**A History of the Popes in the Twentieth Century** Owen F. Cummings,2008 History of the Popes in the Twentieth Century Their Struggle for Spiritual Clarity Against Political Confusion *Eight Popes and the Crisis of Modernity* Russell Shaw,2020-05-06 Assaults on the dignity and rights of the human person have been central to the ongoing crisis of the modern era in the last hundred years This book takes a searching look at the roots of this problem and the various approaches to it by the eight men who led the Catholic Church in the twentieth century from Pope St Pius X and his crusade against Modernism to Pope St John Paul II and his appeal for a renewed rapprochement between faith and reason Thus it offers a distinctive illuminating interpretation of recent world events viewed through the lens of an ancient institution the papacy a key champion of human rights under attack in modern times The fascinating story is told through short profiles of the eight popes combining crucial often little known facts about each by an author who is a veteran observer of Church affairs a former top official of the conference of

bishops of the USA and consultant to the Vatican It is written clearly and simply but with carefully documented precision A special feature are the substantial excerpts from the writings of the popes that give important insights into their personalities and thinking It also includes a useful overview of the Second Vatican Council 1962-65 and its pivotal role in reshaping the Catholic Church *Eight Popes and the Crisis of Modernity* contains judgments that will be challenged by partisans of both liberal and conservative ideological persuasions But serious and open minded readers Catholics and non Catholics alike will find it an informative timely and inspiring guide to understanding many central events and issues of our times while students of Church history will find it indispensable *Benedict XVI: A Life Volume Two* Peter

Seewald, 2021-11-11 Emeritus Pope Benedict commanded both adulation and unrelenting criticism To millions he was a beacon of light in a turbulent modern world In this second volume of Peter Seewald's authoritative biography the story continues from the Second Vatican Council 1965-68 right up to his resignation in 2013 the first Pope to do so in almost 600 years We see how Benedict was influenced by the Council and the ensuing political unrest all over Europe to move from a liberal perspective on the Church and the modern world to one that was profoundly conservative Appointed in 1981 as prefect of the Congregation of Doctrine of the Faith and quickly nicknamed God's Rottweiler he proved to be intransigent on the controversial issues of abortion contraception gay rights and gay marriage But elected Pope in 2005 his tenure of office was so riven with shocking revelations of controversy and scandal that it seemed that by the time of his resignation in 2013 he was incapable of handling the complexities of the Church in the modern world Vatileaks sexual abuse by priests the Regensburg speech which became the spark of an eruption of anger and rage in the Muslim world all these hit the world's media headlines Peter Seewald was the only person who was close enough to Benedict to assess the man himself and to uncover the truth about so many of the controversial issues surrounding this most controversial papacy Seewald has already published two books of interviews with Benedict and this book is based not just on meticulous research but on many hours of recorded interviews with Benedict himself It will stand for many years as the definitive biography of Benedict XVI from an author with unrivalled access to the Pope Emeritus *Following St. Francis* Marybeth Lorbiecki, 2014-04-01 The first book to present the environmental teachings of this beloved pope the newly canonized St John Paul and the hopeful words of Pope Francis thoughtfully synthesized into a complete spiritual and practical vision for the future The ecological crisis is a moral crisis So said Pope John Paul II an unexpected and fierce advocate for ecological responsibility throughout his papacy Rather than seeing environmental concerns as earthly or political he showed that they are in fact at the heart of the covenant between human beings and their Creator In dozens of addresses sermons and encyclicals Pope John Paul II made specific recommendations on twelve interconnected ecological issues including climate change ocean destruction water scarcity poverty the role of women and war He showed that each could become a source of spiritual social and economic transformation *Following St Francis* integrates Pope John Paul II's vision with that of St Francis of Assisi patron saint of

ecology and the galvanizing words of Pope Francis Accessible and illuminating it speaks to hearts and minds to nonreligious readers as well as devoted Catholics incorporating Scripture current science and inspiring stories of solutions and restoration Marybeth Lorbiecki unifies and champions the late beloved pope's view that all life issues are related and that all forms of life deserve care And if we work with God and each other to protect them we can renew the face of the earth Psalm 104 30

Sullivan,2013-04-26 Many of us give up on prayer when we don t get the answer we want WHEN we want it For nearly two decades Saint Monica prayed for her wayward son Years and years of prayers seemingly unanswered Countless tears shed with no relief Yet she would not give up That very act of persistent prayer blessed the entire Church for we have all benefitted from the conversion of her son Augustine who became one of the most revered saints of all time Parents of any age or at any stage can cultivate the same virtues in prayer that Saint Monica discovered during her long wait for God s answer for her child This devotion includes 18 contemporary reflections meditations taken from the writings of Saint Augustine and prayers adapted from the liturgy and other ancient sources Don t give up Persistence in prayer can change everything for you your children and maybe even the world Millennial Missionaries Katherine Dugan,2019 Millennials in the U S have been characterized as uninterested in religion as defectors from religious institutions and as agnostic about the role of religious identity in their culture Amid the rise of so called nones though there has also been a countervailing trend an increase in religious piety among some millennial Catholics The Fellowship of Catholic University Students FOCUS which began evangelizing college students on American university campuses in 1998 hires recent college graduates to evangelize college students and promote an attractive and culturally savvy Catholicism These millennial Catholics have personal relationships with Jesus attend Mass daily and know and defend papal teachings while also being immersed in U S popular culture With their skinny jeans devotional tattoos and large framed glasses FOCUS missionaries embody a hip attractive style of Catholicism They promote a faith that interweaves distinctly Catholic identity with outreach methods of twentieth century evangelical Protestants and the anxieties of middle class emerging adulthood Though this new generation of missionaries lives according to strict gender essentialism prescribed by papal teachings including the notions that men lead while women follow and that biology dictates

*All Religions Are Good in Tzintzuntzan* Peter S. Cahn, 2010-01-01 Since the 1960s evangelical Christian denominations have made converts throughout much of Roman Catholic Latin America causing clashes of faith that sometimes escalate to violence Yet in one Mexican town Tzintzuntzan the appearance of new churches has provoked only harmony Catholics and evangelicals alike profess that all religions are good a sentiment not far removed from here we are all equal which was commonly spoken in the community before evangelicals arrived In this paradigm challenging study Peter Cahn investigates why the coming of evangelical churches to Tzintzuntzan has produced neither the interfaith clashes nor the economic prosperity that evangelical conversion has brought to other communities in Mexico and Latin America Drawing on extensive ethnographic fieldwork he demonstrates that the evangelicals energetic brand of faith has not erupted into violence because converts continue to participate in communal life while Catholics in turn participate in evangelical practices He also underscores how Tzintzuntzan s integration into global economic networks strongly motivates the preservation of community identity and encourages this mutual borrowing At the same time however Cahn concludes that the suppression of religious difference undermines the revolutionary potential of religion
