The Plays of Sophocles A. F. Garvie, 2016-10-06 The emphasis throughout this book ideal for sixth form and early university students is on Sophocles tragic thinking on the concept of the Sophoclean hero and on the dramatic structure of the plays The seven extant plays Ajax Women of Trachis Antigone Oedipus the King Electra Philoctetes and Oedipus at Colonus are assessed and a brief concluding chapter draws together what has been said in the seven studies This second edition has been

revised fully with an updated further reading list and more detailed information on the chorus and staging of the plays The aim of the book is to help readers to understand why Sophocles is still worth reading or going to see in the theatre in the 21st century and to show how far Sophoclean scholarship has moved in recent decades from the once prevalent view that he was a pious religious conformist who had nothing very profound or original to say but who said it very beautifully The volume is a companion to The Plays of Euripides by James Morwood and The Plays of Aeschylus by Alex Garvie also available in second editions from Bloomsbury A further essential guide to the themes and context of ancient Greek tragedy may be found in Laura Swift's new introductory volume Greek Tragedy **A New Companion to Greek Tragedy (Routledge Revivals)**

Andrew Brown, 2014-08-07 That the works of the ancient tragedians still have an immediate and profound appeal surely needs no demonstration yet the modern reader continually stumbles across concepts which are difficult to interpret or relate to moral pollution the authority of oracles classical ideas of geography as well as the names of unfamiliar legendary and mythological figures A New Companion to Greek Tragedy provides a useful reference tool for the Greekless reader arranged on a strictly encyclopaedic pattern with headings for all proper names occurring in the twelve most frequently read tragedies it contains brief but adequately detailed essays on moral religious and philosophical terms as well as mythical genealogies where important There are in addition entries on Greek theatre technical terms and on other writers from Aristotle to Freud whilst the essay by P E Easterling traces some connections between the ideas found in the tragedians and earlier Greek thought The Writers Directory, 2004 British Book News British Council, 1987 Includes no 53a British wartime books for young people

Troubling Traditions Lindsey Mantoan, Matthew Moore, Angela Schiller, 2021-11-29 Troubling Traditions takes up a 21st century field specific conversation between scholars educators and artists from varying generational geographical and identity positions that speak to the wide array of debates around dramatic canons Unlike Literature and other fields in the humanities Theatre and Performance Studies has not yet fully grappled with the problems of its canon Troubling Traditions stages that conversation in relation to the canon in the United States It investigates the possibilities for multiplying canons methodologies for challenging canon formation and the role of adaptation and practice in rethinking the field's relation to established texts The conversations put forward by this book on the canon interrogate the field's fundamental values and ask how to expand the voices forms and bodies that constitute this discipline This is a vital text for anyone considering the role construction and impact of canons in the US and beyond **The Penguin Companion**

to Classical Music Paul Griffiths, 2005 This work explores the lives and achievements of figures in the field of music discusses individual works offers plot synopses of operas and ballets and considers the careers of major performers It looks at historical movements and trends the evolution of musical instruments and the development of different forms of music explains the vocabulary of classical music and the technical terms that describe how works are written and performed

Thucydides: History of the Peloponnesian War Books VI and VII N.K. Rutter, 1989 A companion to the Penguin translation

with commentary on the historical intricacies **Stevie Smith and the Aphorism** Noreen Masud,2022-12-01 This volume argues that aphorism represents a tool for the social management of emotion Rhetorically corralled into a slick collectable shape the aphorism promises arresting and instantaneous epiphany However the accomplished elegance which positions the aphorism s message as self evidently true in fact works to repel further enquiry and ultimately ensures that it will be forgotten or bypassed in favour of another aphorism no less eagerly embraced for the earlier disappointment Aphorism therefore is a form in which dangerous ideas and emotions can be safely displayed and simultaneously effaced Because aphorism s style defuses the imperative to act on what is clearly known writers like Stevie Smith can use the form to stage a withdrawal from the burden of making an impact on the world This book finds that Smith s use of aphorism and its related forms proverb epitaph caption and fragment offers a route into her texts With her disconcerting pen and ink drawings dark comedy and social ventriloquism which stops short of satire the rhetorical force of Smith s poetry fascinates and arrests its readers but nevertheless leaves them unable to react coherently or identify the use value which her writing appears to promise Drawing on hitherto unpublished archival material this project argues that Smith s texts resist analysis because like the aphorisms embedded throughout them they offer and exemplify a mode of clearly declared revelation which at the same time makes itself unusable **The Reconciling Wisdom of God** Adam J. Johnson,2016-08-17 In The Reconciling Wisdom of God Reframing the Doctrine of the Atonement Adam Johnson already a leading scholar of the atonement considers God s redemptive work in Christ through the atonement as an act of God s infinite wisdom In making this crucial turn Johnson is able to speak to proponents of the various atonement theories and move the discussion forward in a new direction grounded in the truth of God s infinite wisdom Genuinely reframing the debate around the atonement The Reconciling Wisdom of God is a must read for students of the atonement **The Life Worth Living in Ancient Greek and Roman Philosophy** David Machek,2023-04-27 The account of the best life for humans i e a happy or flourishing life and what it might consist of was the central theme of ancient ethics But what does it take to have a life that if not happy is at least worth living compared with being dead or never having come into life This question was also much discussed in antiquity and David Machek s book reconstructs for the first time philosophical engagements with the question from Socrates to Plotinus Machek s comprehensive book explores ancient views on a life worth living against a background of the pessimistic outlook on the human condition which was adopted by the Greek poets and also shows the continuities and contrasts between the ancient perspective and modern philosophical debates about biomedical ethics and the ethics of procreation His rich study of this relatively neglected theme offers a fresh and compelling narrative of ancient ethics
