Robertson,2015-05-26 In the previous book *The Celtic Serpent* after a diagnosis of cancer and the death of her grandmother Angi Talismann found herself on an incredible journey Shackled to an unstable piece of ancient technology in the form of a medallion she and her colleagues were forced to locate lost medallion gemstones which had been scattered to different countries in the seventeenth century Close on their heels was a resolute killer bent on acquiring the medallion Tracking down the descendants of old Irish and Scottish families assigned to protect this ancient treasure proved a daunting task Eventually locating the gemstones the initial stage of their venture ended with twelve individuals stepping through a golden serpent gate on the Hill of Tara in Ireland propelling them into another world While stating they would return in three months its assurance was uncertain The journey continues in this book Angi and her companions quickly adapt to their new environment on Tir na nOg the land of the Tuatha de Danann deemed to be the ancient gods of the Irish Here they learn that their escort Sirona is a distinguished member of the kingdom and her ancestor Myttrwn is a gifted scientist and magician supposedly centuries old in Earth terms Under Myttrwn's guidance the twelve discover a different perspective of the universe learn the healing and destructive powers of light and sound and gain some insight into their future role while Angi takes her first steps in mastering the complexities of her medallion Yet with all the goodwill a powerful individual Zolar is displeased with their presence in Tir na nOg and Angi's possession of such advanced technology He sets out to rectify this matter in his own treacherous way The journey to Tir na nOg for the twelve travellers would create an indelible imprint on their lives **The Song of the Underworld** Samantha Jewel,2016-03-29 The story is based on a number of scientific facts

but there are many areas of artistic license taken to make the story work for children The main purpose of the story is to bring about an awareness of the enormous role the world we cannot see plays in our existence and the issue of carbon emissions and perhaps to create an empathy for rather than aversion to the microbe world we cohabit For references and more information on the science of this story please read *Elegant Solutions for Addressing Climate Change* to contact the author <https://www.facebook.com/ElegantSolutionsForLife>

**Landscapes in Music** David B. Knight, 2006-01-26 Using landscape as its unifying concept this engaging book explores orchestral music that represents real and imagined physical and cultural spaces natural forces and humans and wildlife Spanning continents and centuries David Knight links contrasting forms of music through unifying themes of time and space waterscapes imagined and mythic spaces the search for meaning in extreme landscapes and realms of death survival and remembrance The author also underscores the importance of the physical spaces in which music is performed Orchestral works are rarely perceived in geographical terms but Knight himself an accomplished geographer and musician offers a deeply satisfying approach to interpreting and appreciating a wide range of music Comparing classic masterworks from Europe and Russia alongside more recent compositions from the United States Canada New Zealand Japan and China this innovative study offers a fresh understanding of the links between music and the worlds around us

*The Song of the Earth* Hugh Nissenson, 2005-09-30 Science fiction meets fictional biography in this account of the first genetically engineered visual artist by the acclaimed author of *The Tree of Life* Even before his birth Johnny Baker's life is in danger His mother breaks the law when she has her fertilized egg endowed with genes that will give her son the potential to become a visual artist Born in 2038 John Firth Baker is the first genetically engineered artist At the age of nineteen at the threshold of his career he is murdered Now ten years after his death Baker has become famous An art curator has organized a show of his work and his biography culled from journals e-mails and interviews with those who knew him best is published *The Song of the Earth* is this biography It presents a powerful and haunting portrait of an artist as a young man in the twenty first century Baker is born into a world transformed by technology genetic profiles space travel and controlled housing communities are commonplace Global warming has altered the environment A planetary gender war is raging familial structures are shattered and new religions contend with the old Yet human needs remain the same the search for love the desire for approval the longing for fame and the quest for knowledge *The Song of the Earth* is a hypnotic novel about our desire to control our destinies our yearning for immortality and the very human impulse to create art With prose poetry and images Nissenson tells an original tale that brilliantly captures the experience of another time and place

*Lynn Margulis* Dorion Sagan, 2012 Tireless controversial and hugely inspirational to those who knew her or encountered her work Lynn Margulis was a scientist whose intellectual energy and interests knew no bounds Best known for her work on the origins of eukaryotic cells the Gaia hypothesis and symbiogenesis as a driving force in evolution her work has forever changed the way we understand life on Earth When Margulis passed away in 2011 she left behind a groundbreaking

scientific legacy that spanned decades In this collection Dorion Sagan Margulis s son and longtime collaborator gathers together the voices of friends and colleagues to remark on her life and legacy in essays that cover her early collaboration with James Lovelock her fearless face off with Richard Dawkins during the so called Battle of Balliol at Oxford the intrepid application of her scientific mind to the insistence that 9 11 was a false flag operation her affinity for Emily Dickinson and more Margulis was elected to the National Academy of Sciences in 1983 received the prestigious National Medal of Science in 1999 and her papers are permanently archived at the Library of Congress Less than a month before her untimely death Margulis was named one of the twenty most influential scientists alive one of only two women on this list which include such scientists as Stephen Hawking James Watson and Jane Goodall

