**David F. Wells**

## **Slouching Towards Gomorrah:**

**Slouching Towards Gomorrah** Robert H. Bork, 2010-11-16 In this New York Times bestselling book Robert H Bork our country's most distinguished conservative scholar offers a prophetic and unprecedented view of a culture in decline a nation in such serious moral trouble that its very foundation is crumbling a nation that slouches not towards the Bethlehem envisioned by the poet Yeats in 1919 but towards Gomorrah *Slouching Towards Gomorrah* is a penetrating devastatingly insightful exposé of a country in crisis at the end of the millennium where the rise of modern liberalism which stresses the dual forces of radical egalitarianism the equality of outcomes rather than opportunities and radical individualism the drastic reduction of limits to personal gratification has undermined our culture our intellect and our morality In a new Afterword the author highlights recent disturbing trends in our laws and society with special attention to matters of sex and censorship race relations and the relentless erosion of American moral values The alarm he sounds is more sobering than ever we can accept our fate and try to insulate ourselves from the effects of a degenerating culture or we can choose to halt the beast to oppose modern liberalism in every arena The will to resist he warns remains our only hope

**Slouching Towards Gomorrah** Joseph B. Fuiten, 1999\* *Losing Our Virtue* David F. Wells, 1999-02 Why the Church must recover its moral vision *Modern Jeremiahs* Mark Stephen Jendrysik, 2008-01-01 This book identifies where modern Jeremiahs place the sources of national decline and their purposed solutions and its analysis also reveals the central problem faced by this form of writing the need to balance condemnation of certain practices within the democratic polity with calls for repentance For these writers and political actors the tensions created by these demands prove impossible to resolve as the modern jeremiad further divides an already divided nation *Proust's Lesbianism* Elisabeth Ladenson, 1999 For decades Elisabeth Ladenson says critics have misread or ignored a crucial element in Marcel Proust's fiction his representation of lesbians Her challenging new book definitively establishes the centrality of lesbianism as sexual obsession and aesthetic model in Proust's vast novel *A la recherche du temps perdu* Traditional readings of the Recherche have dismissed Proust's Gomorrah his term for women who love other women as a veiled portrayal of the novelist's own homosexuality More recently queer positive rereadings have viewed the novel's treatment of female sexuality as ancillary to its accounts of Sodom and its meditations on time and memory Ladenson instead demonstrates the primacy of lesbianism to the novel showing that Proust's lesbians are the only characters to achieve a plenitude of reciprocated desire The example of Sodom by contrast is characterized by frustrated longing and self loathing She locates the work's paradigm of hermetic relations between women in the self sufficient bond between the narrator's mother and grandmother Ladenson traces Proust's depictions of male and female homosexuality from his early work onward and contextualizes his account of lesbianism in late nineteenth century sexology and early twentieth century thought A vital contribution to the fields of queer theory and of French literature and culture Ladenson's book marks a new stage in Proust studies and provides a fascinating chapter in the history of a literary

masterpiece s reception      *Disconnected America* Ed Shane,2001 Individuals find themselves in a world of voyeuristic television programs attention getting stunts trivialized information and glorified crisis events The author contends that there is an inherent but unfortunate bias within media against offering complex interpretations that provide history and meaning to the reporting of news events and he concludes that we are moving closer to the narcotic like trance depicted by Aldous Huxley in *Brave New World* than grim prison like atmosphere created by George Orwell in *Nineteen Eighty four* forward

*That Nothing May Be Lost* Fr. Paul Scalia,2017-03-25 Fr Paul Scalia reveals a scholar s mind and a pastor s heart in these inspiring reflections on a wide range of Catholic teachings and practices Rooted in Scripture the beauty and truth of these insights places the reader on a path to a deeper more meaningful relationship with God While keeping the focus on the theology and teachings of the Church Fr Scalia also covers these topics shows the unity that comes from the seven sacramentsprovides a road map to a life of graceencourages a strong devotion to our Blessed Motherprovides guidance on how to develop a continuous conversation with God These ponderings are coupled with powerful and moving introductory essays penned by highly regarded Catholics each offering a glimpse into the Catholic faith realized Rev Paul Check Jim Towey Dr Scott Hahn Mary Ellen Bork Gloria Purvis Raymond Arroyo Lizz Lovett and Helen Alvare each open a section of the book with a personal account of his or her interaction with the faith Fr Scalia s writings then offer insight into developing and growing one s faith and relationship with God Additionally Archbishop Charles Chaput offers a thought provoking foreword to help the reader with a meaningful journey through the many aspects of the Catholic faith presented throughout this book      *Dastardly Discourse* Meg Gorzycki,2020-03-09 Screaming at the television compulsively firing off tart little

tweets and blogging until we are blue these signal that we are feeling the effects of dastardly discourse We live in a world where people feel entitled to use words to hurt exploit and publicly degrade humanity We daily consume rhetoric that makes a mockery of decency and civility Leaders of key social institutions including government news media and religious organizations who are supposed to be role models of reasoned and compassionate communication are often the ones with the loudest lies and the hardest hate We can change the channel We can unplug We can even encourage others to do the same We may not do so however until we grasp what is fundamentally at risk in our current norms of communication Nasty words are just the tip of the dastardly discourse iceberg What lies beneath is a steady flow of propaganda that aims to control our personal narratives This book is about that propaganda the importance of owning our own narratives and improving our own rhetorical capital the ability to analyze and evaluate information for the sake of sustaining human dignity decency and civility

