Brown, Danielle Casarez Lemi, 2021 They don t think I m viable because I m a Black woman with natural hair and no husband This comment was made by Stacey Abrams shortly before the 2018 Democratic primary after she became the first Black woman to win a majority party s nomination for governor Abrams sentiment reflects the wider environment for Black women in politics in which racist and sexist cultural ideas have long led Black women to be demeaned

and fetishized for their physical appearance In *Sister Style* Nadia E Brown and Danielle Casarez Lemi argue that Black women's political experience and the way that voters evaluate them is shaped overtly by their skin tone and hair texture with hair being a particular point of scrutiny They ask what the politics of appearance for Black women mean for Black women politicians and Black voters and how expectations about self presentation differ for Black women versus Black men White men and White women Black women running for office face pressure often from campaign consultants and even close colleagues to change their style in order to look more like White women However as this book shows Black women candidates and elected officials react differently to these pressures depending on factors like age and incumbency Moreover Brown and Lemi delve into the ways in which Black voters react to Black female candidates based on appearance They base their argument in part on focus groups with Black women candidates and elected officials and show that there are generational differences that determine what sorts of styles Black women choose to adopt and to what extent they change their physical appearance based on external expectations

Blackballed Lawrence Ross, 2025-06-25 College is a word that means many things to many people a space for knowledge a place to gain lifelong friends and an opportunity to transcend one's socioeconomic station Today though this word also recalls a slew of headlines that have revealed a dark and persistent world of racial politics on campus Does this association disturb our idealized visions of what happens behind the ivied walls of higher learning It should because campus racism on college campuses is as American as college football on Fall Saturdays From Lawrence Ross author of *The Divine Nine* and the leading expert on sororities and fraternities *Blackballed* is an explosive and controversial book that rips the veil off America's hidden secret America's colleges have fostered a racist environment that makes them a hostile space for African American students *Blackballed* exposes the white fraternity and sorority system with traditions of racist parties songs and assaults on black students and the universities themselves who name campus buildings after racist men and women It also takes a deep dive

into anti affirmative action policies and how they effectively segregate predominately white universities providing ample room for white privilege A bold mix of history and the current climate Blackballed is a call to action for universities to make radical changes to their policies and standards to foster a better legacy for all students Female Brando Jon Krampner,2006 The first major biography of the great actress draws on personal interviews with friends family and colleagues to offer a revealing study of Kim Stanley s extraordinary career and her acclaim as the finest stage actress of her generation as well as her turbulent self destructive personal life from her childhood and early training to her rise to stardom and the demons that destroyed her life **Between Two Wars: A True Crime Collection** Cheyna Roth,2023-11-21 The era from the end of the Civil War to the beginning of World War II was a dynamic and evolving time for murderers thieves gangsters and more Train robberies presidential assassinations high profile heists and serial murders are just a selection of what occurred between the 1860s and the 1930s Between Two Wars A True Crime Collection includes a curated mix of both familiar and less infamous cases Tour through the carnage of 1880s Chicago as H H Holmes builds his Murder Castle Learn about the significance of the less famous presidential assassination of the 1800s of President James Garfield At the turn of the century find out why the theft of the Mona Lisa made the piece the famous work of art it is today and discover the impact of the Black mafia with John Mushmouth Johnson the infamous Negro Gambling King of Chicago The full list of cases includes 1866 The Reno brothers and the first train robbery in America 1878 George Leslie a high society bank robber 1881 Assassination of President James Garfield 1893 H H Holmes Murder Castle and the Columbian Exposition 1890s 1907 John Mushmouth Johnson the Negro Gambling King of Chicago 1911 The theft of Leonardo da Vinci s Mona Lisa 1926 Disappearance of Agatha Christie 1933 Kansas City Massacre 1938 Rumrich Nazi Spy Case Written for murderinos true crime junkies and history buffs Between Two Wars reads like you re having a conversation with a friend or listening to your favorite true crime podcast Pledged Alexandra Robbins,2011-05-24 Alexandra Robbins wanted to find out if the stereotypes about sorority girls were actually true so she spent a year with a group of girls in a typical sorority The sordid behavior of sorority girls exceeded her worst expectations drugs psychological abuse extreme promiscuity racism violence and rampant eating disorders are just a few of the problems But even more surprising was the fact that these abuses were inflicted and endured by intelligent successful and attractive women Why is the desire to belong to a sorority so powerful that women are willing to engage in this type of behavior especially when the women involved are supposed to be considered sisters What definition of sisterhood do many women embrace Pledged combines a sharp eyed narrative with extensive reporting and the fly on the wall voyeurism of reality shows to provide the answer *Play the Game. Change the Game. Leave the Game.* Robert Livingston,2025-09-09 Instead of waiting for White people to change Black people must prioritize their own prosperity power and self determination by navigating challenging and exiting racist systems a radical argument from a Harvard behavioral scientist It s time to face an inconvenient truth our current approach to fighting racism is just not

working For a brief moment following the murder of George Floyd it seemed as though the country had finally acknowledged the destructive legacy of slavery and White supremacy and had committed to putting things right Now a horde of prominent voices many of whom professed to be antiracist allies are pulling back cutting support and defunding programs that sought to level the playing field Harvard psychologist Robert Livingston contends that racism operates like an addiction for so many White people hard to admit and even harder to quit Given their unwillingness to kick the habit where does this leave Black people In this provocative book Livingston has flipped the script asking How can Black people attain prosperity and peace of mind despite the enduring presence of racism Livingston reveals three paths Play the game or find ways to work within mainstream predominantly White systems without sacrificing your identity or dignity Think of Kenneth Chenault a tempered radical who rose through the ranks to become the first Black CEO of American Express Change the game or challenge the status quo in an effort to upend White supremacy like Colin Kaepernick whose idealism cost him his football career but made him an icon Leave the game or turn away from White environments to carve out spaces where Black people can flourish from HBCUs to entrepreneurship to the creation of ethnic enclaves like the all Black middle class neighborhood where Livingston himself grew up Drawing on social science his own experiences and interviews with trailblazing Black leaders and luminaries Livingston reveals the contours of these oft overlapping paths for effectively navigating mitigating and circumventing White supremacy Play the Game Change the Game Leave the Game is a bold groundbreaking proposition that empowers readers to make the leap from being played to creating their own game plan
