Sonnets of William Shakespeare William Shakespeare, 1885 The Songs, Poems, and Sonnets of William Shakespeare

William Shakespeare, 1887 *The Songs, Poems and Sonnets of Wm. Shakespeare* William Shakespeare, 1885 *The Complete Sonnets and Poems* William Shakespeare, 2002 Shakespeare's Sonnets are among the most complex and beautiful poems ever written Their exploration of love praise homo and hetero sexual desire is enacted in the richest densest writing in English And the first printed work to which Shakespeare's name was attached was the erotic narrative poem Venus and Adonis which developed a sumptuous vocabulary in which to explore love praise of the beloved sexual desire and the power of rhetoric That poem was so popular that most of Shakespeare's contemporaries thought of him as primarily a poet rather than a playwright Yet despite the power of Shakespeare's poems and their foundational place within his oeuvre modern readers have seldom been encouraged to engage with his non dramatic works as a whole This new edition explains how this state of affairs has arisen and why it needs to be changed The volume contains the complete Sonnets and poems with a full commentary An extensive and lively introduction explores Shakespeare's poetic development and shows how the poems relate to each other and to his dramatic works The Sonnets are freshly interpreted not as cryptic fragments of autobiography but as works which ask their readers to think about relationships between lyric poems and the historical circumstances which may have given rise to them The narrative poems Venus and Adonis and Lucrece are placed where they belong at the origin of Shakespeare's thinking about what it means to desire and to be desired The edition responds to the most recent scholarly work on the interpretation and dating of Shakespeare's poems and Sonnets It also explores what the poems may have meant to their earliest readers For this reason it also includes poems attributed to Shakespeare in the seventeenth century as well as those printed under his name in *The Passionate Pilgrim* in 1599 **Winter Song** William

The Sonnets and Other Poems William Shakespeare, 2009-04-14

Shakespeare became famous as a dazzling poet before most people even knew that he wrote plays. His sonnets are the English language's most extraordinary anatomy of love in all its dimensions: desire and despair, longing and loss, adoration and disgust. To read them is to confront morality and eternity in the same breath. Produced under the editorial supervision of Jonathan Bate and Eric Rasmussen, two of today's most accomplished Shakespearean scholars, *The Sonnets and Other Poems* includes all of Shakespeare's sonnets, the long narrative poems *Venus and Adonis* and *The Rape of Lucrece*, and several other shorter works. Incorporating definitive texts and authoritative notes from William Shakespeare Complete Works, this unique volume also includes an expanded Introduction by Jonathan Bate that places the poems in literary and historical context and illuminates their relationship to Shakespeare's dramatic writing. Also featured are key facts about the individual selections, an index of the first lines of the sonnets, a chronology of Shakespeare's life and times, and recommendations for further reading. Ideal for students and general readers alike, this modern and accessible edition sets a new standard in Shakespearean literature for the twenty-first century.

The Sonnets and Narrative Poems of William Shakespeare William Shakespeare, 2015-07-08

If William Shakespeare had never written a single play, if his reputation rested entirely upon the substantial and sterling body of nondramatic verse he left behind, he would still hold the position he does in the hierarchy of world literature. The strikingly modern sonnets, intimate, baroque, and expansive at once, the invigorating narratives drawn from classical subjects, and the flawless lyricism represented by a poem like *The Phoenix* and *The Turtle* permanently deepen our understanding of the multiplicity and extravagant energy of our greatest poet.

Poems and Sonnets of William Shakespeare William Shakespeare, 2007-09-01

He is the greatest writer in the English language, perhaps in any language, and here in one compact volume is all the verse even many of those familiar with his plays have never read. In 1593 and 1594, while English theaters were closed in response to the plague, WILLIAM SHAKESPEARE turned from drama to narrative poems and published the dyad *Venus and Adonis* and *The Rape of Lucrece*, erotic meditations on lust and sexual power. Standing powerfully in opposition to each other, they also differ wildly from Shakespeare's romantic sonnets: all 154 of them are here. Also in this hard-to-find collection are the Bard's lesser-known poems: *A Lover's Complaint*, *The Passionate Pilgrim*, *Sonnets to Sundry Notes of Music*, and *The Phoenix* and the

Turtle Rounding out the collection are poems from his plays featuring beloved excerpts from The Tempest Two Gentlemen of Verona Twelfth Night Merry Wives of Windsor Much Ado About Nothing A Midsummer Night's Dream Love's Labour's Lost The Merchant of Venice As You Like It The Taming of the Shrew and others Not an academic work this lovely volume lets Shakespeare's words stand on their own resounding as ever they do with their own unique power and beauty
