## **Are We Bodies or Souls?**

Richard Swinburne, 2019-07-25 What are humans What makes us who we are Many think that we are just complicated machines or animals that are different from machines only by being conscious In Are We Bodies or Souls Richard Swinburne comes to the defence of the soul and presents new philosophical arguments that are supported by modern neuroscience When scientific advances enable neuroscientists to transplant a part of brain into a new body he reasons no matter how much we can find out about their brain activity or conscious experiences we will never know whether the resulting person is the same as before or somebody entirely new Swinburne thus argues that we are immaterial souls sustained in existence by our brains Sensations thoughts and intentions are conscious events in our souls that cause events in our brains While scientists might discover some of the laws of nature that determine conscious events and brain events each person s soul is an individual thing and this is what ultimately makes us who we are

*The Soul's Economy* Jeffrey Sklansky, 2003-10-16 Tracing a seismic shift in American social thought Jeffrey Sklansky offers a new synthesis of the intellectual transformation entailed in the rise of industrial capitalism For a century after Independence the dominant American understanding of selfhood and society came from the tradition of political economy which defined freedom and equality in terms of ownership

of the means of self employment However the gradual demise of the household economy rendered proprietary independence an increasingly embattled ideal Large landowners and industrialists claimed the right to rule as a privilege of their growing monopoly over productive resources while dispossessed farmers and workers charged that a propertyless populace was incompatible with true liberty and democracy Amid the widening class divide nineteenth century social theorists devised a new science of American society that came to be called social psychology The change Sklansky charts begins among Romantic writers such as Ralph Waldo Emerson and Margaret Fuller continues through the polemics of political economists such as Henry George and William Graham Sumner and culminates with the pioneers of modern American psychology and sociology such as William James and Charles Horton Cooley Together these writers reconceived freedom in terms of psychic self expression instead of economic self interest and they redefined democracy in terms of cultural kinship rather than social compact

**Claiming your Mind, Claiming Your Sovereignty** Anne Elizabeth Ph.D.,2023-03-20 As a healer and a seeker of truth Dr Anne Elizabeth has been searching for the origins of consciousness thinking and spiritual connection throughout her lifetime She has explored many philosophies and found the work of Rudolf Steiner a most comprehensive diamondmind view of our relationship to the cosmos and ourselves She has experienced many spiritual contacts as well as spiritual pilgrimages to England France and Spain following the path of Mary the mother of Jesus and Mary Magdalene and continues her quest for spiritual sovereignty in connection with her Future Self and the support of the Marconics Chronos Guild Through the many spiritual pathways explored Dr Elizabeth has found the work of Rudolf Steiner and anthroposophy to hold a deep global and comprehensive perspective of the connections between our earth our planet and the ways in which we are influenced by the planetary system in which we live Beyond this matrix Dr Elizabeth discovered the Marconics Chronos Guild which facilitated her healing and ascension process with her Future Self into enduring grace multidimensionality

Heartbeat of the Soul Michael Bohoskey,2011-05-13 This is not a book for the intellect alone These poems are songs of the heart anthems of the soul claiming its freedom to thrive in a world of change and cleansing They are meant to engage the body the emotions and the higher mind like vehicles of passion to assist in waking up to the power of heartfelt consciousness and the reality of home They are meant to trigger a longing for the celebration of life and the courage to see through the veil of limited human conditioning of religious beliefs of separation and survival fears They are vibrational passionate movements of energy a dance of words and symbols which can open the heart and mind to expanded realms of a living loving Universe of limitless joy and creative possibility My intention is to honor the power of human free will choice in claiming the right and the ability and the freedom to create a quality of life that we truly deserve a life of tranquility uniqueness harmony belonging and infinite unconditional love Michael Bohoskey

**Matters of the Heart** Fay Bound Alberti,2010-01-14 The heart is the most symbolic organ of the human body Across

cultures it is seen as the site of emotions as well as the origin of life This book traces the ways emotions have been understood between the 17th and 19th centuries as both physical entities and spiritual experiences

### **Enthusiasm**

Monique Scheer,2021-01-01 Enthusiasm seeks to contribute to a culturally and historically nuanced understanding of how emotions secure and ratify the truth of convictions More than just pure affective intensity enthusiasm is about something a certainty clarity or truth Neither as clearly negative as fanaticism nor as general as passion enthusiasm specifically entails belief For this reason the book takes its starting point in religion the social arena in which the concept was first debated and to which the term still gestures Empirically based in modern German Protestantism where religious emotion is intensely cultivated but also subject to vigorous scrutiny it combines historical and ethnographic methods to show how enthusiasm has been negotiated and honed as a practice in Protestant denominations ranging from liberal to charismatic The nexus of religion and emotion and how it relates to central concepts of modernity such as rationality knowledge interiority and sincerity are key to understanding why moderns are so ambivalent about enthusiasm Grounded in practice theory Enthusiasm assumes that emotions are not an affective state we have but mind body activations we do having learned to perform them in culturally specific ways When understood as an emotional practice enthusiasm has different styles inflected by historical traditions social milieus and knowledge even ideologies about emotions and how they work Enthusiasm also provides insight into how this feeling works in secular humanism as well as in politics and why it is so contested as a practice in any context

