Historical Dictionary of the American Revolution Terry M. Mays,2019-02-08 The American Revolution pitted 13 loosely united colonies in a military political and economic struggle against Great Britain the mother country and arguably the most powerful state in the world during the late 18th century The independent spirit that led many individuals to leave homes in Europe and settle in the New World during the 17th and 18th centuries evolved into the drive that persuaded these same settlers and their descendants to challenge the colonial economic and taxation policies of Great Britain which lead to the armed conflict that resulted in a declaration of independence This third edition of Historical Dictionary of the American Revolution contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 1 000 cross referenced entries on the politics battles weaponry and major personalities of the war This book is an excellent resource for students researchers and anyone wanting to know more about the American Revolution **Songs and Ballads of the American Revolution (Classic Reprint)** Henry L.
