The Philosophy of Freedom Rudolf Steiner,2013-05-16 Are we free whether we know it or not Or is our sense of freedom merely an illusion Rudolf Steiner tackles this age old problem in a new way He shows that by taking account of our own activity of thinking we can know the reasons for our actions And if these reasons are taken from our world of ideals then our actions are free because we alone determine them But this freedom cannot be settled for us by philosophical argument It is not simply granted to us If we want to become free we have to strive through our own inner activity to overcome our unconscious urges and habits of thought In order to do this we must reach a point of view that
