Our Popular Phrases, and Nursery Rhymes John Bellenden Ker,1837

The Archaeology of La Calsada C. Roger Nance,2010-07-22 On a remote mountainside 2 000 meters above sea level in the northern Sierra Madre Oriental the rockshelter at La Calsada has yielded basic archaeological data for one of the least understood regions of prehistoric North America the state of Nuevo Le n in northern Mexico This comprehensive site report with detailed information on artifacts and stratigraphy provides baseline data for further explorations in the region and comparisons with other North American hunter gatherer groups Radiocarbon dating traces the earliest component at the site to 8600 7500 B C giving La Calsada arguably the earliest well dated lithic complex in Mexico Nance describes some 1 140 recovered stone tools with comparisons to the archaeology of southern and southwestern Texas as well as reported sites in Tamaulipas Coahuila and Nuevo Le n Mexico From the lithic and stratigraphic analysis Nance deduces occupational patterns at the site beginning with Paleo Indian cultures that lived in the area until about 7500 B C Through changes in tool technology he follows the rise of the Abasolo tradition around 3000 B C and the appearance of a new culture with a radically different lithic industry around 1000 A D

Being and Becoming Indigenous Archaeologists George Nicholas,2016-06-16 This volume tells the stories in their own words of 37 indigenous archaeologists from six continents how they became archaeologists and how their dual role affects their relationships with their community and their professional colleagues *Archaeology, Ideology, and Urbanism in Rome from the Grand Tour to Berlusconi* Stephen L. Dyson,2019-01-31 Rome is one of the world s greatest archaeological sites preserving many major monuments of the classical past It is also a city with an important post Roman history and home to both the papacy and the modern Italian state Archaeologists have studied the ruins and popes and politicians have used them for propaganda programs Developers and preservationists have fought over what should and should not be preserved This book tells the story of those complex interacting developments over the past three centuries from the days of the Grand Tour through the arrival of the fascists which saw more destruction but also an unprecedented use of the remains for political propaganda In post war Rome urban development predominated over archaeological preservation and much was lost However starting in the 1970s preservationists have fought back saving much and making the city into Europe s most important case study in historical preservation and historical loss *Tales of Gotham, Historical Archaeology, Ethnohistory and Microhistory of New York City* Meta F. Janowitz,Diane Dallal,2013-02-03 Historical Archaeology of New York City is a collection of narratives about people who lived in New York City during the seventeenth eighteenth and nineteenth centuries people whose lives archaeologists have encountered during excavations at sites where these people lived or worked The stories are ethnohistorical or microhistorical studies created using archaeological and documentary data As microhistories they are concerned with particular people living at particular times in the past within the framework of world events The

world events framework will be provided in short introductions to chapters grouped by time periods and themes The foreword by Mary Beaudry and the afterword by LuAnne DeCunzio bookend the individual case studies and add theoretical weight to the volume Historical Archaeology of New York City focuses on specific individual life stories or stories of groups of people as a way to present archaeological theory and research Archaeologists work with material culture artifacts to recreate daily lives and study how culture works this book is an example of how to do this in a way that can attract people interested in history as well as in anthropological theory

Ocmulgee Archaeology, 1936-1986 David J. Hally, 2009-11-01 From 1933 to 1941 Macon was the site of the largest archaeological excavation ever undertaken in Georgia and one of the most significant archaeological projects to be initiated by the federal government during the depression The project was administered by the National Park Service and funded at times by such government programs as the Works Progress Administration Civilian Conservation Corps and Civil Works Administration At its peak in 1955 more than eight hundred laborers were employed in more than a dozen separate excavations of prehistoric mounds and villages The best known excavations were conducted at the Macon Plateau site the area President Franklin D Roosevelt proclaimed as the Ocmulgee National Monument in 1936 Although a wealth of material was recovered from the site in the 1930s little provision was made for analyzing and reporting it Consequently much information is still unpublished The sixteen essays in this volume were presented at a symposium to commemorate the fiftieth anniversary of the founding of the Ocmulgee National Monument The symposium provided archaeologists with an opportunity to update the work begun a half century before and to bring it into the larger context of southeastern history and general advances in archaeological research and methodology Among the topics discussed are platform mounds settlement patterns agronomic practices earth lodges human skeletal remains Macon Plateau culture origins relations of site inhabitants with other aboriginal societies and Europeans and the challenges of administering excavations and park development

Biblical Archaeology's Unlikely Gem (Or, Anatoli Boukreev, Jon Krakauer and the Betrayals of Everest) Richie Cooley, 2025-07-29 Who was to blame for the controversial Everest disaster of 1996 Also what is one of the greatest man made landmarks within Biblical archaeology This short work explores these themes and others

The Bioarchaeology of Virginia Burial Mounds Debra L. Gold, 2004-12-26 A long ignored prehistoric mound building people By the 14th century more than a dozen accretional burial mounds reaching heights of 12 to 15 feet marked the floodplains of interior Virginia Today none of these mounds built by the nearly forgotten Monacan Indians remain on the landscape having been removed over the centuries by a variety of natural and cultural causes This study uses what remains of the mounds excavated from the 1890s to the 1980s to gain a new understanding of the Monacans and to gauge their importance in the realm of the late prehistoric period in the Eastern

Woodlands Based on osteological examinations of dozens of complete skeletons and thousands of isolated bones and bone fragments this work constructs information on Monacan demography diet health and mortuary ritual in the 10th through the 15th centuries The results show an overall pattern of stability and local autonomy among the Late Woodland village societies of interior Virginia in which a mixture of maize farming and the collection of wild food resources were successful for more than 600 years This book uniting biological and cultural aspects of the data for a holistic understanding of everyday life in the period will be of interest to ethnohistorians osteologists bioarchaeologists and anyone studying Late Woodland Mississippian and contact periods as well as middle range societies in the Eastern Woodlands **Art and Archaeology** ,1920 An

Essay on the Archaeology of Our Popular Phrases, and Nursery Rhymes John Bellenden Ker (formerly Gawler.),1837 **The Sorrows of the Ancient Romans** Carlin A. Barton,2020-10-06 This inquiry into the collective psychology of the ancient Romans speaks not about military conquest sober law and practical politics but about extremes of despair desire and envy Carlin Barton makes us uncomfortably familiar with a society struggling at or beyond the limits of human endurance To probe the tensions of the Roman world in the period from the first century b c e through the first two centuries c e Barton picks two images the gladiator and the monster **Working as Indigenous Archaeologists** George Nicholas,Joe Watkins,2024-09-30 Working as Indigenous Archaeologists explores the often contentious relationship between Indigenous and other formerly colonized peoples and Archaeology through their own voices Over the past 35 plus years the once novel field of Indigenous Archaeology has become a relatively familiar part of the archaeological landscape It has been celebrated criticized and analyzed as to its practical and theoretical applications and its political nature No less important are the life stories of its Indigenous practitioners What has brought some of them to become practicing archaeologists or heritage managers What challenges have they faced from both inside and outside their communities And why haven t more pursued Archaeology as a vocation or avocation This volume is a collection of 60 autobiographical chapters by Indigenous archaeologists and heritage specialists from around the world some community based some academic some in other realms who are working to connect past and present in meaningful and especially personal ways As Archaeology continues to evolve there remain strong tensions between an objective science oriented evidentiary based approach to knowing the past and a more subjective relational humanistic approach informed by local values traditional knowledge and holistic perspective While there are no maps for these new territories hearing directly from those Indigenous individuals who have pursued Archaeology reveals the pathways taken Those stories will provide inspiration and confidence for those curious about what lies ahead This is an important volume for anyone interested in the present state and future of the archaeological discipline
