary symbol of the dangerous consequences of mistreating the natural world. *Monstrous Nature* on the attack. Horror films such as *Godzilla* invite an exploration of the complexities of a monstrous nature that humanity both creates and embodies. Robin L. Murray and Joseph K. Heumann demonstrate how the horror film and its offshoots can often be understood in relation to a monstrous nature that has evolved either deliberately or by accident and that generates fear in humanity as both character and audience. This connection between fear and the natural world opens up

possibilities for ecocritical readings often missing from research on monstrous nature the environment and the horror film Organized in relation to four recurring environmental themes in films that construct nature as a monster anthropomorphism human ecology evolution and gendered landscapes the authors apply ecocritical perspectives to reveal the multiple ways nature is constructed as monstrous or in which the natural world itself constructs monsters This interdisciplinary approach to film studies fuses cultural theological and scientific critiques to explore when and why nature becomes monstrous **The Suburban Gothic in American Popular Culture** B.
