Costello, 2012-01-01 This book seeks to join the ongoing interdisciplinary approach to children's literature by means of sustained readings of individual texts by means of important works in the history of philosophy Its inclusion of authors from both various departments philosophy literature religion and education and various countries is an attempt to show how traditional boundaries between disciplines might become more permeable and how philosophy offers important insights to this interdisciplinary critical conversation **Zubble-Wump's Song** Dr. Seuss, Steve Haefele, 1997-05-20 Enter a Wubbulous World of fun with each of these exciting new coloring and activity books Every book contains kids favorite Seussian characters and a host of new faces Chock full of puzzles mazes and lots of activities *Real Bodies* Maggie Helwig, 2002 The Cumulative Book Index , 1997 A world list of books in the English language Book Review Index , 1998 Every 3rd issue is a quarterly cumulation **International Television &**