Hijacked! Clarence Washington Sr.,2021-06-24 In this four volume series *Hijacked* How Dr King s Dream Became a Nightmare author Clarence Washington Sr dissects Dr Martin Luther King s dream and explores how our failure to adhere to its principles has allowed the dream to be hijacked and turned to a nightmare and it s time to wake up In the final volume of the *Hijacked* collection *The Recovery* the author specifies with brutal honesty a doable strategy that will bring America back

from the edge of the precipice of destruction God gave Dr King a dream that contained a plan to fix what is wrong with America However nobody has the desire to admit that the problem is that no one in America not even the church has been following the principles of Dr King s dream The Recovery explores what the church must do to be an effective watchman for the nation and lead America in the recovery process while also thoroughly delineating the special function that the Black church must effectively perform in order for the recovery of America to be successful and Dr King s dream a reality This final volume presents an exposition of some vital things that all Americans must do to recover from the nightmare and maintain Dr King s dream and America s status as an exceptional nation For the full dissection of Dr King s dream and how our failure to adhere to its principles has led to a nightmare explore the other volumes in Hijacked How Dr King s Dream Became a Nightmare Previous volumes in this series focus on the dream the hijack itself and the nightmare *Power, Politics and the Fragmentation of Evangelicalism* Kenneth J. Collins,2012-08-02 Kenneth J Collins traces the establishment of the evangelical enterprise in American culture and its influences on the political and social values of the American landscape throughout the twentieth century as well as its fragmentation into competing ideological camps Political Fictions Joan Didion,2001-10-09 NATIONAL BESTSELLER In these coolly observant essays the iconic bestselling writer looks at the American political process and at that handful of insiders who invent year in and year out the narrative of public life Through the deconstruction of the sound bites and photo ops of three presidential campaigns one presidential impeachment and an unforgettable sex scandal Didion reveals the mechanics of American politics She tells us the uncomfortable truth about the way we vote the candidates we vote for and the people who tell us to vote for them These pieces build one on the other into a disturbing portrait of the American political landscape providing essential reading on our democracy Watsonia Don Watson,2020-11-17 No other writer has journeyed further into the soul of Australia and returned to tell the tale Watsonia collects the fruits of a writing life It covers everything from Australian bush humour to America gone berserk from Don Bradman to Oscar Wilde from Animal Farm to the Australian parliament Wherever Watson turns his incisive gaze the results are as illuminating as they are enjoyable Artfully arranged Watsonia showcases the many sides of Don Watson historian speechwriter commentator humourist nature writer and biographer It also features several previously unpublished lectures and a wide ranging introduction by the author This comprehensive anthology replete with wit wisdom and diverse pleasures is essential reading *The Vulgarization of Christ's Church* Ronnie W. Rogers,2017-04-14 This book seeks to clarify and demonstrate the incalculable and injurious influence that progressive education has had and is having upon preaching thinking Christianly and the local church Progressive education began at the turn of the twentieth century replacing classical education with what is purportedly a science based education which necessarily results in scientism This seismic shift in public education has not only affected what we learn but how we think In order to enable the church to detect progressivism s deleterious sway and protect herself by being equipped with the progressive revelation of God and thereby counter the

influence of progressive education of man I seek to highlight some of the underlying intolerable essentials of progressive education In the companion book to this one *The Equipping Church Somewhere Between Fundamentalism and Fluff* I explain the biblical model for the local church and how to build such a church      *The Parallax View* Slavoj Zizek, 2009-02-13 In i ek s long awaited magnum opus he theorizes the parallax gap in the ontological the scientific and the political and rehabilitates dialectical materialism *The Parallax View* is Slavoj i ek s most substantial theoretical work to appear in many years i ek himself describes it as his magnum opus Parallax can be defined as the apparent displacement of an object caused by a change in observational position i ek is interested in the parallax gap separating two points between which no synthesis or mediation is possible linked by an impossible short circuit of levels that can never meet From this consideration of parallax i ek begins a rehabilitation of dialectical materialism Modes of parallax can be seen in different domains of today s theory from the wave particle duality in quantum physics to the parallax of the unconscious in Freudian psychoanalysis between interpretations of the formation of the unconscious and theories of drives In *The Parallax View* i ek with his usual astonishing erudition focuses on three main modes of parallax the ontological difference the ultimate parallax that conditions our very access to reality the scientific parallax the irreducible gap between the phenomenal experience of reality and its scientific explanation which reaches its apogee in today s brain sciences according to which nobody is home in the skull just stacks of brain meat a condition i ek calls the unbearable lightness of being no one and the political parallax the social antagonism that allows for no common ground Between his discussions of these three modes i ek offers interludes that deal with more specific topics including an ethical act in a novel by Henry James and anti anti Semitism *The Parallax View* not only expands i ek s Lacanian Hegelian approach to new domains notably cognitive brain sciences but also provides the systematic exposition of the conceptual framework that underlies his entire work Philosophical and theological analysis detailed readings of literature cinema and music coexist with lively anecdotes and obscene jokes      *Damn the Warocracy* George L. Fouke, Geroge L. Fouke, Ph.D., 2008-09 What do we call a pro military dogma wrapped in patriotism Warocracy According to George Fouke Ph D retired professor of political studies Warocracy is a post World War II mindset about power Who has it Who wants it How will it be used *Damn the Warocracy* explores this new ideology about the rise of misplaced power It does not foster Democratic Republican Independent or any other political party It focuses on a democratic society with the expectation of voter privilege and responsibility *Damn the Warocracy* asks the big question What to live for and what to die for The political and historical trends that have shaped the Great Generation are now taking form for the New Generation to restore the positive use of political power Fouke using humor and skill informs and educates the reader about the mistakes of the past their continuing impact and future alternatives He addresses the moral and political crossroads faced by the New Generation with an intensity born from his early life experiences of diversity in religion culture values and political views Professor Fouke believes in America and challenges the next generation to think independently and become morally proactive in the

