Half in Shadow Shanna Greene Benjamin, 2021-04-12 Nellie Y McKay 1930 2006 was a pivotal figure in contemporary American letters The author of several books McKay is best known for coediting the canon making Norton Anthology of African American Literature with Henry Louis Gates Jr which helped secure a place for the scholarly study of Black writing that had been ignored by white academia However there is more to McKay s life and legacy than her literary scholarship After her passing new details about McKay s life emerged surprising everyone who knew her Why did McKay choose to hide so many details of her past Shanna Greene Benjamin examines McKay s path through the professoriate to learn about the strategies sacrifices and successes of contemporary Black women in the American academy Benjamin shows that McKay s secrecy was a necessary tactic that a Black working class woman had to employ to succeed in the white dominated space of the American English department Using extensive archives and personal correspondence Benjamin brings together McKay s private life and public work to expand how we think about Black literary history and the place of Black women in American culture **The Sisterhood** Courtney Thorsson, 2023-11-07 Finalist 2025 Frances Fuller Victor Award in General Nonfiction Oregon Book Awards Honorable Mention 2024 William Sanders Scarborough Prize Modern Language Association One Sunday afternoon in February 1977 Toni Morrison Alice Walker Ntozake Shange and several other Black women writers met at June Jordan s Brooklyn apartment to eat gumbo drink champagne and talk about their work Calling themselves The

Sisterhood the group which also came to include Audre Lorde Paule Marshall Margo Jefferson and others would get together once a month over the next two years creating a vital space for Black women to discuss literature and liberation The Sisterhood tells the story of how this remarkable community transformed American writing and cultural institutions Drawing on original interviews with Sisterhood members as well as correspondence meeting minutes and readings of their works Courtney Thorsson explores the group s everyday collaboration and profound legacy The Sisterhood advocated for Black women writers at trade publishers and magazines such as Random House Ms and Essence and eventually in academic departments as well often in the face of sexist racist and homophobic backlash Thorsson traces the personal professional and political ties that brought the group together as well as the reasons for its dissolution She considers the popular and critical success of Sisterhood members in the 1980s the uneasy absorption of Black feminism into the academy and how younger writers built on the foundations the group laid Highlighting the organizing networking and community building that nurtured Black women s writing this book demonstrates that The Sisterhood offers an enduring model for Black feminist collaboration

that recovers and curates archival materials from these understudied though supremely gifted African American poets of the nineteenth and twentieth centuries and aims to bridge scholarly interest with the growing general audience who reads writes and circulates poetry within that tradition As Minor Notes clarifies the work of contemporary Black poets is perhaps best understood through the lens of a long standing tradition of the poet as witness as prophetic voice as communal bard and as scholar of the everyday and the miraculous The poets featured in Volume 1 are George Moses Horton Fenton Johnson Georgia Douglas Johnson Henrietta Cordelia Ray David Wadsworth Cannon Jr Anne Spencer and Angelina Weld Grimk
