West,2008-09-15 According to the people of the Mueda plateau in northern Mozambique sorcerers remake the world by asserting the authority of their own imaginative visions of it While conducting research among these Muedans anthropologist Harry G West made a revealing discovery for many of them West s efforts to elaborate an ethnographic vision of their world was itself a form of sorcery In *Ethnographic Sorcery* West explores the fascinating issues provoked by this equation A key theme of West s research into sorcery is that one sorcerer s claims can be challenged or reversed by other sorcerers After West s attempt to construct a metaphorical interpretation of Muedan assertions that the lions prowling their villages are fabricated by sorcerers is disputed by his Muedan research collaborators West realized that ethnography and sorcery indeed have much in common Rather than abandoning ethnography West draws inspiration from this connection arguing that anthropologists along with the people they study can scarcely avoid interpreting the world they inhabit and that we are all inescapably ethnographic sorcerers *Successor's Promise* Trudi Canavan,2017-09-19 International No 1 bestselling author