political arena      **Christianity in America** G. Wright Doyle, 2013-07-17 Was America founded as a Christian nation What role has the Christian faith of many of its leaders played in the course of its history How has Christianity affected American culture and society This trenchant critique of the role of Christianity in American history highlights both the ways in which Christians have made many valuable contributions as salt and light and how they have caused a great deal of damage by trying to be savior and lord Believers in Christ have built one of the most Christianized countries in the world with benefits for millions They have also nurtured messianic aspirations that have spawned disasters for themselves and other countries Generous in praise for dedicated believers who have reflected the character of Christ the book is also unsparing in criticism of Christians who have sometimes with the best intentions failed to act wisely In short the reader will be encouraged by the many triumphs of Christianity in America and sobered by its tragedy      **Why Conservatives Tell Stories and Liberals Don't** David M Ricci, 2015-12-03 Why do conservatives tell stories Because it helps them win elections and assail liberal policies like health care reform and economic stimulus Why is important but the what and the how behind the stories that conservatives tell are equally interesting and in this new book David Ricci reveals all He shows how conservative activists and candidates tell many tales that come together to project a large scale story a cultural narrative a vision of what America is and what it should do to prosper socially economically and politically Liberals by contrast tend to look for theories rather than stories for mathematical explanations rather than theological axioms for data rather than anecdotes and for statistics rather than homilies The difference is paradoxical Liberals are unlikely to fashion sweeping narratives that capture the public's attention and commitment Yet conservatives may tell attractive stories like the ones that got us into Iraq that momentarily capture voter support but end up costing the country more than it can afford      *20th Century Poems* Mr. Rohit Manglik, 2023-04-23 Exploration of modernist and postmodern poetry Eliot Plath Hughes      [What Does the Bible Really Teach about Homosexuality? \(eBook\)](#) Kevin DeYoung, 2015-11-09 In WHAT DOES THE BIBLE REALLY TEACH ABOUT HOMOSEXUALITY award winning author Kevin DeYoung challenges each of us the skeptic and the seeker the certain and the confused to take a humble look at God's Word regarding the issue of homosexuality After examining key biblical passages in both the Old and New Testaments and the Bible's overarching teaching regarding sexuality this timely book responds to popular objections raised by Christians and non Christians alike making this an indispensable resource for thinking through one of the most pressing issues of our day      *Political Science Research Methods: Exploring America At A Crossroads* Cal Clark, 2013-08-28 The principal goal of this textbook is to provide clear and elementary descriptions of the major statistical techniques used in political and social science research The book is built on two basic assumptions First that it is possible to explain social science statistics in a simple and straightforward manner so that students with a minimal background in math can understand even fairly advanced techniques such as multiple and logistic regression Second that undergraduate and even graduate students have less trouble in understanding specific techniques than in interpreting what statistical results

mean substantively. Consequently, the book stresses the interpretation of research findings. In essence, the book argues that political science research is like piecing a jigsaw puzzle together. Pieces of information, statistical and non-statistical, must be assembled and interpreted both logically and creatively. The text is organized in a unique manner using the various techniques being discussed to analyze the current state of the United States as it seemingly stands at a crossroads in both its political orientations and socioeconomic nature. To make the statistical interpretation more meaningful and easier to understand, the results throughout the book are integrated by their focus upon two central questions related to the theme of America at a Crossroads: Are Americans conservative or liberal in their political beliefs? How do economic and social outcomes in America compare to those in other developed democracies?

If you ally infatuation such a referred **Slouching Towards Gomorrah** books that will have enough money you worth, acquire the unquestionably best seller from us currently from several preferred authors. If you want to funny books, lots of novels, tale, jokes, and more fictions collections are then launched, from best seller to one of the most current released.