*The Books of "Is"* Dr. R. Lowery-Hawk D.D. D.R.S. PhD.,2012-08-29 The first Books of IS is full of contemplative designs and graftics along with rhythmic writings All are created to move gently your senses and your brain to stirring you

awake and into thinking sensing and observing the life within you and around you The writings and graphics are meant to be contemplated upon and carried into your daily life so to awaken you to the truth of you and the universe of life here now and beyond here and the now I have also included pages at the end of each chapter for the reader's own inspired writings brought on by the repeated readings and contemplations of the writings and graphics in this book so to assist in the activation of your creative and intellectual mind right and left brain functions The Books of IS came about after my being mysteriously intuitively guided for over twenty eight years to write down messages of a higher conscious level on truths of life myself and all life in general The writings in BOOK ONE The Dance of Becoming are compiled writings from a higher presence of love that I was receiving during a strong inner sensing to write down what was calling to me This first began occurring during my pre teens then again as an adult during times of great sorrow or and loneliness As an adult and after writing for almost a year the writings began taking on a deeper nature They began to change into messages and memories of truth guidance and gentle love coming forth giving me more of the peace and joy they had been creating within me The desire to write more called often and strongly yet pleasantly to me and the experience of it all was ecstasy I began to realize that I must have been touching down into deeper parts of myself and then rising up to the higher parts of me my Higher Soul I was then feeling such peace joy and knowing that I no longer felt sadness nor loneliness Instead I felt the great desire and joy to experience and to know more It felt as if at these times I was my TRUE SELF I felt complete and all knowing I felt like I was with the Holy of Holies and the Angels Then in the year 1984 I was telepathically told by these Sacred Messengers of a higher power Creator to put all these writings into books and when the time came publish them to aid all mankind all existence From these writings I receive messages and teachings that went beyond mundane and into the higher planes of existence connecting me with the Creator of all principles of all life There I connected with Holy Messengers of various kinds I had asked for validation on all this and soon found myself miraculously being lead to the meeting of those who were Guardians of these ancient long protected Sacred Truths along with findings in old books and other similar occurrences and people These validations ranged from old mystery schools of various kinds to ancient indigenous beliefs on creation and a higher powerful being to more modern religions and scientific findings I also was lead in syn with others who too were receiving similar writings with same truths some written a bit differently In 1984 I was given the spiritual telepathic message that in the future I would be compiling these and other writings into books to be published for the world This was so that many people could be reached more quickly for the quickening had begun They told me that the writings in this book and in others were seed truths selectively and rhythmically placed camouflaged seeming at first to those not ready as stories of mere fantasy so called make believe and sci fi I was told the writings are done this way so to gently but powerfully unlock the encoded truths within those who hear or read them and view the graphics These writings therefore are like camouflaged words codes hidden to many but obvious to those who were ready remembering awakening therefore protected from those

who would abuse them and interpret them with mis understanding in a negative way thereby creating too much chaos      *The Composer, Herself* Linda Kouvaras, Natalie Williams, Maria Grenfell, 2023-11-30 This edited volume presents 27 original essays by living composers from all around the globe reflecting on the creation of their music Cotermious to the recent worldwide resurgence in feminist focus the distinctive feature of this collection is the snapshots of creative processes and conceptualizing on the part of women who write music writing in the present day from prominent early career composers to major figures from a range of ethnic backgrounds in the contemporary music field The chapters step into the juncture point at which feminism finds itself as binary conceptions of gender are being dissolved with critiques of the attendant gender based historical generalizations of composers and with the growing awareness of the rightful place of First Nations cultural voices the contributors explore what actually is being composed by women and what they think about their world The needs that this book serves are acutely felt despite recent social gains and sector initiatives and programs encouraging and presenting the work of women who compose music their works are yet to receive commensurate exposure with that of their male counterparts In its multi pronged direct response to this dire situation this vibrant volume highlights established as well as emerging women composers on the international stage reveals myriad issues around feminism as broadly conceived and gives insights from the composers own voices on the inner workings of their composition process The volume thus presents a contemporary moment in time across the generations and within developments in musical composition With its unique insights this book is essential for academics and practitioners interested in the illuminations of the current working landscape for creative women      **Environmental Humanities in Folktales** P. Mary Vidya Porselvi, 2023-05-03 This work throws light on the areas of space and time nature and culture spirit and matter in the folktales that nurture systemic thinking It identifies and explores motifs and patterns in select folktales that promote interconnectedness interdependence holism synthesis and circular pattern of life and examines the ecological relevance of folktales in fostering a systematic view of life The volume discusses why it is important to critically analyze alternative worldviews in order to find holistic solutions to contemporary global ecological issues It sheds light upon Ecofemiotics as a discipline a portmanteau of Ecofeminist Semiotics and through a re reading of folktales it puts forward an innovative folktale typology which connects women with environment The book discusses an ecofemiotics cyclical praxis at three levels Promoting theory to practice through the analysis of folktales as Gaia Care Narratives using the Ecofemiotic framework Enabling practice to theory through a classroom experiment observation and inference Envisioning theory to practice through the identification of Gaia Care Principles and its multidisciplinary hands on scope and function to create avenues towards ecological balance and sustainable living Inspired by the hearts that tell stories of love care nurture and the Earth this nuanced work will be of interest to students and researchers of literature and literary theory sociology social anthropology gender studies and women s studies feminism development studies environment and folklore studies      **The Light Work** Jessica Zweig, 2024-08-06
