Hero, Hawk, and Open Hand Richard F. Townsend, 2004-01-01 Along the Ohio Tennessee and Mississippi Rivers the archaeological remains of earthen pyramids plazas large communities and works of art and artifacts testify to Native American civilizations that thrived there between 3000 B C and A D 1500 This fascinating book presents exciting new information on the art and cultures of these ancient peoples and features hundreds of gorgeous photographs of important artworks artifacts and ritual objects excavated from Amerindian archaeological sites Drawing on excavation findings and extensive research the contributors to the book document a succession of distinct ancient populations in the pre Columbian world of the American Midwest and Southeast A team of interdisciplinary scholars examines the connections between archaeological remains of different regions and the themes forms and rituals that continue in specific tribes of today The book also includes the personal reflections of contemporary Native Americans who discuss their perspectives on the significance of the fascinating and beautiful prehistoric artifacts as well as their own cultural practices today

Masters of the Middle Waters Jacob F. Lee, 2019-03-11 A riveting account of the conquest of the vast American heartland that offers a vital reconsideration of the relationship between Native Americans and European colonists and the pivotal role of the mighty Mississippi America s waterways were once the superhighways of travel and communication Cutting a central line across the landscape with tributaries connecting the South to the Great Plains and the Great Lakes the Mississippi River meant wealth knowledge and power for those who could master it In this ambitious and elegantly written account of the conquest of the West Jacob Lee offers a new understanding of early America based on the long history of warfare and resistance in the Mississippi River valley Lee traces the Native kinship ties that determined which nations rose and fell in the period before the Illinois became dominant With a complex network of allies stretching from Lake

Superior to Arkansas the Illinois were at the height of their power in 1673 when the first French explorers fur trader Louis Jolliet and Jesuit priest Jacques Marquette made their way down the Mississippi Over the next century a succession of European empires claimed parts of the midcontinent but they all faced the challenge of navigating Native alliances and social structures that had existed for centuries When American settlers claimed the region in the early nineteenth century they overturned 150 years of interaction between Indians and Europeans Masters of the Middle Waters shows that the Mississippi and its tributaries were never simply a backdrop to unfolding events We cannot understand the trajectory of early America without taking into account the vast heartland and its waterways which advanced and thwarted the aspirations of Native nations European imperialists and American settlers alike

Religious Individualisation Martin Fuchs,Antje Linkenbach,Martin Mulsow,Bernd-Christian Otto,Rahul Bjørn Parson,Jörg Rüpke,2019-12-16 This volume brings together key findings of the long term research project Religious Individualisation in Historical Perspective Max Weber Centre for Advanced Cultural and Social Studies Erfurt University Combining a wide range of disciplinary approaches methods and theories the volume assembles over 50 contributions that explore and compare processes of religious individualisation in different religious environments and historical periods in particular in Asia the Mediterranean and Europe from antiquity to the recent past Contrary to standard theories of modernisation which tend to regard religious individualisation as a specifically modern or early modern as well as an essentially Western or Christian phenomenon the chapters reveal processes of religious individualisation in a large variety of non Western and pre modern scenarios Furthermore the volume challenges prevalent views that regard religions primarily as collective phenomena and provides nuanced perspectives on the appropriation of religious agency the pluralisation of religious options dynamics of de traditionalisation and privatisation the development of elaborated notions of the self the facilitation of religious deviance and on the notion of dividuality
