The supplement like its parent work is an invaluable reference tool for the study of variation in ballad form content and style Together with the reprinted text of the 1963 edition the supplement provides an exhaustive bibliography to the literature on the British traditional ballad Ballads and Songs of Southern Michigan Emelyn Gardner, Geraldine Chickering, 1939 This book in North America presents old time Michigan its songs and their tunes collected and edited by Emelyn E Gardner a folklorist of wide experience the author of Folklore from the Schoharie Hills with the aid of Geraldine Jencks Chickering Michigan s early settlers coming from the older eastern states both north and south with many from England Scotland and the British North American possessions brought with them their songs which they sang happily at work and play handing them down from generation to generation and often adapting centuries old ballads to their new environment Many worked for a time in the woods and picked up the mournful or jolly ballads that were circulated through the camps by lumberjacks drifting in from the Maine and Canadian forests There are old folks still alive who treasure these ancient songs and young people who have learned them from their parents and grandparents or even from the radio Ballads and Songs of Southern Michigan collects and preserves these cherished possessions of the old frontier With scholarly accuracy their history is recounted the names of those who sang them are reported The tunes of many are reproduced there are ample indices and bibliography Wilfred B Shaw s ink drawings add much to the charm of the book It is a worthy addition both to the literature of folklore and balladry and to that of pioneer American history Songs and Ballads from Nova Scotia.