**Diabolical Voice** Justine L. Trombley,2023-05-15 In A Diabolical Voice Justine L Trombley traces the afterlife of the Mirror of Simple Souls which circulated anonymously for two centuries in four languages though not without controversy or condemnation Widely recognized as one of the most unusual and important mystical treatises of the late Middle Ages the Mirror was condemned in Paris in 1310 as a heretical work and its author Marguerite Porete was burned at the stake Trombley identifies alongside the work s increasing positive reception a parallel trend of opposition and condemnation

centered specifically around its Latin translation She s discovered fourteenth and fifteenth century theologians canon lawyers inquisitors and other churchmen who were entirely ignorant of the Mirror s author and its condemnation and saw in the work dangerous heresies that demanded refutation and condemnation of their own Using new evidence from the Mirror s largely overlooked Latin manuscript tradition A Diabolical Voice charts the range of negative reactions to the Mirror from confiscations and physical destruction to academic refutations and vicious denunciations of its supposedly fiendish doctrines This parallel story of opposition shows how heresy remained an integral part of the Mirror s history well beyond the events of 1310 revealing how seriously churchmen took Marguerite Porete s ideas on their own terms in contexts entirely removed from Marguerite s identity and her fate Emphasizing the complexity of the Mirror of Simple Souls and its reception Trombley makes clear that this influential book continues to yield new perspectives and understandings Kant's Theory of Mind Karl Ameriks,1982 This seminal contribution to Kant studies originally published in 1982 was the first to present a thorough survey and evaluation of Kant s theory of mind Ameriks focuses on Kant s discussion of the Paralogisms in the Critique of Pure Reason and examines how the themes raised there are treated in the rest of Kant s writings Ameriks demonstrates that Kant developed a theory of mind that is much more rationalistic and defensible than most interpreters have allowed

*Ritual Texts for the Afterlife* Fritz Graf,Sarah Johnston,Sarah Iles Johnston,2013-07-04 Fascinating texts written on small gold tablets that were deposited in graves provide a unique source of information about what some Greeks and Romans believed regarding the fate that awaited them after death and how they could influence it These texts dating from the late fifth century BCE to the second century CE have been part of the scholarly debate on ancient afterlife beliefs since the end of the nineteenth century Recent finds and analysis of the texts have reshaped our understanding of their purpose and of the perceived afterlife The tablets belonged to those who had been initiated into the mysteries of Dionysus Bacchius and relied heavily upon myths narrated in poems ascribed to the mythical singer Orpheus After providing the Greek text and a translation of all the available tablets the authors analyze their role in the mysteries of Dionysus and present an outline of the myths concerning the origins of humanity and of the sacred texts that the Greeks ascribed to Orpheus Related ancient texts are also appended in English translations Providing the first book length edition and discussion of these enigmatic texts in English and their first English translation this book is essential to the study of ancient Greek religion **On Life and Death** Marcus Tullius Cicero,2017 Cicero 106 43 BC was the greatest orator of the ancient world and a leading politician of the closing era of the Roman republic These three dialogues here are among the most accessible of Cicero s philosophical works

**Philosophy After Deleuze** Joe Hughes,2012-11-29 A clear and concise overview of and introduction to Deleuze s work in relation to philosophical inquiry The Writings of Emanuel Swedenborg; Do They Encourage Adultery, and Its Kindred Vices? Being the Substance of a Lecture in Answer to that Question Thomas ROBINSON (of Middleton.),1859 Find Your Soul's Purpose Janet Conner,2017-01-01 This is a book about identity calling and living a life infused with meaning and

purpose Janet Conner confronts the three big questions that every thoughtful person asks Who am I Why am I here What is my purpose Janet s premises are as follows each of us has a divine purpose and each of us contains a divine GPS to the soul an inner guide And she believes it is critical that each of us connect with that inner guide in order to embrace our individual spiritual gifts and discover our true purpose Finding your soul s divine purpose says Conner is not just one thing it is a whole package of things including gifts talents teachers symbols stories and even shadows wounds and woes Unwrapping that package is why we are here and is what enables us to live a life infused with meaning and joy In 7 chapters Conner leads the reader on a journey of self discovery he instructs readers to Feed your divine spark Listen to your soul s stories Honor your soul s birth choice Remember your soul s divine purpose Revisit reset and remember your past Serve your soul s divine purpose Live a life you love Conner s writing is inclusive wise generous and practical Filled with meditations anecdotes and exercises this is a book that will appeal to a wide range of spiritual seekers looking for purpose happiness and love
