Extraction is another tool within the shamanistic tradition that dissolves blocks from our bodies or the aura of electromagnetic energy that surrounds us. These blocks can affect us physically as well as mentally, emotionally or spiritually, and with a shaman's expertise they can be removed.

The journey of recovery and maintaining sobriety brings intense emotional ups and downs. In the darkest moments when all seems lost, inspiration can provide a lifeline of hope. The poems and songs contained in this collection offer connection, understanding, encouragement, and comfort to anyone seeking healing from addiction or committed to staying the course of sobriety. Having the title of each poem and song clearly listed under the corresponding step makes it easy to navigate. This clear organization should serve readers well in accessing the inspirational content on their 12-step journey. Spanning the milestones of the 12-Step process, these lyrical reflections capture the pivotal turning points along the road to redemption. Raw, honest words give voice to admitting powerlessness in Step 1, grasping for faith in Step 2, letting go in Step 3, and taking personal inventory in Step 4. Further poems unpack finding courage to confess faults to another in Step 5, declaring readiness to release character defects in Step 6, and appealing for their removal in Step 7. Additional works underscore the ongoing work of making amends in Steps 8 and 9, promptly admitting when one is wrong in Step 10, consciously seeking connection through prayer and meditation in Step 11, and carrying the message of hope to others in Step 12. Song lyrics set to music explore the 12-Step journey from darkness to liberation. Whether you are just embarking on a recovery program or years into maintaining sobriety, these inspirational words shine light on shared human experiences. May the creativity, understanding, and Triumph of the human spirit over addiction voiced here grant you solidarity and fortitude. When doubtful of your ability to persist, let these soaring lyrics lift your eyes to the horizon of healing. For you are never alone when walking the courageous road of recovery.

Operation Soul Recovery Sheryl J. Stevens, 2003-06

An alarming problem is raging out of control in our country and world. Statistics say that proportionately everyone knows at least one or more persons, if not themselves, who is stricken with an addiction or another form of mental illness. On one hand, we appear to be making an attempt to deal with the problems. On the other hand, the weakness of the methods, along with the lack of conviction, have left barely a scratch on the surface of what is fast becoming an epidemic. And producing in its wake is a multidimensional negative effect upon all of society. The inherited shame and denial that have accompanied these disorders for centuries still prevent us from dealing with them forthrightly. However, in the past, the number of victims did not present a significant threat to the safety and welfare of civilization. Nor then were the defining lines of right and wrong so clouded with controversy. Now we have neither situation to our benefit. Perhaps compromising values has tended to cause a blurring effect, making it much more difficult to lead them out of their disconnected conditions. If we cannot provide the afflicted with a substantial lifeline of recovery, then the existing situation is like the blind leading the blind. We consider every illness of the body with the greatest of care, yet what good is a healthy body if it must live with a tormented soul? Somehow we fail to see the connection between the

escalating violence that goes on in the world and the rising turmoil of mind and spirit disorders that exist largely unattended not to mention the millions who suffer unmercifully in silence It is an issue of urgency that needs to be clearly acknowledged on all fronts and raised from the bottom to the top of our priorities It is probable that a real turnabout must stem from those who have been struck by these devastating circumstances within their own circle of loved ones There is no greater passion against evil than that which is born from such intense personal pain and remains the most important element in revolutionizing this wanton dilemma Possibly the final cure will not be found in books and theories but in the depths of wounded hearts If we have the will to survive and find purpose in the tragedies they can change us rearrange our perspectives give us wisdom in ways otherwise unimaginable The place to start is a real awakening to the consequences of evil that have been brought upon society by these forgotten diseases Only then we are ready to fathom what must be done After nearly two decades of watching my youngest daughter evolve from a lovely young girl to a stranger battling multiple addictions moreover witnessing the ineffectiveness of the entire range of recovery systems within our reach the results were utterly heartbreaking However out of these adversities would come an amazing vision extraordinary in nature yet altogether possible It was a phenomenon which could indeed change the course of all that falls under the umbrella of mental illness Ultimately this vision was the inspiration for writing *Operation Soul Recovery*
